

No Agreement by Experts on New Russian Weapon

Possibility of Chemical Or Germ Warfare Discussed

BY FRED S. HOFFMAN

WASHINGTON (AP) — The "new means of destruction" claimed by Soviet Premier Khrushchev could be a major advance in chemical or germ warfare, government experts said today.

Defense sources stressed they were speculating in the absence of any hard intelligence information about what Khrushchev meant in a talk to a Japanese group in the Kremlin Tuesday.

Developments considered in the realm of the possible included:

—The dread cobalt bomb, a nuclear device using a shell of cobalt instead of steel. Explosion of such a bomb would unleash huge amounts of lethal and long-lived radioactive fallout.

—A "death ray," possibly a highly concentrated, intense beam of light.

—The neutron bomb, another kind of death ray weapon whose

emissions would destroy all life in a target area but would do virtually no damage to structures.

Defense experts were not disposed to dispute the existence of a significant new Soviet weapon out of hand. They noted that Soviet boasting of this sort generally has had some basis although often inflated for propaganda effect.

May Be Aimed at Peking

At the same time they were not dismissing the possibility that this might be a play by Khrushchev to frighten his Communist Chinese foes — and that the Soviet leader might have taken liberties with the truth.

Officially, the Defense Department declined comment. This is usual in such instances.

Authoritative Pentagon sources said they had seen no indications in recent intelligence reports that the Russians might have come up with something

Miller Alleges Discrimination In Land Sale

Declares Johnson Had Restriction Put Into Deed

KEARNEY, Neb. (AP) — Rep. William E. Miller pushed on into the Midwest today after unloading a "bombshell" charge in Texas that President Johnson had practiced discrimination in a land sale.

After a Republican rally here this morning, the GOP vice president nominee scheduled stops at Lincoln, Neb.; Topeka, Kan.; and Des Moines on the second day of his five-day campaign swing.

The peppery New York congressman sailed into the President in Johnson's own backyard Tuesday.

Charges Hypocrisy

He accused Johnson of inserting an anti-Negro covenant in the deed for property he sold in 1945 to a former mayor of Austin and said this exposed Johnson's current stand for equal rights as hypocrisy.

The Miller charge, delivered in dramatic fashion before a cheering crowd of about 4,200 at the Texas Republican State Convention, was billed by his aides as a bombshell.

"I have in my hand," Miller began, as he brandished certified copies of deeds that he said verified his accusations. Extra copies were distributed to reporters.

Clause Inserted

Miller said that Johnson and his wife acquired in 1938 a tract of land in Austin and that the deed contained no restrictive covenant.

Yet, he continued, when the Johnsons sold seven lots in 1945 to Austin's late mayor, Tom Miller, also a Democrat, an anti-Negro clause was written into the deed that conveyed the property.

He quoted this section from the 1945 deed:

"No part of the above described premises shall ever be conveyed or in any way transferred, demised, leased or rented to any person or persons of African descent; provided that this clause shall not prevent the employment of such persons as domestic servants and providing customary accommodations for them."

Miller declared, "I want to show the hypocrisy of Lyndon Johnson on this issue."

6 Known Dead In Bus Disaster

FORT PIERCE, Fla. (AP) — Six and possibly more farm laborers drowned today when a bus carrying them to work plunged into an 18-foot deep canal southwest of here.

Six bodies were recovered. A deputy at the scene said there may be more, that nobody got out.

Divers continued a search. The canal, a 75-foot wide artery in the central and south Florida flood control district, is maintained at the 18-foot depth. It is known here as the "Rim Ditch."

The driver of the bus was believed to be Foley Pinkney of Fort Pierce. It was bound for O. L. Peacock Ranch where the men are employed.

The reason for the wreck, in a remote area, was not learned immediately.

Railroad Shop Unions Threaten to Walk Out

No Formal Notice to Carriers

WASHINGTON (AP) — New strike talk threatened today to break the nation's uneasy railroad labor peace that followed last April's extraordinary White House settlement.

A different set of unions are involved this time, but the basic issue is the same — demands for job protection in an industry with drastically declining employment.

The 150,000 members of six AFL-CIO railroad shop unions reportedly are ready to walk out Monday, although a management spokesman said no formal strike notices had been served.

"Unless there's some agreement, they don't expect to be at work Monday," said Edward J. Carlowh, spokesman for one of the unions.

Inadequate Notice

"We should be given 72 hours notice," commented chief railroad negotiator J. E. Wolfe in Boston. "I have not been told that they have set a strike date."

Other railroad sources said there was no question that a strike by shopmen who maintain railroad equipment would halt most of the nation's trains, precipitating a national emergency like the one that caused President Johnson to step in last spring.

Carlowh, organization director of the Sheet Metal Workers' International Association, said all six shop unions had "agreed to take a united stand."

No Progress at Talks

There has been no report of progress in negotiations since a presidential emergency board last month recommended certain protection for shop men who lose their jobs or are moved to lower paying jobs due to technological changes.

Sweeping changes in equipment

House Scheduled to Act on Ice Age Bill

Committee Approves by One Vote in Van Pelt's Absence

WASHINGTON (AP) — The proposal to create an Ice Age National Scientific Reserve in Wisconsin got a new lease on life Tuesday.

Seemingly sidetracked early this year by the objections of Rep. William K. Van Pelt R-Wis., the bill now is scheduled to come up for House action next Tuesday, with only a majority vote needed for passage. If passed there it still must be approved by the Senate.

The bill would provide federal grants in aid to Wisconsin in the purchase of land. The cost of the land acquisition is estimated at \$1,550,000, with the federal government contributing \$800,000.

Bill Sent to House

Democratic Reps. Lester R. Johnson and Henry S. Reuss are sponsors of the bill which is designed to preserve moraines and other remnants of the ice age in various areas of the state.

The House Rules Committee, by a narrow 8-7 margin Tuesday, agreed to send the bill to the House for action. At a brief hearing before the committee, Rep. Thomas G. Morris, D-N.M., chairman of a House Interior subcommittee which considered the bill, and Rep. John P. Saylor, R-Pa., senior Republican on the full committee, testified in support of the bill, along with the sponsors.

Johnson and Reuss introduced

legislation for the national park nearly six years ago. But Republican Congressman Van Pelt of Wisconsin's 6th district, objected to the measure early this year when it came before the House on the consent calendar. Under this procedure passage of bills requires unanimous approval.

Van Pelt contended the project would do harm in his district by taking more property off the tax rolls for addition to the northern unit of the Kettle Moraine State Forests. He addressed the Rules Committee in closed session.

In a test vote last month, the House favored the measure 164 to 153 but this fell short of the two-thirds vote required to suspend the rules for passage. Consequently, the bill went to the Rules Committee where it seemed likely to die for the 1964 congressional session.

Soviet Veto Seen on Malaysian Problem

UNITED NATIONS (AP) — The Soviet Union is expected to veto a Security Council resolution demanding an end to the Indonesian-Malaysian fighting, Norway introduced the resolution Tuesday.

Informed sources said the Russians would veto it because Indonesia opposes it.

Deputy Foreign Minister Sudjarwo Tjondronegoro told the council Indonesia doesn't recognize Malaysia and therefore can't respect Malaysia's territorial integrity and political independence.

Liberal Democrats Continue Battle on Districting Issue

WASHINGTON (AP) — Liberal Democrats in the Senate said today they would continue talking against a move to delay court-ordered reapportionment of state legislatures until they are able to sidetrack the proposal.

They said they still hoped the proposal sponsored by Republican Leader Everett M. Dirksen could be replaced by a milder substitute despite failure to do so in a tight 42-40 vote Tuesday.

"As long as we stay here and talk," said Sen. William Proxmire, D-Wis., "we are going to win. And we are prepared to stay here and talk."

The continuing stalemate threatens to delay congressional adjournment indefinitely — possibly even until just before the Nov. 3 election at which all House and 35 Senate seats will be at stake.

Rep. William E. Miller, Republican nominee for vice president, holds what he says is a deed to property sold by President Lyndon Johnson in 1945 containing a clause prohibiting forever transfer of the land to persons of 'African descent.' Miller told delegates to the Texas Republican Convention at Austin that the president is guilty of 'hypocrisy at its worst.' (AP Wirephoto)

Sen. Thurmond Expected to Bolt Democrats

South Carolinian To Make Statement On TV Tonight

COLUMBIA, S.C. (AP) — Sen. Strom Thurmond of South Carolina will bolt the Democratic party tonight and become a Republican supporting Sen. Barry Goldwater for president, according to several sources.

Thurmond, who carried South Carolina, Louisiana, Alabama and Mississippi in the 1948 presidential elections as the States Rights party candidate, is expected to announce his decision in a television speech from Columbia at 6:15 p.m. EST.

Advertisements in several newspapers in South Carolina and North Carolina today said Thurmond's appearance on a two-state television hookup "will be of vital concern to every thinking citizen."

"Strom Thurmond voices his convictions," the ads said. "Watch history being made!"

16 German Miners Saved After 12 Hours

BOTTROP, Germany (AP) —

The ceiling of a coal mine gallery collapsed 2,000 feet below ground early today, trapping 16 miners for nearly 12 hours. The miners were brought to the surface in the early afternoon. None of them was injured.

UAW Sets Deadline In Talks With Ford

New Talk About Strike by Groups at Chrysler Plants

DETROIT (AP) — The United Auto Workers Union today set a strike deadline of 10 a.m. EST, Friday at the Ford Motor Co. in new contract bargaining.

Walter P. Reuther, UAW president, announced the deadline just before entering the bargaining room.

"We are prepared to join with the company in good faith to resolve the questions that are still unsettled," Reuther said.

Although Ford has offered the union virtually the same economic package the UAW accepted from Chrysler last week, Reuther said there were still matters as wage inequities, relief time for assembly line workers, and production standards.

New Strike Threat

Reuther said he had hoped to avoid the necessity of setting a strike deadline but now that one was necessary he was prepared to spend as many hours as needed at the bargaining table to reach an agreement.

The UAW placed Chrysler under a new strike threat Tuesday, although Reuther announced only a week ago today that "an historic labor agree-

ment worth 54 cents an hour" had been wrapped up there.

Although he failed to mention it at the time, the national economic agreement Reuther announced covered only hourly rated production and maintenance employees at Chrysler. Agreement since has been worked out regarding parts depot workers.

Douglas Fraser, UAW Chrysler department chief, served

Accident Toll Increased by 3

BY THE ASSOCIATED PRESS

A Racine man was killed as he crossed the street Tuesday night and two other persons died of injuries suffered in separate pedestrian accidents. The deaths raised Wisconsin's 1964 traffic toll to 764 compared with 604 on this date one year ago.

George Nielsen, 66, Racine, killed Tuesday when he was struck by a truck as he walked across the street in front of his home.

Michael Krawczuk, 72, of Greenfield, died Tuesday at Milwaukee County General Hospital of injuries suffered Aug. 7 when he was hit by a car in the suburban community.

Gary Kahrs, 3, of rural Wisconsin Rapids died Tuesday in St. Joseph's Hospital, Marshfield, of injuries suffered Sept. 4 when he was struck by a truck while playing on a bridge near his home.

Cardinal Beia in effect told the council that excessive devotion was a barrier to Christian unity efforts.

A press spokesman of the council, who briefed newsmen on the closed proceedings, quoted Cardinal Beia as saying such excesses "cause serious difficulties, yes, very serious difficulties for our separate brethren."

Monorail Put Into Service by Japanese

TOKYO (AP) — An 8.2-mile monorail between Tokyo's International Airport and the city was inaugurated today. The double-track system is expected to carry 30,000 persons daily and make the trip in 15 minutes.

First Venture Abroad

Johnson Sets Precedent in Flight To Vancouver on Pearson's Plane

BY FRANK CORMIER

WASHINGTON (AP) — President Johnson, embarking on his first major trip of the campaign season, racks up a couple of firsts today — by touching foreign soil and by traveling in a foreign plane.

Johnson, who will be gone from Washington two days on a Western foray labeled nonpolitical by the White House, flies first to Great Falls, Mont., to be picked up by Prime Minister Lester B. Pearson of Canada.

Fly to Vancouver

The two men were to fly to Vancouver, British Columbia, aboard the prime minister's American-made Jetstar trans-

port — twin to the Air Force craft frequently used by the President in his American travels.

Veterans around the White House could remember no previous occasion on which an American president agreed to

travel aboard an airplane of a foreign government.

Johnson's trip to Vancouver marks his first venture outside the United States. Some time ago, the President said he would confine his travels to the continental United States because there is no vice president.

Recently — before the Vancouver journey was announced, Johnson said privately he might cross the border.

Johnson's meeting with Pearson was arranged ostensibly to jointly commemorate implementation of an American-Canadian treaty aimed at orderly development of the Columbia River Basin. It also provides some campaign-season exposure in a nonpolitical light.

The chief executive's trip Tuesday to politically doubtful Florida was his second in five days.

Republican National Chairman Dean Burch lost no time in

labeling the "nonpolitical" journey "an improper use of taxpayers' money." He said Johnson's speech to the Machinists Union convention was "purely political and sought to gain votes" for the President.

At Miami Beach, the machinists gave Johnson a big greeting and he plugged for a stronger Social Security program which would include medical care for the elderly.

Then the President flew 200 miles north and stopped off en route back to Washington at Cape Kennedy. He inspected some of the space facility and plugged for the administration's space program.

Must Lead in Space

"We cannot be second in space and first in the world," he declared.

Coincidentally, Republican rival Barry Goldwater spent much of Tuesday in other sections of Florida.

Governor's Post Downgraded as Springboard to the Presidency

BY G. MILTON KELLY

WASHINGTON (AP) — It used to be that the best springboard to the White House was the governor's mansion. But apparently no more.

Now it looks as if the route to the presidency goes through Congress, especially in the Senate.

Almost to a man the politicians here see significance in the fact that the 50 states failed again this year to produce a governor capable of more than a futile try for the presidential or vice-presidential nominations of either major party, and some who were viewed as likely

candidates refused to run at all. Many politicians believe that "big government" centralized in Washington hogs the political limelight to an extent that governors have little or no chance any more to make a winning splash in national political waters.

Roosevelt Win
Not since Democrat Franklin D. Roosevelt in 1932 has anyone emerged directly from a governorship — New York's — to win the presidency.

Not since 1952, when the then-Gov. Adlai E. Stevenson of Illinois did it, has anyone stepped directly from a gover-

nor's mansion to capture either the Republican or Democratic presidential nomination. Stevenson was defeated that year as the Democratic standard-bearer and again in 1956.

And not since Republican Calvin Coolidge in 1920 has a governor won the vice presidency. He was governor of Massachusetts, and advanced to the presidency.

This year, of course, it's

President Johnson, a former Senate majority leader, heading the Democratic ticket with Sen. Hubert H. Humphrey of Minnesota his running mate, while Sen. Barry Goldwater of Arizona carries the Republican standard with Rep. William E. Miller of New York as his vice-presidential teammate.

Four years ago Sen. John F. Kennedy, D-Mass., won the presidency, and Johnson, then a senator from Texas, took the vice presidency, over the challenge of Republican Richard M. Nixon and Henry Cabot Lodge, both former senators.

Nixon was senator from California when he won the vice presidency in 1952 as running mate of Gen. Dwight D. Eisen-

hower, and they were reelected in 1956.

Harry S. Truman was a senator when he was elected vice president in 1944.

Key Figures
Several key Senate figures spoke about the current situation in separate interviews.

Sen. Mike Mansfield, D-Mont., thought there were many factors in Congress members' success and governors' lack of it in seeking top spots on the two parties' tickets.

Mansfield said one element is the fact that governors find themselves so tied up in vital and complex state affairs that they just lack time and opportunity to make a name for

themselves on national issues as men of presidential timber.

Mansfield suggested the matter might even get some informal discussion among state executives at their 1965 National Governors Conference.

Minority Leader
Sen. Everett M. Dirksen, R-Ill., the minority leader, blamed what he called "downgrading of the states" under Democratic national administrations for the governors' showing.

"Ever since Franklin D. Roosevelt," Dirksen said, "there has been an increasing concentration of power in Washington and a downgrading of the states, both in philosophy and practice."

Not all politicians cared to be

quoted by name, lest they offend friends.

They discussed, however, whether the modern crop of governors simply lacks what it takes to win the nomination, or blundered, or lost support for other reasons.

A number of them figured that the divorce and remarriage of Gov. Nelson A. Rockefeller of New York hurt his chances, and that Gov. William W. Scranton of Pennsylvania was too late a starter to have a real chance.

Senatorial Career
Those who view a senatorial career as an admirable springboard for the presidency point-

ing to Robert F. Kennedy, brother of the late president, in arguing their case.

Few believe that Robert Kennedy doesn't plan some later run for the White House. Mostly they figure that is why he defied critics' cries of "careerbagger!" to plunge into the race for the New York Senate seat now held by Republican Kenneth B. Keating.

Kennedy was a registered Massachusetts voter and a Virginia resident when he entered the New York senatorial race — facts which sparked some hot comment from Keating.

Experiment in Houston Housing Is Succeeding

Effort Maintaining Property Values While Neighborhood Being Integrated

BY ED STAATS
HOUSTON, Tex. (AP) — Two years ago Negro families began edging into the all-white South MacGregor area in search of nicer homes in a better neighborhood. They were attracted by the comfortable houses, spacious lawns, tall pines and moss-decked oaks, all a few blocks from downtown Houston.

Vatican Willing To Deal With Communists

Agreement Signed With Hungary To Lessen Opposition

BY GERALD MILLER
VATICAN CITY (AP) — Vatican officials look forward to further accords between the Roman Catholic Church and Communist governments.

The historic agreement announced Tuesday between the Vatican and Hungary was seen by sources here as a virtual breakthrough in relations between the Church and Iron Curtain regimes.

Vatican authorities stressed that the agreement meant no lessening of Church opposition to communism as a philosophy. It was unmistakable evidence, however, of the Church's willingness to deal with Communist leaders to better the conditions of Catholics living in Red-ruled lands.

With the accord, both the Church and Communist world clearly arrived at a major turning point. Seldom in the past has the Catholic Church — the world's largest Christian body — and representatives of the atheistic Communist system shown such an apparent inclination to get along despite their diametrically opposed philosophies.

Pope John XXIII set the keynote for this change with his encyclical "Pacem in Terris" — Peace on Earth.

In a statement widely regarded as almost revolutionary, Pope John said that in certain cases Catholics could work with Communists for the good of the world. He said that systems changed even though their philosophies might remain the same.

Peace Move

The Communist world hailed Pope John's stand as a profound move toward peace.

This policy was carried forward under Pope Paul VI in the form of unpublished contacts between the Vatican and various Communist governments on questions of importance to the Church.

The agreement with Hungary enabled the Pope to appoint five bishops and confirm a sixth for sees in Hungary long vacant because of the Budapest government's insistence on approving church appointments.

The Vatican had left the sees vacant rather than accept such terms. Apparently it finally gave way. Joseph Prantner, president of the Hungarian State Church Office, said the agreement includes the Vatican's right to appoint prelates subject to the Hungarian government's consent.

Vatican sources said they understood the agreement also granted the Hungarian church freedom to communicate with the Vatican, to train priests and members of religious orders and to provide religious instruction. Prantner said priests still would be required to take an oath of allegiance to the Hungarian regime.

It was foreseen that a next step probably would be the transfer of Joseph Cardinal Mindszenty from his self-chosen exile in the U.S. Legation in Budapest to freedom in Rome. He is the highest ranking

Resident attempted to keep the neighborhood all-white. But as fast as the Negroes moved in, whites sold their houses, often at a great loss, and started moving out.

Then a small but determined group of white residents who love their homes, the winding streets and the convenience to the heart of Houston decided they weren't going to leave.

A movement known as the South MacGregor Promotion Committee was formed last spring to halt the exodus of property owners.

Now, after a summer-long "working experiment in democracy," as some call it, one of every four homes in the neighborhood has a 16x24-inch sign in the front yard. It states proudly in big red letters: "This is our home. It is not for sale."

During the past year values of the homes, by Federal Housing Administration appraisal, have increased an average of \$1,500 to \$2,000.

Negro Homes

About 175 of the 1,000 families in the area of 15 to 25-year-old homes are Negro, says George Martin, 44, an oil company research chemist. He is one of the originators of the promotion committee.

Julia Carman, 39, one of the first to show interest in the problem facing the community, said the committee's purpose was "to save our homes and to maintain our neighborhood as a good place to live, in the spirit of goodwill, and to make every effort to allay suspicions and mutual distrust."

Mrs. Carman, a mother of two, and other homeowners unfrightened by the prospect of Negroes living next door started talking together last April.

The committee was formed and later was joined by three civic clubs whose chief purpose is to enforce deed restrictions in the absence of zoning laws.

First Job

"Our first job was to sell the proposition to whites," Mrs. Carman recalled.

"One of the important beliefs of white residents of an area undergoing integration is that property values will decline disastrously with the onset of integration," she said.

"Therefore in order to save one's financial shirt it is thought necessary to sell out fast and cheap before property values decline yet further."

She said, however, "If residents accept newcomers without hysteria, the value of their property will remain stable or may increase."

That's what is happening now, she said.

Inform Realtors

She said the signs let real estate men know the owners don't want to sell and demonstrate to uncertain residents they won't be the last white family in an all-Negro community.

Despite the committee's efforts, about 60 to 70 for sale signs remain in the neighborhood, but property values are holding up. About 20 homes have been sold or leased to whites during the summer.

Catholic prelate still blocked from his duties by a Communist government. Other prelates whom the Vatican considers "impeded" include Archbishop Josef Beran in Czechoslovakia.

There is no talk at the Vatican of establishing diplomatic relations between the Holy See and Communist regimes.

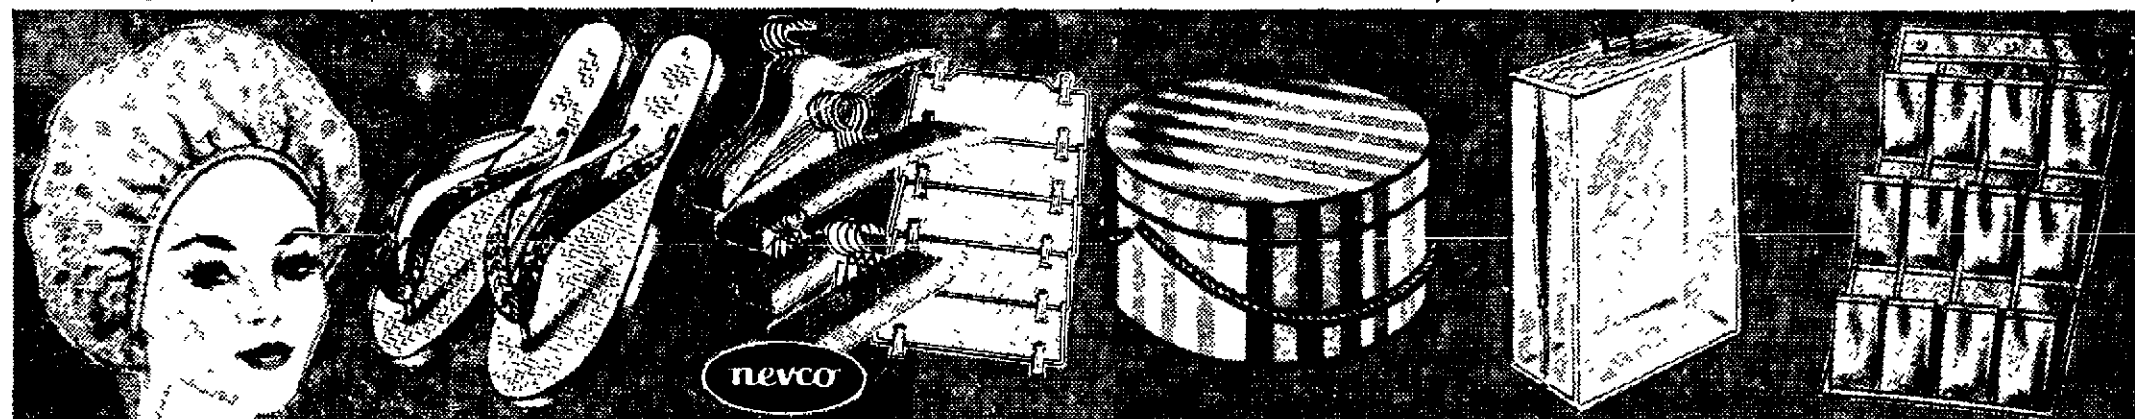

But it is generally accepted that other changes lie ahead, including the end of travel restrictions for priests behind the Iron Curtain, permission to fill vacant sees in Czechoslovakia, more religious tolerance in Poland and lessening of interference by Communist governments in church affairs.

WOOLWORTH'S BACK-TO-COLLEGE FURNISHINGS

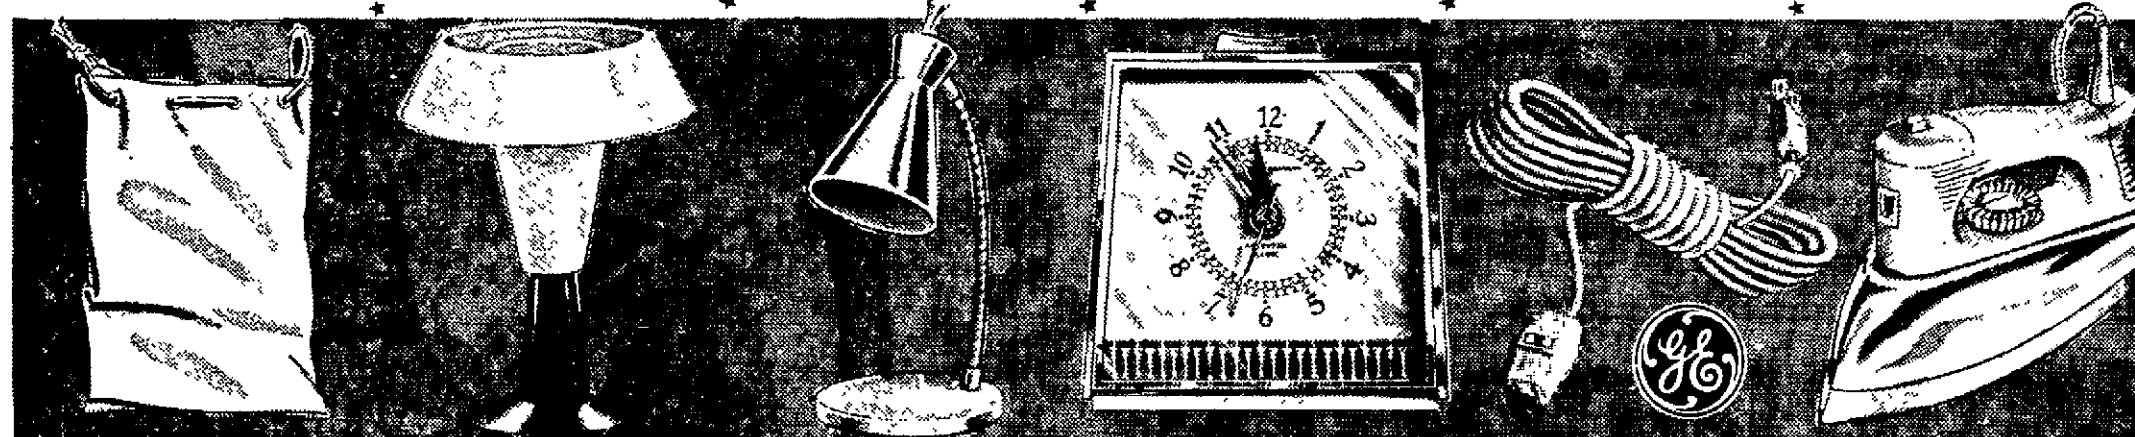

ALL SELECTED FOR TOP QUALITY! ALL SPECIALLY LOW-PRICED FOR SAVINGS!

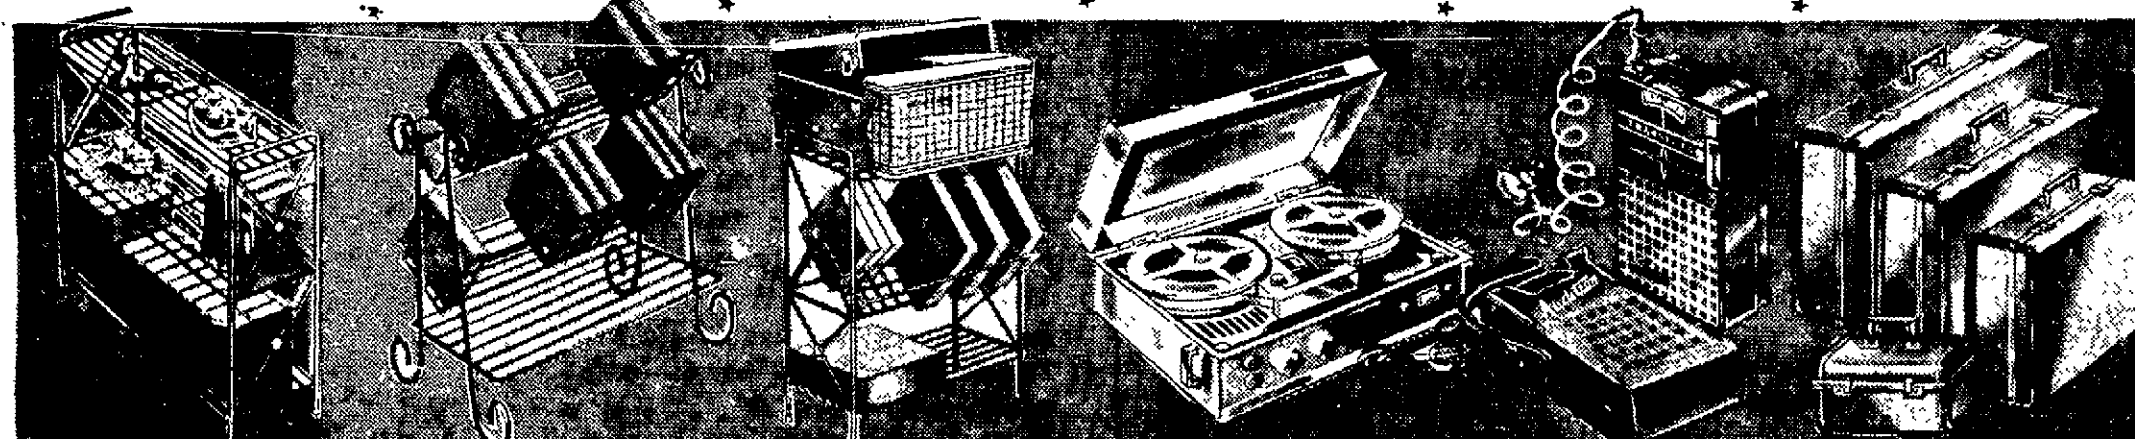

- 8'6"x11'6" foam-backed tweed rug **15⁹⁹**
Cut-pile viscose rayon, thick foam rubber back. Brown, black, tan.
- Plump, foam-filled bed pillow **1²⁹ or 2⁴⁹ pr.**
Extra thick 18 x 25" foam-filled pillow. Cotton print. Throw pillows in decorator colors... 1.59 ea. or 2 for \$3.
- Smart, fringed border chenilles **2⁹⁸**
Washable, long-wearing viscose chenille on cotton back. Full and twin size. White, pink, gold or blue.
- 72"x 108" cotton muslin sheets **1⁹⁸**
Our own quality-famed silky-smooth "Happy Home" percales. Firmly woven, long-wearing. 42x38" percale cases 55¢ ea.
- Colorful metal waste baskets **1⁰⁰**
Colorful antique designs on black, white, or red. Gay, decorative, smart, functional! 8 1/2 x 11 1/2 x 11. For dorm or den.

Youngsters on Appleton's northwest side have been asked not to play ball on a large, grassy field which will be used by the Appleton High School football team as a practice field. The sign delivers the "message" (Post-Crescent Photo)

Big Field Is Off-Bounds To Appleton Children

BY WILLIAM C. CAREY
Post-Crescent Staff Writer

On guard, young little friends.

"Bureaucracy" is starting to infringe on the freedom of Appleton's "small fry."

Yep, there are signs some folks apparently would want to legislate the fun out of being a kid.

One of those signs happens to be the beauty — in tri-color at that — way out on W. Glendale Avenue.

It was erected on a large field, extending from Elinor to Nicholas streets, earlier in the summer after the board of education reworked and seeded the turf.

School Board?

A look at the sign does not disclose its author and during the process of elimination — the park and recreation departments insisted they had nothing to do with it and point the finger at the school board.

The message is a "soft sell," telling youngsters they can't play on the spacious blanket of green, located about a block from the new Northwest Kiwanis park.

(The park has been off-bounds to the younger generation, too, this past summer to permit the grass to take a firmer hold before playground equipment is installed next spring.)

In bright red and black lettering on a flashy yellow background, the sign on the school board-owned field reads:

"Please kids
Do not play ball
in this area.
Thanks"

However, fall and footballs have been in the air out there in recent days with the younger set enjoying every minute of the outdoors.

It's possible the boys and girls may not fully comprehend the significance of the request that they not play on that nice, big, green field. . . especially when they see those two big goal posts at each end.

Well, the explanation is a simple one, to wit: Kids should stay off because it is a new football practice field for Appleton High School.

Now that makes sense. . . or does it?

Many Volunteer As Workers for Sen. Goldwater

WASHINGTON (AP) — F.

Clifton White, national director of Citizens for Goldwater-Miller, said Tuesday his organization has been swamped with volunteers, many of them Democrats.

"People are calling us at night, Sundays, Saturday afternoons and on holidays," he said. "We know they are out there, and we think they are going to make the citizens group more

important than ever before in politics."

About one-quarter of the letters volunteering help, that have been received at national headquarters, are from Democrats, he said.

White told a news conference his organization can serve as a vehicle for Democrats who want to vote for Sen. Barry Goldwater but who do not want to switch parties; for independents, and for persons who ordinarily do not vote in national elections.

AHS East, West Libraries Are Given Names

One After Poet,
The Other After
Former Librarian

Libraries in Appleton West and Appleton East High Schools will be named for former AHS librarian Ruth Mielke and poet Robert Frost respectively, the Board of Education has decided.

Board member Kenneth Sager proposed naming the libraries Aug. 24 after his motion to name the two schools for Samuel Appleton and Robert Frost had been defeated. The motion on the libraries was then tabled for further consideration, and called up for a vote Monday.

Board member John Schneider voted against the motion, saying he was fearful this could lead to naming every room in various schools.

Voting for the motion were Sager, Mrs. Walter Heil and Charles Buchanan. Mrs. George Munro, president, did not vote. Victor Sumnicht and Roy Whitney were absent.

Sager said naming of libraries follows a traditional pattern set by higher education of naming important units. He said he would "rely on the rationality of the board" not to let naming of portions of buildings go too far.

Miss Mielke, who now lives in Shawano, was librarian at Appleton High School for more than 35 years, retiring in 1955.

She was a pioneer secondary school librarian in Wisconsin, Sager said. She started one of the first high school libraries in Shawano in 1918, he said, although state law did not require them until 1921.

fashion week at prange's

Presenting
Marty G

... you're most cordially invited to view the Marty G . . . collection of exquisite fashions for discerning women. Shown here are just two of the exciting winter and holiday collection. at left: An off-the-collar and closing marks this two-piece diagonal wool suit as especially smart, new fall fashion. Black only, sizes 10-20, 49.98. At right is a stunning three-piece costume in a superbly knit novelty wool with its own contrasting blouse. Available in grey or blue, sizes 10-20, \$75. Come view all the newest-for-fall fashions by Marty G . . . they're another exclusive at Prange's! Millinery delights are profile cap & the forward look; both from our 2nd floor millinery fashions.

PSC Orders Appleton to Furnish Water to Church

State Agency Says City Utility Has Obligation to Provide Service To Facility Outside Boundaries

MADISON — The Wisconsin Public Service Commission (PSC) today ordered the City of Appleton to supply water to a church in the Town of Menasha. It was a precedent-setting decision against the city which has had a policy of denying requests for water service outside the corporate limits.

The PSC found Appleton had an obligation to supply water to Our Redeemer Evangelical Lutheran Church which is constructing a church and school on Midway Road outside the city.

After city council turned down the congregation's request, the church took its case to the PSC and a public hearing was held May 11.

City Appeal

The City of Appleton did not formally present its case to the hearing examiner at the time because City Atty. Frederick Froehlich, was busy on another city matter.

There was indication today city officials plan to fight the PSC decision by taking the matter to Circuit Court if an appeal to the commission is unsuccessful.

In Appleton, Mayor Clarence Mitchell said the city "should make a thorough investigation to determine just how far-reaching this decision will be and what effect it will have on the City of Appleton."

Legal Action

Mitchell said if it was found Appleton would be adversely affected, it should challenge the ruling and take legal action if necessary.

City Planner Walter Rasmussen said the ruling presented a danger of Appleton being required to provide water to other locations outside the city limits where local governmental units cannot supply it.

Town of Menasha, for example, has wells, and previously told the church it could not provide the water.

Survey Was Conducted

State Denies Calumet Request to Cut Speed Limit West of Darboy

CHILTON—A request by Calumet County for a decrease in the speed limit on County Trunk KK in Darboy was denied by the state, the county board was told Tuesday.

The original request had been made at the August session asking that the speed limit be lowered to 25 miles an hour from 35 mph for a distance of 1,050 feet west of Darboy.

In a letter to Supv. Wilmer Struening, Town of Brillion, the State Highway Commission, said it had conducted a survey of card speeds on the highway Aug. 24 and, as a result of the survey, decided a decrease was not warranted.

The letter said the lack of residential and business population in the questioned area was one of the major reasons for the denial.

Widen Road

Construction and widening of the road is planned in early spring. The letter said with the improvements, no decrease would be needed.

Supv. Struening said the road improvements would remove the blind spots in the section of road but the danger of small children crossing or walking the road would remain.

He said the county can do nothing because the state has jurisdiction on lowering the speed limits to speeds lower than 35 miles an hour.

The public grounds committee will investigate the need for more room at the sheriff's office.

Action was approved by the county board at the request of Supv. Herman Greves; Hilbert. Supv. Greves said room for interrogation is not available.

Kimberly Man Files Writ of Prejudice

Leonard H. Goffard, 69, 139 S. Birch St., Kimberly, is free on bond of \$200 awaiting arraignment in Outagamie County Court Branch 2 on two charges of disorderly conduct.

A writ of prejudice against County Judge Gustave Keller was filed and a judge will be selected to hear a plea Sept. 22 on both counts.

Governor to View Outagamie Port

Will Make First Landing at New Facility During State Tour

Gov. John Reynolds will fly to Appleton Tuesday, making the first official landing at the new Outagamie County Airport.

County officials were notified by the Wisconsin Aeronautics Commission today that the governor intends to inspect eight ports in the state where applications for state and federal grants are pending.

Outagamie County's new jet-airport is in the process of being constructed in the Town of Greenville. One runway already is paved.

T. J. Jordan, State Aeronautics director, informed county officials Reynolds will arrive at the port at 3:35 p.m. and spend a half hour being briefed on the new facility.

Asks Information

The governor has requested county officials to supply him with information and data to back up their applications for state-federal funds for the multi-million dollar project.

Accompanying Reynolds will be the members of the commission and two staff members.

A delegation of county officials, headed by County Board Chairman Alvin Fulmer, will greet the governor.

Outagamie County's application for aid will come up for final action by the Aeronautics Commission the week following Reynolds' inspection trip.

Other airports on the governor's list include those at Oshkosh, Manitowoc, Sheboygan, Milwaukee, Kenosha, Janesville and Madison.

Man Gets Jail Term for Having Hidden Weapon

Julius Cumber, 32, 1438 E. Pauline St., was sentenced Tuesday to six months in the Outagamie County jail after he pleaded guilty of carrying a concealed weapon.

Cumber was arrested by Little Chute police Monday after a "Little Chute woman" claimed Cumber threatened her with a small pistol at her home. The weapon was loaded but did not have a firing pin.

Vandals Put Raw Eggs In Crankcase of Racing Engine Worth \$1,300

Eugene Van Handel, 229½ S. Sidney St., Kimberly, told Appleton police his car racing engine which he said was valued at \$1,300 was damaged by persons who put raw eggs in the crankcase.

Van Handel said the damage may have been done while his car was parked on an Appleton street over the weekend. He discovered egg shells, he said, when he took the engine apart after a rod had been thrown Tuesday. The engine was installed in a regular stock car which Van Handel used for transportation.

Guidance Counselors To Talk on Readyng Students for Industry

Three Appleton school guidance counselors will speak to the Fox River Valley Personnel Directors Association Thursday on what high schools are doing to prepare students for industry.

Speaking at 7 p.m. Thursday in the Appleton Elks Club will be Robert Dettloff, Xavier High School boys' guidance counselor; Charles Cook, dean of boys, and Donald Taylor, guidance counselor, both on the Appleton High School staff.

The New South Wing, part of St. Elizabeth Hospital's \$7 million building program, is starting to rise in front of what had been the main entrance. The first floor of this wing will house administrative offices, the admitting office and the gift shop. The upper four floors will contain rooms for patients. This wing and the new south wing are expected to be ready for occupancy in a year, while the complete building program started June 3, is expected to take almost three years. (Post-Crescent Photo)

Kaukauna Okays \$70,000 School Land Site Purchase

City Will Buy More Than 30 Acres For New Elementary Construction

KAUKAUNA — The city council Tuesday night authorized the finance committee to purchase over 30 acres of land for an elementary school site at a cost of approximately \$70,000.

The finance committee will purchase 12 acres of land from Michael Klein at a cost of \$2,500 per acre and 20 to 25 acres of land from Henry Welhouse at a cost of \$2,000. Ald. Gilbert Anderson, (4th) finance committee chairman, said Welhouse would accept \$20,000 down with the balance at 4 per cent interest. Negotiations with Klein on payment has yet to be settled.

In conjunction with this, the board of education was granted permission to begin interviewing architects for preparing school plans. The board of education had requested permission to engage an architect to work with school officials on early planning. It is hoped the school will be ready for occupancy by the fall of 1966.

Aldermen Disagree

Ald. Gilbert Anderson, (4th) requested a separate vote on a board of public works report which authorized the hiring of five men for the street department. Anderson said three men were sufficient, because work is slack during winter months, and he said additional men could be added in spring. His motion for a separate vote lost and the men were hired.

Ald. Russell Dix, (4th), asked for a separate vote on the purchasing committee report which authorized purchase of a Dyna-hoe backhoe at a cost of \$12,500, claiming the machine did not meet specification. Engineer Robert Natrop disagreed, and Dix was unable to get a second to his motion. The backhoe was purchased although Dix continued to object stating it was not legal to purchase equipment which did not meet specifications.

The finance committee was authorized to meet with directors of the Chamber of Commerce to discuss a comprehensive plan for the city. Chamber directors said the state and federal government would assist in financing the plan and such a plan could aid the city in its efforts to have a four-year University of Wisconsin in the area.

Council members approved a \$300 appropriation to the Northeastern District Educational Committee to assist in covering expenses of the group in investigating and promoting a 4-year college for the area.

Approval was given to a \$5,000 appropriation for the Grignon Turn to Page 10, Col. 6

Appleton Woman Hurt In Auto Accident on U. S. 10 Early Today

Mrs. Elsie H. Fields, 55, 904 S. Casaloma Drive, was admitted to Appleton Memorial Hospital for treatment of back injuries after her car was struck from behind on U.S. 10 near the Outagamie County Hospital about 8 a.m. today.

Mrs. Fields was stopped on the road waiting to turn into the hospital when her car was struck by a car driven by Erwin J. Weber, 41, 4406 W. Spencer St. Weber lost a tooth in the crash, but was not hospitalized. Both cars were heading east. Mrs. Fields was taken to the hospital by Lindy's Ambulance Service.

New Red Cross Plan Explained

'Combined Service Territory' Tried For First Time in Eastern Wisconsin

The new Red Cross "combined service territory," being tried for the first time in eastern Wisconsin, was explained to the Outagamie County Red Cross chapter Tuesday by the Milwaukee-Waukesha chapter executive director.

Robert G. Wick, who spoke at the annual meeting of the Outagamie County chapter in the Appleton Elks Club, also described his experiences as a representative of the American Red Cross in the shipment of goods to Cuba in exchange for the Bay of Pigs prisoners last year.

Sixty-nine persons attended the dinner and annual meeting, at which John Dixon, Appleton, was elected new chapter chairman to replace Owen Kuehnstedt, Appleton.

The basic principle of the Red Cross is the same as at its inception, but the organization is adjusting to changing times. Wick said. One way it is doing this is through the new combined service territory concept, being tried experimentally in a area of eastern Wisconsin from the Illinois border to Appleton and Manitowoc.

The Milwaukee chapter, as the largest in the territory, works with the national office to serve 23 local Red Cross chapters. Wick explained. Through this program, Red Cross officials expect to have a more uniform Red Cross program, while Milwaukee will be able to give better service to the local chapters because it is closer than the area office in St. Louis, Mo.

This area is the first in the country in which the new concept is being tried.

Free Public Reception Planned for Eisenhower in Green Bay Friday

Former President to Appear in Arena After Dedication of Locomotive at Museum

Post-Crescent News Service GREEN BAY — A public reception for former President Dwight D. Eisenhower here Friday will be free, officials planning the event have announced.

The local committee had planned a \$5 fee which would have included admission to the Brown County Veterans Memorial Arena and a box lunch.

Gen. Eisenhower is scheduled to arrive at Austin Straubel Field at 9:15 a.m., then go to the railroad museum to dedicate the Dwight D. Eisenhower, a locomotive presented by the British Railway last spring.

The schedule calls for Eisenhower to leave the museum at 10:45 a.m. for the Hotel Northland. The motorcade will follow Cornier Road to Oneida Street, north to Highland Avenue, west to Ridge Road, north to W. Mason Street, east to Oneida Street, north to Shawano Avenue, and east across the Walnut Street bridge to Adams Street.

Seventh and eighth graders in Brown County Catholic schools will be excused from classes on written request from parents, according to the Rev. Richard Kleiber, diocesan superintendent of schools.

From the hotel to the arena, the motorcade will go up Adams Street to Walnut Street, over the Walnut Street bridge to Ashland Avenue, to Highland Avenue, to Oneida Street.

Eisenhower is expected to leave the hotel at 12:30 p.m., and arrive at the arena one-half hour later.

The public will be admitted to the arena beginning at 12:30 p.m.

After a meeting with state and national Republicans at 2:30 p.m., Eisenhower will leave the arena for Austin Straubel field at 3 p.m.

The delegation to meet the former president at the airport will include Jerry Atkinson, official host, Rep. John Byrnes, Mayor Roman Denissen, County Board Chairman Myron Lotto, officers and directors of the railroad museum, city aldermen and county supervisors.

Gov. John W. Reynolds also has been invited to be in the welcoming party.

Post-Crescent Editor John B. Torinus, co-chairman with Atkinson on the local planning committee, and Harold Fuller of the museum board, will accompany Eisenhower and his party in the airplane. The official party includes Brig. Gen. Robert Schulz, and Dr. Kevin McCann.

Eisenhower also will be greeted at the airport by the color guard of St. Norbert College ROTC.

Attendance at the museum is by invitation only. After dedicating the locomotive, Eisenhower will tour the grounds on the museum's railroad, "The Wisconsin and Yesterday." His departure from the museum will be signalled by a 21 "gun" salute of aerial bombs.

The program at the arena will be opened at 1:45 p.m. by the Rev. Dennis M. Burke, O. Praem., president of St. Norbert College, who will deliver the invocation. The Rev. Dean Kilgust, pastor of Grace Lutheran Church, will give the benediction.

Following the adjournment of the public event, Eisenhower will meet GOP officials in a private gathering.

Adjusting a New Arc Welder at the Appleton Vocational and Adult School, are, from left, Ralph Wildenberg and Martin Wudtke, AVS instructors, and William Oldershaw, assistant manager of Miller Electric Manufacturing Co. Two new welders were installed at the school this fall by Miller as part of a cooperative program to keep welding instruction up to date. Miller has agreed to provide the most recent equipment to the school at an annual rental fee of 10 per cent of the cost, and to replace it if it becomes inoperative or obsolete. (Post-Crescent Photo)

Two New Arc-Welding Units Installed at AVS

Miller Electric Furnishes Equipment As Part of Cooperative Training Program

Two new arc-welding units have been installed in the Appleton Vocational and Adult School's welding laboratory by Miller Electric Manufacturing Co., as part of a cooperative program to keep welding courses up-to-date.

Representatives of Miller and Valley Welding Supply Inc. were at the school Monday to help get the equipment operational in time for classes which will start Oct. 5.

Miller Electric agreed this summer to loan to the school two recent model welders for an annual rent of 10 per cent of their value, and to replace the welders if they become inoperative or obsolete.

The company also will work with the teaching staff to promote an all-inclusive welding program, and will change the welders as the school's program changes to meet new demands of the industry.

'Forward-Looking'

AVS Director Carl Bertram called Miller "forward-looking" in providing help with the welding program. "For an industry that is moving as fast as the welding industry, I know the school's problem is going to be obsolescence of the equipment rather than the equipment becoming worn out," he said.

"In a school of this kind, the problem is to have up-to-date teaching methods and to be able to teach the most recent procedures with the most advanced equipment, so that we do not teach yesterday's skills with last year's equipment," Bertram said.

"One of the big problems in vocational and technical education is to maintain complete currency of technical and instructional materials at a price we can afford," he said.

Interest To Industry

Miller Electric saw the problem and realized that "it is to the interest of the welding manufacturing industry generally to have instruction carried on with the most recent equipment and techniques," Bertram said. They sent technical personnel to the school to analyze the welding laboratories and agreed to provide the most recent equipment, he explained.

They are providing as much equipment now as present space will permit the school to use effectively, Bertram said. As the industry will be improved considerably, he said, adding that this is waiting for a decision on a proposed area vocational school.

The two welding units now installed have a total value of about \$500.

Other companies such as sewing machine and auto manufacturers also make equipment available for the school's program, Bertram said.

Search Ends For Aircraft

Week Long Activity Fails to Find Two From Milwaukee

A statewide search for a Milwaukee pilot and his 14-year-old daughter who are believed to have crashed in their light plane eight days ago, has been called off. Civil Air Patrol authorities have reported.

Local members of the CAP in Appleton received a message to halt the search about 11:30 a.m. The message came from the Milwaukee headquarters from where the search for Lester Flaherty, 44, and his daughter, Sharon, has been directed.

Reports that the plane may be in remote and inaccessible areas of Outagamie County were received shortly after the patrol was alerted to the hunt last Wednesday. Residents near Black Creek and Shiocton reported hearing a plane engine "which sounded like it was in trouble" about midnight Tuesday along State 54 between Shiocton and Black Creek.

Bad Weather

Flaherty, a Milwaukee auto dealer, left Wisconsin Rapids Tuesday about 10:15 p.m. for a 30 minute flight to Milwaukee. They were not heard from since they left the Wisconsin Rapids airport. It has been theorized that Flaherty ran into bad weather shortly after take-off and attempted to reach Green Bay by flying along the State 54 route.

About 20 planes concentrated searches in the Wisconsin Rapids area Tuesday night and during the final hours of the search today.

Remain Undiscovered

Local members of the Fox Cities Composite Squadron Sunday covered over 160 square miles of the state, putting in 1,300 flying hours and 28,000 man hours in the hunt.

Capt. Erwin Roberts, commander of the local unit, said 35 of the 50 planes involved in searches in this area were volunteer aircraft from non-gang areas, Milwaukee, Kenosha, Janesville and Madison.

State Agency Praises Kimberly School Plan

Summer Program Lauded for 'Good' Use of Facilities and Equipment

KIMBERLY — A letter from the State Department of Public Instruction praises the community for the quality and scope of its summer school program.

The letter noted courses range from remedial to developmental and to enrichment as far as the approach is concerned and

from vocational to the academic with regard to content. "Good use was being made of the excellent facilities and equipment in the system," continued the letter.

"Student interest appeared to be very high, the morale of the summer school staff seemed exceptionally high and it was clear they had grasped the idea of summer school as something more than a make-up period for slow students." Many teachers considered this an excellent opportunity for trying the newest approaches to teaching, the letter stated.

Cooling System

The heating-cooling system of the high school, where most classes were held, was termed a "definite asset" for the summer program. Pointing to the 70-degree temperature in the building and the warm outside temperature the letter stated, "If summer schools are to be a growing part of Wisconsin education, educators might do well to consider the advantages of systems which can cool as well as heat a building."

In summing up the letter stated, "The Kimberly school system is to be commended for having established an excellent summer program, the continuation of which should be encouraged for the following reasons: (1) It provides for both developmental and enrichment work as well as the traditional remedial opportunities. (2) It provides a relaxed atmosphere in which creative projects can be undertaken. (3) It provides an opportunity for some teachers to engage in professional work while others are able to attend summer sessions to enhance their academic background. (4) It permits freedom to experiment without the pressures that one generally associates with the regular school year."

The letter was signed by Robert C. Van Haalte, assistant state superintendent of schools. Supervisors who visited the school this summer to study the program were Frank Gritner, Arnold Chandler and Russell Mosely.

Village School Board Head Participates in Air-Space Conference

KIMBERLY — Harold Wentzel, president of the village board of education and president of the State School Boards Association, returned Monday from Washington, D. C., where he took part in an Air-Space Education Committee conference.

Wentzel was invited to the session which consisted of a study of the feasibility of incorporating air-space education into the public school curriculum. No decisions or recommendations were reached as a result of the conference although a report on findings will be prepared.

Educators and school officials from throughout the nation participated.

Computer Takes Over Traffic Tickets, Also

KANSAS CITY, Mo. (AP) — Even the familiar traffic tickets, flapping under windshield wipers, are giving way to progress.

Starting today, they'll be very stiff and business-like computer cards — little rectangular holes and all.

It will help another innovation — a City Hall computer — nail down repeat violators more quickly.

Forms Used by State Offices May be Revised

Effort Will be Made To Reduce Numbers And Simplify Them

Post-Crescent Madison Bureau
MADISON — An optimistic interim committee of legislators has announced another attempt to resolve one of the periodic complaints about the operations of state agencies—the multiplicity of size and style of the countless forms used by them.

Sen. Reuben LaFave of Oconto, chairman of an interim committee for the review of administrative agency rules, has notified the scores of state bureaus and departments that it has undertaken a review of their paper forms.

"The general objective of the committee is to reduce the number of forms of all kinds and to simplify those that remain, so that the difficulties of the average citizen with forms will be minimized," he explained.

Others Failed

Capital observers recall that many of LaFave's predecessors have had the same idea with comparatively few changes in departmental practices resulting.

Sen. Gerald Lorge of Bear Creek remarked approvingly at a Legislative Council session that the state motor vehicle department, one of the most prodigious of the state government's consumers of paper for official forms, already has acted upon its own initiative to simplify its paper work for the convenience of the public and for the benefit of the state treasury in cutting printing costs.

Questions Prepared

LaFave put agency heads on notice that they soon will be called to a public hearing to discuss the adequacy of their present paper work processes, and that they will be asked such questions as these:

Does this form serve a really useful purpose, or can it be eliminated? Is all of the information asked really needed or used? Can the form be simplified to make it more readily understood and filled out? Is the form in such shape that it can be inserted into a standard typewriter? When more than one copy is required, are they needed? Is notarization necessary?

Over 150 Courses Offered at Vocational School This Fall

**Registration to Begin Sept. 21
For Classes That Start Oct. 5**

The Appleton Vocational and Adult School will begin accepting registrations for more than 150 adult courses Monday, Sept. 21. Classes will start Oct. 5. Interested persons may register at the school from 8 a.m. to 4 p.m. daily, starting Monday. The two evening registration sessions will be from 7 to 9 p.m. for Sept. 28 and 29. Mail registrations, with the fee enclosed, will be accepted only from Sept. 21 to 25. The school does not accept telephone registrations. The first 10 weeks of classes will run from Oct. 5 to Dec. 11. The second 10 weeks will be from Jan. 11 to March 19.

New classes this year will be conversational German, leathercraft, programmed spelling, mathematics refresher, filing and records management, "What's New in Bookkeeping," Fortran programming, "Beauty and the Business Girl," Tuesday noon luncheon class, "New Suits for Spring," fundamentals of transistors, and characteristics of electrical rotating machinery. Subjects Included: More than 150 classes will be offered in the homemaking, business education, general subjects and trades and industry departments. Courses run from

four to 20 weeks. Some do not start until the second semester. Mrs. Curtis Brown, Appleton, who was born and educated in Vienna, Austria, will teach the new 20-week course in conversational German, which will meet from 7 to 9 p.m. Thursday beginning Oct. 8. Mrs. Brown has a degree from the University of Vienna, taught German at the Lacaze School of Languages and Good Neighbor School of Languages, Washington, D. C., and is a certified teacher in Wisconsin.

Harvey Ader, Appleton, will teach the leathercraft, course, which will meet from 7 to 9 p.m. Thursdays.

The third new teacher in the general subjects department will be Peter Giovannini, Neenah, Appleton High School art teacher, who will teach the watercolor class meeting from 7 to 9 p.m. Mondays.

New business education courses will be programmed spelling improvement, 7 to 9 p.m. Wednesdays; mathematics refresher, 7 to 9 p.m. Wednesdays; filing and records management, 7 to 9 p.m. Wednesdays from Oct. 7 to Oct. 28; "What's New in Bookkeeping," 7 to 9 p.m. Tuesdays from Jan. 11 to Feb. 9; and Fortran programming, 7 to 9 p.m. Thursdays from Jan. 11 to March 19. "Beauty and the Business Girl," meeting from 7 to 9 p.m. Thursdays from Oct. 8 to Nov. 12, will be offered jointly by the business and homemaking departments. Other new homemaking courses are the Tuesday noon luncheon class, 11 a.m. to 1 p.m. Oct. 6 to Dec. 8, and "New Suits for Spring," to be

taught by Mrs. Val Nelson from March 19 to May 28. The electronics course on fundamentals of transistors will meet from 7 to 9 p.m. Tuesdays, from Oct. 6 to Dec. 8 and Jan. 12 to March 18. Larry Wollums, design engineer at Marathon Corp., will be the instructor. The course is designed for technicians, engineers, technical writers and others with electrical and physics backgrounds. Enrollment deadline is Sept. 30. Andrew Williams, electrical engineer with Miller Electric Co., will teach the special course on characteristics of electrical rotating machinery, which will meet from 7 to 9 p.m. Tuesdays from Oct. 6 to March 18. Closing date for enrollments is Oct. 1.

Wittenberg Girl To Study in Germany

WITTENBERG—Miss Dorothy Berndt, daughter of the Rev. and Mrs. Marcus Berndt, is among 13 University of Wisconsin students who will be spending their junior year studying at Albert Ludwigs University in Friburg, Germany. The students will be charter-

Junior High in Village Lists Coach Changes

KIMBERLY—Several changes have been made in the coaching staff at the Junior High School as a result of resignation or transfer of former coaches, according to James Koehn, principal. Changes have been approved by the board of education. Philip Gocker returns as head football coach while Edward Wulgaert will serve as assistant replacing Glenn Harke who is no longer in the school system. Carl Gloede will be freshman basketball coach replacing Walter Rennebohm who resigned. Robert Arko will be eighth grade basketball coach succeeding Gloede and Ivol Van Handel will serve as seventh grade cage coach.

members in the UW's new Junior Year In Germany, a partner to the UW's Junior Year In France inaugurated several years ago.

Two Appleton Lions Clubs to Join Forces for Bulb Sale

Appleton's Evening and Noon Lion Clubs will join forces Oct. 3 in a citywide light bulb sale, their first fall project. Lyn Meyer of the evening club and Harold Arbeiter of the noon club are project chairmen. Lions expect to make more than 3,000 sales in a six-hour period. Proceeds from the 150-man effort will be divided between the clubs and each is expected to finance some charitable project. In the past contributions have

gone to the YMCA, the Outagamie County Council for Retarded Children, safety patrol program and similar projects. James Mech is assistant chairman and sales chairman Sherwood Russell is sales co-chairman. Arliss French and Neal Precourt head the committee on purchases, storage and assignment. E. A. Dettman is chairman of finance and records and the workers' breakfast committee is headed by Vern Ames and Meyer.

Heat-Proof, Famous "Glasbake" in Mix or Match Colors

6 Coffee Mugs

Free, 1 per week for 6 weeks with food ad coupons and \$5 purchases

Do you get sick every time you open a can of cat food?

Then clip this coupon.

10¢ STORE COUPON 10¢

Save 10¢

And try new Mil-Kit. Take this coupon to your grocer. He'll take 10¢ off the regular thrifty price. Mind, you get a full 22 oz. (enough for 12-14 meals).

Mr. Dealer: The bearer of this coupon is entitled to 10¢ off on purchase of one package of Mil-Kit Dry Cat Food. We will redeem this coupon for 10¢ plus 2¢ for handling. Mail coupon to RIVAL PACKING COMPANY, 4500 South Tripp Avenue, Chicago 32, Illinois. Invoices proving purchase of sufficient stock to cover coupons presented for redemption must be shown on request. Customer to pay sales tax, if any. Void where its use is prohibited, taxed or restricted by law. Cash redemption 1/10 of 1¢. Coupon is non-transferable. Limited to one offer per customer. Offer expires Dec. 31, 1964.

It's for a new cat food your cat will love and you can live with.

Mil-Kit, a new dry cat food, is guaranteed not to ruin your appetite. (You almost have to get inside the box to smell it.) But it will titillate your cat's appetite even if she's the fussy type. Mil-Kit contains meat and fish, and all the vitamins and nutrients a cat needs. And every bite is coated with powdered milk.

Just pour Mil-Kit out of the box. Add water and the milk coating becomes a delicious milk sauce.

Or, if your cat prefers Mil-Kit dry, serve it that way. Moist or dry she'll still be getting her milk. Let her decide which way she likes it best.

Mil-Kit is not a snack. It's a complete meal all by itself. And it comes to only about 3¢ a serving, roughly half the cost of canned cat food. Use the coupon above and it's even less. And that's not much to pay for a civilized cat food.

Sens. Thurmond and Goldwater Think Alike

One Is Democrat and the Other Republican, Both Conservative

BY JAMES MARLOW
WASHINGTON (AP) — Sen. Strom Thurmond and Sen. Barry Goldwater are thinking alike in so many ways it's no wonder they're apparently going to line up together.
Thurmond, a South Carolina Democrat, reportedly will announce tonight (1) he is going to support the presidential

candidacy of Republican Goldwater and (2) switch from being a Democrat to being a Republican.
Here are just a few of the great issues on which the two men look like twins: the nuclear test-ban treaty, civil rights, and the \$11.5-billion tax cut Congress passed this year. They were against all of them.
The last time served in this switch happened was in 1952 when Sen. Wayne Morse, an Oregon Republican, turned his back on the presidential candidacy of Dwight D. Eisenhower, quit the Republicans, and supported Adlai E. Stevenson.
Democratic Side
He didn't move over to the Democratic side of the Senate until 1954. But any comparison with Thurmond stops there. Morse is a liberal. Thurmond and Goldwater are two of the most conservative members of the Senate.
Thurmond, 61, and Goldwater, 55, are both major generals in the U.S. Reserves. Thurmond, with the Army, Goldwater with

the Air Force. Both served in World War II.
It wouldn't be the first time Thurmond abandoned the Democratic party. He did it before in 1948 over the civil rights issue and became the States Rights presidential candidate. He has been in the Senate since 1954.
He says he voted for Eisenhower in 1952 when Morse was voting for Stevenson.
Nuclear Treaty
Thurmond and Goldwater both voted against the nuclear test-ban treaty with the Soviet Union, passed 80 to 19 by the Senate in September 1963. Both voted against the tax cut last February.
Last June both voted against the civil rights bill. Thurmond, who has been consistently

against civil rights legislation, said this year's measure was unconstitutional. That was Goldwater's argument, too, about two sections of it.
In 1957 Thurmond set a one-man filibuster record with an anti-civil rights bill talk that lasted 24 hours and 19 minutes.
Thurmond and Goldwater have both been critical of Defense Secretary Robert S. McNamara. Both have argued the administration has a no-win policy in the cold war with communism. They both used the "no-win" phrase.
Same Complaints
Both have complained about riots and "lawlessness" in the streets of cities. Both have advocated bombing Communist water seem to think the Soviet
Union could be scared into backing down if the United States threatened to sever diplomatic relations with it.
Both men have been critical of the Democratic administration over the past four years, those of Presidents Kennedy and Johnson, with the complaint they were trying to take too much control over daily life.
Not a Democrat
On Jan. 1, 1961 — after John F. Kennedy had won the presidency in the 1960 election — one Democratic senator, Joseph S. Clark of Pennsylvania — in a television interview said Thurmond "ought not to stay as a Democrat."
Clark said of Thurmond: "He

fought the (Kennedy) ticket out in South Carolina. If he had his way, we would have lost some very important electoral votes."
A little later in 1961 Thurmond gave what may have been a preview of what he is reportedly about to do now. At a meeting of the Indiana Conservative Club he said: "It is my judgment that if he (Goldwater) is the candidate in the next election, the South will go for him."
Mission Circle Session
LEEMAN — Mrs. Robert Strong was hostess to the Grace Notes Mission Circle meeting Thursday. She served a fellowship dinner. Bible study and devotionals followed.

Political Fun Makes Good Campaigning

BY TV SCOUT
 7-7:30 (Channel 2) — Warren Bush's production of "Politics is a Funny Business," a CBS News Special, is a welcome relief in these often weary pre-election days. On film are the wit and humor of six Presidents — Hoover, FDR, Truman, Eisenhower, Kennedy and Johnson — plus other notable political figures, including Sen. Barry M. Goldwater.
 6:30-7 (Channel 2) — On Face the Nation, Sen. Hubert Humphrey, the Democratic Vice Presidential candidate, is quizzed in Washington by newsmen.
 6:30-7 (Channel 11) — The Adventures of Ozzie and Harriet, one of the longest running comedy series on television, returns for its 13th season. The opening session has Harriet aiding Rick's wife. **SEASON PREMIERE**
 6:30-8 (Channel 5) — Clu Gulager becomes a regular on The Virginian tonight as the western series begins its third season. Gulager should have little trouble winning a pasture of fans with his character, Ryker, a wild and wooly gunslinger who wants to reform. **(COLOR) SEASON PREMIERE**
 7-7:30 (Channel 11) — The Patty Duke Show, with the look-alike cousins, returns for its second season. **SEASON PREMIERE**
 7:30-8 (Channel 11) — The Folksingers are out and the rock 'n' rollers are in — again. A new show, Shindig, replaces Hootenanny of last season. **PREMIERE**
 8-8:30 (Channel 11) — Mickey returns Mickey Rooney in his own comedy series. This one has the perpetual youngster (he's 44, but still looks not much older than he did in his Andy Hardy days), all grown up and the father of two. His wife is played by Emmaline Henry and the tykes in the family are Brian Nash and Mickey's real-life

Vaughn Meader Back In Limelight as Humorist

Famous Kennedy 'Voice' Part of Past, His New Satire Set for Friday TV Spectacular

BY HAL BOYLE
NEW YORK (AP) — One act of courage put Vaughn Meader in the limelight. Another act of courage has kept him there.
 It took a lot of courage back in 1960 for Vaughn to scrap his act. After all, it was paying him bread-and-butter money — \$45 a week.
 "I was playing comedy piano and telling old mother-in-law jokes in Greenwich Village spots," he recalled. "One night I faced up to the facts and decided what I was doing was junk."
Made Discovery
 "I had discovered topical humor. That's what I wanted to do. So I sat down and wrote an act based on what was going on in the news."
 Within two years he became well-known as a night club performer and was beginning to hit the bigtime television shows.
 His hour-long act including a five-minute skit on the inauguration of the late President John F. Kennedy. It caught the attention of a recording company.
 The skit was expanded into "The First Family" album. In a year, five million copies of the album were sold.
Withdraws Album
 When Kennedy was assassinated last November, many in show business thought that the rifleman who killed him had also blasted the career of Meader. They figured his own image was too identified in the public mind with that of Kennedy.
 Vaughn, who had never met the president or Mrs. Kennedy, was heartsick.
 "We withdrew the album after the assassination, and I quit work for two months," he said. "I didn't want to make a dime out of such a situation."
 "But finally I decided to go on doing what I had done before — and let time decide what would happen. After all, I am not basically an impressionist. I'm a topical humorist."
Headliner Again
 That was Meader's second act of courage — to prove that his success was no mere trick of mimicry.
 And within a year he has made his point. He has made

Vaughn Meader, Self-Styled topical humorist, was getting \$45 a week four years ago when he was a comedy pianist in Greenwich Village. After restyling his act he made the satirical recording "The First Family," which skyrocketed him to top brackets of about \$12,500 a week. (AP Wirephoto)

Brillion Lions Plan Bridge Marathon

BRILLION — The Lions Club will sponsor a 10-team men's bridge marathon. Play will begin soon for all men of the city who wish to participate.
 C. A. Pagel and his administration and publicity committee in charge of the program at the group's recent meeting. Movies on the work of Goodwill Industries were shown.
 The budget for club sponsored projects was presented.
 The Halloween party for all youngsters in the community again will be sponsored by the club.

Video Tape Recordings Foster Huge Industry

Military, Business and Educational Establishments Use Electronic Device

BY WILLIAM C. HARRISON
REDWOOD CITY, Calif. (AP) — A bright electronic youngster is helping teach jet pilots to make carrier landings, and fourth-grade students to conjugate Spanish verbs.

The youngster is television tape recordings, just eight years old but a \$40-million-a-year industry.

"And in five more years, the industry will be five times larger — \$200-million-a-year," predicts C. Gus Grant, vice president-operations of Ampex Corp., which has supplied about 75 per cent of the television recorders used throughout the world.

The recorders are growing smaller, simpler, cheaper and ever more versatile, explains Grant.

Introduced Videotape

When Ampex introduced videotape in 1956, the recorders cost \$50,000. Compact, portable recorders brought out last year were priced at around \$12,000. Educators, who had been stymied by the higher price tag, led the buy-line for the cheaper

models, Ampex says. Several hundred U.S. school systems and colleges now regularly use closed-circuit television recording systems.

A lively puppet may be used to capture attention in a grammar school Spanish class. Typically, the recorder and a prepared lesson are carried by station wagon to seven schools in the same district and plugged into television receivers in up to four classrooms simultaneously.

The electronic technique of feeding pictures from a television camera to a recorder, capturing the whole thing electronically on moving magnetic tape, was adopted at the outset by networks and television stations.

Picture Quality

The equipment permits programs broadcast in New York at 9 p.m. local time to be shown at 9 p.m. local time in Chicago, Denver and San Francisco without loss of picture quality. Today, says Ampex, about half the scheduled programs on local stations are recorded in advance.

Military services liked the electronic baby immediately. Now almost all U.S. Navy aircraft carriers boast television recording systems.

Cameras spotted over the ship feed pictures of each landing and take off to the recorders. The tape also carries data on flight number, data aircraft air speed, wind velocity and even the vocal instructions of the landing signal officer.

Pilots and other carrier personnel review the tapes to see what went wrong or right. Television recording has been a major factor in cutting accidents and increasing pilot proficiency, the Navy says.

Doctors use television recording to analyze fluoroscope pictures, moving pictures of internal organs and bones that can be studied as often as needed without overexposing patients to potentially dangerous rays.

The devices have found many other uses in medical science. Surgical techniques can be studied by recording and playing back delicate operations, for example.

The pioneer magnetic tape firm has recently developed "Videofile" to replace filing cabinets and permit automatic updating, deleting or inserting of documents. The system enables an engineer in Baltimore, for instance, to study a technical report in an electronic file in Houston. The documents can be retrieved in printed form or viewed on a television screen.

Sales Estimate

Ampex estimates sales in the whole field of automatic document storage and retrieval will reach \$1.5 billion within a decade.

The first close-up pictures of the moon were televised from Ranger 7 and radioed to earth, received and preserved on magnetic tape. The magnetic recordings were converted to film for distribution to the press and are being subjected to continuing analysis by scientists.

Today in History

BY THE ASSOCIATED PRESS
Today is Wednesday, Sept. 16, the 260th day of 1964. There are 106 days left in the year.

Today's highlight in history: On this date in 1940, President Franklin D. Roosevelt signed the Selective Service Training Act. The first peacetime draft in the history of the United States became law.

On this date: In 1722, the Revolutionary War figure, Samuel Adams, was born in Boston.

In 1862, the Civil War Battle of Antietam began in Maryland.

In 1919, the American Legion was incorporated by an act of Congress.

In 1945, the British accepted the formal surrender of Hong Kong by the Japanese.

Ten years ago — New York City Magistrate Charles Murphy was named administrator of a code of ethics adopted by the newly formed Comics Magazine Association of America.

Five years ago — Soviet Premier Khrushchev visited tourist spots in Washington.

One year ago — The Federation of Malaysia was born; Indonesians, opposed to the union, stormed embassies of Great Britain and Malaya in Jakarta, Indonesia.

Senate Pressure Is Expected on Redistricting

MADISON (AP)—The Republican floorleader in the State Senate says he anticipates "pressure from senators" in the 1965 Legislature to change the Senate and Assembly redistrict plan put into effect by the State Supreme Court this year.

Sen. Robert P. Knowles, R-New Richmond, said the high court decision establishing new district lines made it plain that these would stand only until the legislature reapportioned.

Knowles said he did not have "any particular complaint" about his own district but that a number of senators who are dissatisfied will attempt to get their districts changed.

The court ordered reapportionment left one senator without a district. Another was defeated in the recent primary and two will be forced to run against each other in 1966 unless the districts are changed again.

Senators serve four-year terms. Sixteen who are holdovers do not have to run this year.

Labor Department Reports Longshoremen Working Too Hard

WASHINGTON (AP) — The Labor Department says that longshoremen at the port of Galveston, Tex., work too hard, but that they like it and don't want to change.

One of a series of department reports said Monday: "It cannot be in the best interests of the health of the men to carry on hard physical labor at such a pace all day, much less day after day."

The report also disclosed that the men in Galveston resist any efforts to add more men or slow the pace of work.

Makarios Poses 5-Point Peace Plan for Cyprus

Turk Cypriot Declines Comment on Proposal

BY DAVID LANCASHIRE

NICOSIA, Cyprus (AP) — President Makarios has proposed a five-point peace plan for Cyprus, including the removal of all armed posts manned by warring Greek and Turkish Cypriots.

A Turkish Cypriot spokesman declined comment on the plan. He showed skepticism over a promise by Makarios to immediately lift his economic blockade against besieged Turkish Cypriot Argas.

Two Negroes on City Council of Alabama Town

College Professor And Clergyman Win Against Heavy Odds

TUSKEGEE, Ala. (AP) — The first two Negroes elected to public office against white opponents in Alabama in almost a century say they will represent all of the people regardless of race.

A clergyman, the Rev. K. L. Buford, and a college professor, Dr. Stanley Hugh Smith, made that promise after winning seats on the Tuskegee City Council in Tuesday's runoff election.

The heavy Negro vote in this racially conscious city where Negroes outnumber white residents both in population and in registered voters also brought the defeat of Mayor Howard Rutherford, who sought a second four-year term.

Rutherford lost to another white candidate, Charles M. Keever, a used car dealer who received the backing of most Negro voters. Keever got 943 votes, Rutherford 732.

Chance Vought Jr. Depleted Fortune Before His Death

NEW YORK (AP) — Chance M. Vought Jr. inherited an aviation fortune of \$3 million in 1930.

He was worth \$5 when he died of diabetes last April 6 at 37, according to papers filed with his will in surrogate's court Tuesday.

The will, written in 1953, divided his estate among his second wife, from whom he was estranged, three children, his mother and a brother.

Vought, once a leading figure in cafe society, spent most of his last two years in jail for failing to pay \$250 a week alimony.

Bad News Today

Tabs to be Higher in House Dining Rooms

WASHINGTON (AP) — Patrons of the House of Representatives' dining rooms got some bad news today.

While the taxpayers pick up the tab for an estimated operating loss of \$240,000 this fiscal year, the diners will have to pay more for their food.

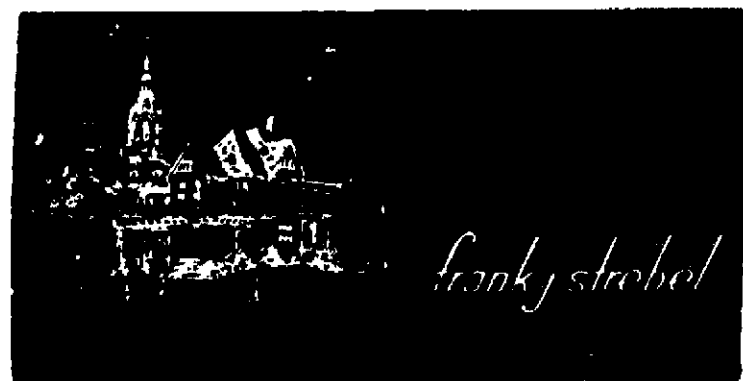

The cost of the No. 5 lunch,

the announcement is a mere maneuver on the eve of the government would:

Economic Blockade

1. End the economic blockade at once and allow supplies to come in from Turkey "through normal channels."

2. Remove all Greek Cypriot armed posts provided the Turkish Cypriots do the same.

3. Provide financial aid for resettlement and protection of Turkish Cypriots who have been forced to abandon their homes.

4. Grant a general amnesty "so that any Turkish rebel who may be under criminal charges for offenses committed during the rebellion may be relieved of any fear of arrest and punishment."

5. Accept U.N. suggestions for peace "provided such measures do not affect a political solution of the problem."

Troops Convey Food

U.N. troops conveyed nine tons of food donated by Makarios to the Turkish Cypriot village of Kokkina Tuesday, but the villagers who had been described as starving refused it. "We are Turks and we will die before we accept food from Makarios, the man who wants to kill us," a guerrilla leader told the convoy leader.

"Take back the food! Makarios the murderer!" chanted the villagers.

Turkey announced that emergency rations for Kokkina will arrive at the eastern Cyprus port of Famagusta Thursday and will be taken by truck to the village under U.N. protection.

No Early Customers For Basilica Bars

VATICAN CITY (AP) — Cain and Abel will be getting no early morning customers during the third session of the Vatican Ecumenical Council.

They are the biblical nicknames given by some council fathers to the two bars inside St. Peter's Basilica to which thirsty prelates repair during long, hot sittings. The bishops in St. Peter's were advised Tuesday that neither bar will open until 11 a.m., two hours after the council convenes each day.

"The bars specialize in coffee, soft drinks and so forth," said a council spokesman. "None of the hard stuff is served."

Politics Mixed With Sports in Oklahoma

OKLAHOMA CITY (AP) — Oklahoma University student Democrats mixed politics with sports Tuesday.

They want an Oklahoma football victory over Texas but oppose former OU grid coach Bud Wilkinson, Republican nominee for the U.S. Senate, and Sen. Barry Goldwater, GOP candidate for president.

The students came up with some new auto bumper signs that read: "Beat Barry, Bud and Texas."

commonly known as the Blue-plater, will go up from 90 cents to \$1.15 next January and the customary dessert will be replaced by a tossed salad.

The price of the home-cured corned beef meal will be hiked from 95 cents to \$1.25, including the standard potato salad. Baked ham and two vegetables will sell for \$1.15 instead of \$1.

"A pretty good sized hamburger" with all the trimmings will peddle for 70 cents instead of 60. Seafood and steak platters will go up, too, the House Appropriations Committee said, but the committee had no specific figures on these.

It also disclosed that the estimated operating losses for restaurant facilities in the new Rayburn Office Building, which won't serve any meals until next January, will be \$62,600 for the fiscal year ending next June 30.

That's less than half of the estimated operating loss of \$177,600 for dining facilities in the House wing of the Capitol.

Three Senators Who Voted on the losing side confer Tuesday after the senate rejected a proposed compromise on legislative reapportionment. From left, Sen. Jacob Javits, R-N. Y., Sen. Gaylord Nelson, D-Wis., and Sen. Eugene McCarthy, D-Minn. (AP Wirephoto)

At New York City

Caroline in School For Catholic Girls

NEW YORK (AP) — The Eton jacket, matching pleated skirt and a white blouse.

Some nuns and pupils watched from a second-story window of the school at the corner of Fifth Avenue and 91st Street as Caroline arrived.

Caroline's aunt, Mrs. Peter Lawford, wife of the actor, and Sydney Lawford, 8, accompanied Caroline and her mother.

Sydney is entering the school, too.

The two girls moved through the chattering groups of pupils with apparent ease. Caroline entered the second grade. Last year, she attended special classes at the White House.

"She will be treated just like all the rest," said the school secretary. "She will be mixed in with the other girls."

The private school, in a city where attempts to improve the racial balance in public schools has triggered boycotts, has a number of Negro pupils from families whose fathers are with African delegations to the United Nations. There also are some Asian pupils.

Knowles Can't Appear With GOP Leaders

Goldwater Slated To Appear Sept. 24 For Madison Speech

BY THE ASSOCIATED PRESS

The Republican candidate for governor, Warren P. Knowles, said Tuesday that because of other commitments he will not attend the Wisconsin appearances of either Sen. Barry Goldwater or Rep. William Miller.

Sen. Goldwater, the GOP presidential candidate, is scheduled to speak at Madison Sept. 24, and Rep. Miller, the vice-presidential nominee, in the Janesville-Beloit area Thursday of this week.

Supported Goldwater

Knowles said his schedule, arranged months ago, would not permit him to appear on the platform with either Goldwater or Miller. He said he supported Goldwater at the national convention and supports him now but pointed out "that I am not associating myself or my candidacy with anyone else in order to win votes."

He added: "I am not riding anyone's coattails. This is my campaign. My feeling is that when people come to hear the presidential or vice-presidential candidate speak, they did not come to hear me."

Mrs. Hubert Humphrey, wife of the Democrat nominee for Vice President, is scheduled to visit Madison and Kenosha Sept. 25 on a seven-state Midwest campaign tour.

Wallace Four Alabama Gov. George Wallace, who is making a four-

Goldwater Presses Hunt for Votes in 'Deep South' Tour

Republican Candidate Challenges Johnson to State Stand on Cuba

KNOXVILLE, Tenn. (AP) — Sen. Barry Goldwater pressed his hunt for Republican votes in the Deep South today, challenging President Johnson to tell the American people where he stands on Communist Cuba.

The Republican presidential

nominee raised that point in a speech prepared for delivery here, in a state with a built-in political question mark.

The question: How will Tennesseeans react to the Arizona senator who has called for the sale of big portions of the giant Tennessee Valley Authority.

Goldwater has said TVA steam-operated power plants, plus the authority's fertilizer program, should be sold to states or communities, to private industry or to a special corporation. Other TVA operations, he said, should be put in the hands of federal agencies that operate similar programs elsewhere.

TVA Plants Goldwater's other stops today on the second of a four-day Southern campaign swing: Memphis and River Bluff, Tenn., Macon, Ga., and Montgomery, Ala.

Goldwater tied into Johnson on the Cuba question by accusing him of "blue-pencil attempts to delete political mistakes" from a speech he delivered Tuesday to the International Association of Machinists in Miami.

Today's Chuckle

Skin Blemishes Can be Prevented or Reduced

BY JOSEPH G. MOLNER, M.D.

In my last article we discussed pimples, blackheads and acne and what causes them.

Today let's see what we can do to prevent these blemishes.

First, if we can prevent the tiny skin glands from becoming plugged, we have the battle won.

Dr. Molner

How to do it? Washing! But it must be done properly: Soap and water, and the use of a soft brush (not a harsh one which will irritate the skin) to be followed by copious rinsing with fresh running water.

Since much of the trouble results from infection after the gland has become plugged, these are suitable or would benefit from it.

detergent skin cleaners may be used to reduce bacterial activity on the skin's surface. Tincture of green soap is sometimes used but its alcohol content may dry the skin too much. There are gentler detergents — phisohex, phisoderm and others.

External Medication

Occasionally external medication may be used, lotions containing sulfur and other drugs to soften the skin. It is best to leave this problem to your doctor, because some skins are tender and may be unduly irritated.

Occasionally when infection is severe and will not yield to these measures, brief courses of antibiotics may be given internally to control the germ activity.

In certain cases, dermatologists use X-ray, but not all cases are suitable or would benefit from it.

Anxiety and frustration can be a factor in some young people, the emotional tensions increasing the oil gland activity.

Pinching Harmful

Scratching and pinching the skin can do nothing but harm, causing scarring and pitting afterward. For that reason I do not recommend squeezing blackheads. However, drug stores carry blackhead expressors, simple little instruments with which one can be pressed out without damaging the skin.

It is poor solace, I suppose, to remind acne sufferers that it usually subsides as they pass the teen years. However, in some cases it continues into young adult life.

In any case, it is important to avoid treatment which will cause scarring afterward. True, some of the roughness later can be removed by a dermatologist or plastic surgeon by "skin planing," but this cannot overcome deep pitting.

Dear Dr. Molner: Where can one find a good dermatologist or skin specialist who does dermabrasion on scarred skin? — MR. and MRS. G. H.

If your regular family physician can't answer that for you (he usually can, however) it's very simple to write or telephone your county medical society and ask for the names of two or three reliable ones.

Almost all county medical societies do this as a public service. It is an excellent means of protecting people from scammers and quacks. The societies vouch for the physicians whose names they give you.

Dear Dr. Molner: Most authorities agree that eight hours of sleep are sufficient for most people. To get the full benefit must these hours be at night, or may they start around 1 a.m.?

When you get the sleep isn't as important as that you get it — and preferably at approximately the same time night after night — or day after day.

Of all the problems that pedi-

Communist Threat Easing, Illia Says

BUENOS AIRES, Argentina (AP) — President Arturo Illia, nearing his first anniversary in office, believes the threat of communism and political instability in Latin America is declining steadily.

"There is absolutely no doubt that communism has lost much of its appeal in this hemisphere," the president said in an interview.

Illia warned that some parts of Latin America remain "propitious ground" for insurrection, primarily because of the poor distribution of wealth.

"We must seek to remove such threats by working for a better distribution of resources," he said.

atricians encounter in children, pinworm is the commonest. To learn the newest methods of treatment for this pest, write for the booklet, "The Commonest Pest, Pinworm," enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover printing and handling. (Copyright 1964)

It's the easiest brushing house paint you've ever used! It's self-priming and because it "breathes" to let moisture out, it's highly resistant to blistering and peeling! Truly superior house paint for all surfaces!

6.95 Gallon

Mequon Girl Wins Stock Show Top Prize With Angus Named Casey

Chilton FFA Sweeps Honors in Judging At 20th Annual Northeast Wisconsin Event

BY RAY PAGEL
DE PERE — A trim young lady from Mequon filled her brother's shoes Tuesday at the Northeastern Wisconsin Junior Livestock Exposition. Jeanne Pipkorn, 17, had the grand championship steer award when the judging was completed at the Brown County Fairgrounds. Her entry was an Angus summer yearling named Casey.

Last year it was her brother, Howard, then 19, who won the grand championship. Jeanne had her closest competition from Tom Vinz, a 12-year-old grade school student who lives at Dalton, Green Lake County. Tom's shorthorn senior calf won reserve honors for second best.

Young men won the two other grand awards at the 20th anniversary event, but one of them had to beat his sister to do it.

Barrow Championship
 Tom Paider, 17, Denmark, in Kewaunee County, captured the barrow championship. His sister, Rose Mary, 19, took reserve honors. Tom showed a Duroc; Rose Mary had a crossbred entry.

The lamb championship went to Steven Heise, 15-year-old Lena area youth, showing a Hampshire. A crossbred took reserve honors for Judy Le Fevre, 17, Casco.

All of the animals in the

show, totaling some 550 head, were scheduled for the auction sale today. Kristine Ann Boogaard, 17, Seymour, was the winner of the Green Bay Press-Gazette scholarship for \$150.

Livestock Project
 Miss Boogaard was chosen on the basis of her livestock project record, and recommendation from her 4-H club leader. She is a senior at Seymour High School and is aiming for a nursing career, possibly in the Navy medical corps.

This was Kristine Anne's fourth year at the show. She has won numerous ribbons at the event, as well as at the Outagamie County Fair. She is a member of Wild Grove 4-H Club. The Chilton High School Future Farmers of America judging team walked away with honors in the judging contest with 34 other teams.

Other teams receiving superior ratings were Plymouth, Markesan, Casco, Manitowoc, Berlin, Preble and Omro. "Good" ratings went to Luxemburg, Elkhart Lake, Mishicot, Al-

goma, DePere, Kiel, Wrightstown, Shiocton, Freedom, New London, Brillion, Fish Creek, Oconto Falls, Manawa, Suring, Hortonville, Oshkosh, Sheboygan Falls and New Holstein.

Bee Showmanship honors went for the third straight year to Beverly Boehlke, 17, of Mequon.

This was the fifth year for Steve Heise, winner of the lamb championship.

Lamb Contest
 Roy Kalmerton, Sheboygan Falls, was announced as first place winner in the quality lamb contest. In this event the entries are judged on the hoof, slaughtered and judged again. It is one of the top educational events of a show, since it gives meat market evidence of meat quality.

Jeff Heise, Lena, a brother of Steve, placed second in quality lamb. Other placements were Michael Klann, Reedsville, third; Ann Dee Hammen, Ripon, fourth; Tom Hamm, Waupaca, fifth; Jack Hamm, a brother, sixth; James Hamm, another brother, seventh; Judy LeFevre, Casco, eighth; Rose Van Rossum, rural Kaukauna (Brown County), ninth, and Gary Schussman, Malone, 10th.

Warnings on Spider Not Directed at State Residents, Report Says

Warnings of the American Medical Association and the National Pest Control Association on a venomous spider species known as the "brown recluse" apparently were not directed to Wisconsin residents.

A recent issue of the AMA Journal had an article devoted to explaining the potential dangers of a bite by one of these

small spiders—less than a half inch long, with distinctive violin-shaped markings on forward portions of their bodies.

A check with Fox Cities exterminators indicated the species—*Loxosceles reclusa*—has not been known in this part of the nation. It is found mainly in southern and southwest states, including Missouri and Oklahoma. Relative species are found in the East and Far West, according to the NPCA organization.

Wisconsin Apple Growers To Convene in Appleton

Appleton has been selected as the site of the 1964 Wisconsin Apple Growers Convention, Dec. 2 through 4, according to Arliss French, chairman of the Appleton Chamber of Commerce's special committee working with the Wisconsin State Department of Agriculture and the Wisconsin Apple Institute in handling the local promotional activities. The week of Nov. 30 through Dec. 5 officially will be declared "Apple-Town Week," in conjunction with the convention. The annual meetings of the Wisconsin Apple Institute and the Wisconsin Horticulture Society will also be held during that period. Local service clubs will be

featuring programs about the apple industry during the week.

Other promotional activities will involve retail food stores, banks, restaurants, bakeries and other retail groups.

Working with the local chamber committee are Harvey J. Weavers, executive secretary, Wisconsin Apple Institute, Madison and William T. Reese and Marlon L. Schrier of the Wisconsin Department of Agriculture.

A meeting of the group has been set to complete arrangements for Sept. 23 at the civic center of the Outagamie County Bank.

San Francisco's Cable Cars Out of Service

SAN FRANCISCO (AP)—The cable cars won't be chasing up and down San Francisco's

hills between next Dec. 15 and Jan. 15.

The Public Utilities Commission has ordered a month-long shutdown to install new equipment.

Expressway Details Asked

Outagamie Board Wants Explanation Before Survey Vote

Explanation of the proposed Fox Cities expressway system by a member of the Fox Valley Regional Planning Commission has been requested by members of the Outagamie County Board.

The board was asked Tuesday to place \$9,500 in its 1965 budget to prepare a survey of the expressway route. Total cost of the project is estimated at \$18,000.

It has been approved by city councils of Appleton and Kaukauna.

Supervisors withheld discussion on the proposed funding until the planner's presentation during the October board meeting.

In another action, supervisors approved a recommendation to the State Highway Department that an interchange be constructed at U. S. 41 and W. College Avenue "as soon as possible." The interchange had been recommended by the Appleton City Council and had been sent to the county board for its approval.

Port Land Lease Rights Approved

Two committees of the Outagamie County board have the approval of supervisors to act as leasing agents for farm and grazing land at the new Outagamie County airport.

Corporation Counsel A. W. Ponath requested that the county's insurance and property committee and the airport committee have blanket permission to approve the lease agreements. He said requests for leases should be acted upon "as quickly as possible" and that to wait for a monthly meeting of the supervisors necessitated a delay in arrangements.

Dean Lewis in Charge Of Testimonial Tickets

Dean Lewis, Appleton, is chairman for tickets to the testimonial dinner for Gov. John Reynolds at which vice presidential candidate Hubert Humphrey will speak in Milwaukee Oct. 15.

The testimonial for Reynolds and to gain campaign funds will begin at 6:30 p.m. in the Milwaukee Auditorium.

State Bankers 3 Eeditt 1st. The 18th annual junior bankers' conference of the Wisconsin Bankers Association will be Wednesday and Thursday at the Park Motor Inn, Madison.

Robert R. Paunack, Madison, WBA president, will open the first business session at 9 a.m. Thursday. Robert J. Nickodem, Sheboygan, is conference chairman.

A preconference party will be held Wednesday evening in the Inn's Madison Room.

NFO Picketing Near Chilton Is Called Peaceful

Calumet Sheriff Keeps Close Watch On Demonstrators

National Farmers Organization (NFO) picketing at the Armour and Co., receiving station, four miles south of Chilton on State 57 was termed peaceful Tuesday.

Calumet County Sheriff, C. J. Kosmosky commended NFO members for their cooperation during the withholding action.

Kosmosky said he restricted the pickets to two to each driveway along with one traffic officer. He allowed the NFO members to stop each truck entering the plant and gave them five minutes to talk to the driver in an attempt to persuade them to turn back.

Declines Comment

Ken Mainville, Armour representative, said the pickets were orderly, but declined to comment on the receipts for the day.

Meanwhile, at NFO headquarters at Corning, Iowa, officials answered a demand from the Farm Bureau that the holding action be canceled.

"It is regrettable," the reply said, "that leaders of the American Farm Bureau Federation fail to recognize the seriousness of the farm problem and have once again joined the processors in requesting that farmers discontinue their efforts to obtain fair and equitable prices for their commodities, thus trying to keep farmers in the position of continuing to take low farm prices."

Social Security Office Announces Program Services

Organizations planning their winter meeting programs have materials and speakers available to them from the Appleton Social Security office, Frank Donnack, district manager, has announced.

Offered are: speaker service, with three representatives in the Appleton office available to groups for talks; a number of 16 mm sound movies for loan, and pamphlet material for group discussion.

All the services are available seven days a week, day or evening, at no cost, Donnack said. Arrangements can be made by contacting Social Security Administration, 401 S. Elm St.

Former Little Chute Restaurant Owner Dies

Martin Hietpas, 71, 329 S. Monroe St., Little Chute, former owner of Hietpas Restaurant in Little Chute, died Tuesday after a long illness.

Survivors are the widow, three daughters, seven sons, one step-son, one brother, five sisters, 38 grandchildren, 8 great-grandchildren and three step-grandchildren.

Funeral services will be at 9 a.m. Friday at St. John Catholic Church, Little Chute, with the Rev. Martin Vosbeek officiating.

Friends may call at Verkuilen Funeral Home after 2 p.m. Thursday.

FWD Seeks Okay for New Debentures

\$8.5 Million Issue To be Used to Repay Outstanding Debts

CLINTONVILLE — Registration of debentures totaling \$8.5 million is being sought by FWD Corp. to retire outstanding debts and to supplement the firm's working capital.

In a statement to the Federal Securities and Exchange Commission Monday, the firm indicated the new issue drawing 6 1/2 per cent interest and due in 1979, would be offered for public sale through underwriters headed by the Ohio Co., Columbus, Ohio.

The firm has borrowed \$6,447,710 since July 1 from Associates Discount Corp. The money was used to retire \$926,719 in outstanding debentures and indebtedness to other corporations totaling \$4,443,669. The \$1,077,322 remaining was added to working capital as will the balance of almost \$2 million which will remain after the \$6.4 million loans are repaid by the revenue from the new debentures.

In addition to indebtedness, the firm has 318,620 common shares outstanding. Management officials as a group own 6.31 per cent.

Joint Meeting Set by Sanatorium Groups

An annual joint meeting of Wisconsin Sanatorium Trustees and Wisconsin Sanatorium Superintendents associations will be held at Stevens Point Friday and Saturday.

River Pines Sanatorium will be host for the two-day meeting with national and state speakers scheduled in the program.

Red Cross Plan Explained

CONTINUED FROM PAGE 1

cept is being tried. The smaller chapters in the territory will be able to call on the Milwaukee chapter for specialized help in any of their programs or in the event of any problems.

Other officers elected to two-year terms at the annual meeting were Donald Morrissey, Appleton, vice chairman; Gilbert Beglinger, Appleton, re-elected treasurer, and Mrs. George Boyd, Kaukauna, secretary.

New Members

New board members, named to three-year terms, are Theodore Gilleland, Mrs. Raymond LeVee, Richard Mahony Sr., and Joseph Rickert, all of Appleton; Wilbur Haass, Kaukauna, and John Torinus. James Retson, Appleton, was named to fill two years of the unexpired term of Royce Krutz, former superintendent of schools.

Retiring board members are Richard Van Sistine, Dr. Robert Johnson, Mrs. John Erickson, Mrs. Robert Zwicker and Joseph Marston Jr., all of Appleton, and Gerald Van Hoof, Little Chute.

A special certificate was awarded to George Dubey, Appleton, for his service to the chapter as a first aid instructor.

Certificates also were presented to Kuehmstedt, retiring chairman, and Mrs. Zwicker, retiring secretary, and volunteer workers were recognized.

Vocations Directors From 4 Dioceses to Meet at Elkhart Lake

ELKHART LAKE, Wis. — Vocations directors from four dioceses in Wisconsin will participate in seminars on vocations programs for the elementary, high school and college levels during the annual Wisconsin Serra Conference here Sept. 25 and 26.

The conference for members of the 18 Serra Clubs in the state will formally open at 11 a.m., Sept. 25, with Auxiliary Bishop Roman R. Atkelski of the Milwaukee Archdiocese celebrating a pontifical low mass. Father Leon Tice, Wisconsin Rapids, will preach.

The Rt. Rev. Orville Grieser, Brillion, will be among speakers at the conference.

Gerald Randerson, Appleton, deputy governor for the 14th district, will serve as moderator for a seminar Sept. 25.

A Member of Headquarters and Headquarters Company, 1st Battalion, 127th Infantry, Wisconsin Army National Guard, Appleton, is questioned about his duties during a federal inspection Tuesday night. Inspecting officer is Maj. Burt W. Brownier, inspector general from Chicago. (Post-Crescent Photo)

For Students

Neenah Won't Change Transportation Policy

NEENAH — There will be no change in the policy of transporting school children from the area south of State 150, west of N. Lake Street, north of Main Street and east of U.S. 41 to Spring Road School in the 1964-65 school year.

The Neenah board of education accepted a recommendation of the special committee headed by George Christoph not to furnish transportation to 19 children in the area, acting in the board's committee of the whole meeting Tuesday night.

A letter has been sent to the Johnsons and Hansons over the

signature of President George Verhage explaining why there will be no change in board policy. After making individual traffic counts at strategic points, observing the hazards which parents pointed out in their appearance before the board, the committee stated that, while a somewhat hazardous condition did exist via the Chapman Avenue and-or state 150 route, the risks were no greater than those to which a number of elementary school children are subjected every day on their way to other schools in the district.

Further work was done on the

Kaukauna to Buy \$70,000 School Site

CONTINUED FROM PAGE 1

Home in the 1965 budget. The money will be used for a heating system for the home, electrical rewiring and operation of the home during the summer season.

City Atty. Emmet Rohan was authorized to attend a 4-day national law institute at Portland, Ore. The chief of police was authorized to prepare specifications for a new squad car for the 1965 budget. Specifications are to be reviewed by the fire and police commission. The fire chief was instructed to secure prices on a new ladder truck. The old truck is not in running condition, and repair parts cannot be found because of its age.

Sewer Problem

The board of health and plumbing inspector were instructed to investigate sanitary sewer conditions on Cleveland Avenue, one of the lowest spots in the city where some sewer problems have been encountered. The board of public works was authorized to meet with the contractor to discuss faulty sidewalk installed on Augustine and Ducharme Streets.

Mayor Joseph Bayorgeon, at the request of Ald. Dix, agreed to write officials of the Chicago and North Western Railway requesting a flagman or signals at the Lawe Street crossing near Beyer Lumber. Dix felt the crossing was hazardous, and some safety precautions were needed.

Ald. William Rogers (5th) moved that the city clerk work with the postmaster in an effort to have voter registration handled at the post office. He felt more people would be contacted this way, particularly those who did not like to climb the steps in city hall. He felt aldermen's wives or a civic-minded organization could handle registration. Other aldermen agreed and felt the clerk should attempt such an undertaking.

budget at Tuesday's meeting and the tentative date of Sept. 29 has been named for presentation of the proposed 1965 operating budget in its final form for full board consideration. The budget will be presented to the City of Neenah on Oct. 1.

PSC Orders Appleton To Give Church Water

CONTINUED FROM PAGE 1

vide water service although the site is in the township.

"This could open the floodgates for water requests from the city limits to Lake Winnebago," Bues said.

"It could be a very serious matter as far as Appleton is concerned," he added.

On three occasions the street-sanitation committee and council refused to extend service to the site of the new church and educational building in Winnebago County, 550 feet west of U. S. 10 on the north side of Midway Road and east of the University of Wisconsin Fox Valley Center.

Redeemer Lutheran Church, represented by the Rev. Charles W. Briggs and Jack P. Fieweger, the architect for the building program, originally made application for city water in November, 1963.

Note Exceptions

Although the city has had the policy of refusing requests outside the corporate limits, the PSC noted that some exceptions had been made over the years, including three customers on S. Oneida Street and the Valley Center, west of the church.

The resolution adopted by the council Dec. 3, 1958 and adhered to since, except for the arrangement with the Valley Center, reads: "Any extension of water service outside of the City of Ap-

pleton be ordered only by the common council and that no commitments are to be made by the Water Department for such service, and that in the future all extensions be decided on individual merit as related to problems of annexation."

A water department spokesman said the three customers on Oneida — a Wisconsin Michigan Power Co. substation and two homes — were given service before the policy was established.

No Annexation

No annexation proceeding is involved regarding the Redeemer Lutheran Church which intends to remain in the township.

In its decision, the commission said:

"The utility (water), by rendering the foregoing service (Customers on Oneida Street), has held itself out or undertaken to furnish service to the area in which the church and educational building of the complainant are situated, which area is along Midway Road, adjacent to the existing water main of the utility."

The church contended the main passed by its site and that it would be permitted to hook on. And, the commission said the six-inch main had sufficient capacity to serve the church property.

Figures Show 10,131 In Appleton Schools

**Final Totals Indicate Enrollment
Increases 148 Over Last September**

Final fall enrollment figures for the Appleton public schools total 10,131 pupils in kindergarten through 12th grade.

This is an increase of 148 over last fall's enrollment. Elementary enrollment dropped from 6,164 to 6,087, but junior high enrollment went up 119 to 2,062, and Appleton High School enrollment increased by 106 students to 2,032.

**Reduced Prices on
Fuel Wood
Sawdust and
Shavings
KNOKE
Lumber Co.
311 N. Linwood Ave.
Phone 3-4483**

Supt. of Schools William Spears told the school board the public school enrollment had gone up in spite of the loss of about 500 pupils to Catholic schools as a result of the opening of the new St. Bernadette Catholic School and an addition to St. Pius X Catholic School.

Without the loss to the parochial schools, the school system would have had its normal increase of 600 to 700 pupils, he said.

Enrollment by grades shows a consistent pattern, Spears said. There are 1,452 kindergartners. This drops to 950 in Primary I and 757 in Primary II.

as children transfer to parochial schools, and continues a gradual drop each year to 645 in eighth grade.

Ninth grade enrollment then jumps back up to 741, primarily through transfers back from parochial schools, Spears said. The high school enrollment includes 718 sophomores, 657 juniors and 657 seniors.

New Schools

The present enrollment in the elementary schools forecasts continued crowding of the secondary schools, since most of the grade school classes coming up are larger than the present junior and senior high school classes. The new Einstein Junior High School will open next fall, and Appleton East High School is scheduled to open in two years.

Enrollment by schools this fall is Badger, 176; Columbus, 217; Edison, 517; Foster, 515; Franklin, 703; Huntley, 708; Jackson, 164; Jefferson, 497; Johnston, 363; Lincoln, 624; McKinley, 372; Morgan, 122; Red Star, 26; Richmond, 345; Twin Willows, 171; Washington, 373; Woodlawn, 194; Madison Junior High, 761; Roosevelt Junior High, 691; Wilson Junior High, 610; and Appleton High School, 2,032.

Adult School Registration Is This Week

KIMBERLY — Registration for Adult Vocational School classes is being held this week from 2 to 3:30 p.m. daily in the Grade School office. Phone registrations will be accepted during these hours.

Most classes will get underway the first week in October. Courses scheduled include sewing 1 and II, knitting, holiday foods, draperies and slip covering, arts and crafts, beginning and advanced drafting, citizenship, office machines, modern math, income tax, conversational Spanish, small motors and adult driver education.

A minimum of 10 persons are needed for a class to be offered and courses not offered will be arranged if 10 people sign, or request and a teacher is available, according to Ansel Anderson, director.

British People Will Vote Oct. 15

LONDON (AP) — Prime Minister Sir Alec Douglas-Home met today with Queen Elizabeth II and then announced that the British national election will be held Thursday, Oct. 15.

On that date an expected 25 million or more voters will elect a new 630-seat House of Commons to legislate for this island kingdom for a five-year term. The old Parliament will be dissolved Sept. 25.

If Douglas-Home's Conservative party wins control of the House of Commons in the election he will continue as prime minister, the executive head of the government. If the victory goes instead to the Labor Party, Douglas-Home will be succeeded as prime minister by Harold Wilson.

Public opinion polls indicate the race may be close.

Three Fox Cities CAP Cadets to be Promoted

Three Civil Air Patrol cadets from the Fox Cities are scheduled for promotion when the Fox Cities Composite Squadron of CAP conducts its presentation program at Wilson Junior High School at 7 p.m. today.

Erwin Roberts Jr., commander of the Fox Cities CAP unit, said cadets being promoted are Ronald Wiesmann, to cadet commander; Robert Massey, deputy commander, and Peter McNamee, cadet lieutenant and recruit flight leader.

JV Fans Cheer Loud, Long

David Emanuel, Son of Mr. and Mrs. Richard Emanuel, sat on the grass and kept his eye on every play made during the morning contest Saturday. At right, Mrs. Herbert Eggert expresses joy at the outcome of the game. The Appleton team downed the Green Bay West-JVs by a score of 12-6. (Post-Crescent Photos)

There's more to high school football than playing on the varsity team. Lots of hard work in the ranks of the JVs goes into the making of the players who score those touchdowns and catch the tricky passes every Saturday during the season.

The family of a JV player also goes through a kind of training. Members learn to expect a late dinner hour. They also find their ways to a football field early on a Saturday morning, when sleep beckons strong. They learn when to cheer and when to be silent, when to clench their teeth and when to know son or brother only had the wind knocked out and there's nothing to worry about.

The Appleton JVs played the JV team from Green Bay West Saturday morning at Madison Junior High School. The crowd stood during the game, but they cheered with as much enthusiasm as any spectators at any game anywhere.

The Crowd Didn't Mind the sun in its eyes or the brisk morning temperatures. Its cheers were loud and long and as often as there was any possible reason. They stand along the sidelines, above, and watch sons, brothers and neighbors play the game. Below left, Brad Eggert got the best view of anyone

as he rode the shoulders of dad William Eggert, Neenah. Below right, two future cheer leaders sing out their team's praises. They are Therese Kramer, daughter of Mr. and Mrs. Donald Kramer, and Barbara Birk, daughter of Mr. and Mrs. Leonard Birk. (Post-Crescent Photos)

BPW Hears Story of Conservation Plan

Preservation of the scenic beauty, the water and wildlife resources and the development of recreational resources is the aim of the Wolf River Regional Planning Commission, its chairman, Gordon Bubolz, told members of the Appleton Business and Professional Women's Club Tuesday evening at the Conway Hotel. Mr. Bubolz said at the dinner meeting that the Commission is dedicated to those aims for the seven counties participating in the plan.

The speaker stressed the importance of the long view in any plan for conservation and development. The population of the world is expected to be 6 billion by the year 2000 A. D. In this country the present population will double. It is this expanding population and its needs that call for a plan to preserve the area.

County Representatives

The commission is composed of representatives from each county. Over 200 volunteers assist in advising the group. One objective is to protect originating sources of water supply. The speaker noted that water tables are at all time lows and that in some areas, supplies are critical. Unless we do a good job of managing now, the future prospects look dim. Mr. Bubolz said it was essential to preserve the wetlands, such as Center Swamp and the Hortonville Swamp, rather than reclaiming them for croplands, already in oversupply. The wetlands are nature's sponges, and the 700 acres per county reclaimed each year act to destroy originating water sources.

We must, he stated, create a philosophy and attitude that recognize waterways as being as important as highways.

Counties joining together as those in the Wolf River area have done is a heartening step forward, the speaker noted. Water and wildlife and the tide of recreational needs know no county lines. The responsibility for them must also be broad and extensive.

Plan For Region

The Commission is in the process of developing a plan for the entire region. Among its goals is the utilization of land for its best capability, insuring the renewability by nature of the resource, whether it be water, wild life or scenic beauty. In rural areas there are no land use restrictions or zoning ordinances, he said, and in lake and river areas there is little control for promoting the best uses of land and water.

We must expect to put a lot of work into making the project a success, Mr. Bubolz said. Although business, industry and population are expanding, land areas remain the same, and unless we are to lose them, we must begin serious efforts now.

Cultural Heritage

In conjunction with the effort to preserve and develop natural resources, the Commission is also attempting to preserve cultural resources of the area, recognizing the ethnic and cultural heritage, the contributions of the Indians and the French, the early logging and fishing days, the growth of business and industry and the progress in agriculture and education. To this end, a book, 'Wolf River Heritage', is being written by experts from the area.

The entire program is aimed at looking beyond today, so that we will not, as Gen. Omar Bradley suggested, leave our children a legacy of asphalt and concrete from which they are trying to escape.

The program was planned as part of the BPW agenda item concerning Civic Participation and Legislation. Mrs. W. R. Haese, Miss Juanita Kiesow and Miss Violet Pedersen were co-chairmen of the event.

Miss Eastwood Wed To Fuad Fuleihan

Miss Mary Ann Eastwood became the bride of Fuad F. Fuleihan at 5:30 p.m. Thursday at the National Evangelical Church, Beirut, Lebanon. The Rev. Farid Audah officiated at the double ring ceremony.

Mr. and Mrs. Paul R. Eastwood, 2306 Gmeiner Road, are parents of the bride. The bridegroom is the son of Mr. and Mrs. Farid A. Fuleihan, American University of Beirut.

Escorted to the altar by an American Embassy attache, the bride chose Miss Sandra Seering, Appleton, as maid of honor. Miss Amal Ra'ad served as junior bridal aide.

The bridegroom's brother, Samir F. Fuleihan, acted as best man. Asa'd A'ad was junior male attendant.

After a wedding trip to the mountains in Lebanon, the couple will reside in Beirut where Mrs. Fuleihan will teach at the Beirut College for Women and where her husband is chief consultant with Associated Consulting Engineers.

Mrs. Fuleihan was graduated from the University of Wisconsin, Madison, and received her master's degree from the University of California, Davis, Calif. Her husband received his bachelor's degree from the American University of Beirut and his master's degree from the University of Wisconsin.

MMM Sets International Party Theme

An international theme has been chosen for the MMM party at 8 p.m. Saturday at the First Methodist Church.

Miss Sue Miller will take the group on an imaginary tour of France: John Schilling will port on a tour of Syria, and Dr. Hardev Singh Dugal, Dehra Dun, India, will take the group on a tour of his homeland. A typical Puerto Rican lunch will be served.

Mr. and Mrs. Lawrence Nysstrom are chairmen, assisted by the Rev. and Mrs. Marvin Schilling. Mr. and Mrs. John Swanson, Mr. and Mrs. William Porter, Mr. and Mrs. Arthur Jepson, Mr. and Mrs. Norman Em-France: John Schilling will port on a tour of Syria, and Dr. Hardev Singh Dugal, Dehra Dun, India, will take the group on a tour of his homeland. A typical Puerto Rican lunch will be served.

'Our Wolf River Heritage' was the topic presented by Gordon Bubolz at the opening meeting of the Appleton Business and Professional Women's Club Tuesday evening at the Conway Hotel. Talking over the program are Mr. Bubolz, Mrs. Wilbur Hack, vice president, and Mrs. Ada Barthule, president. (Post-Crescent Photo)

New Officers Announced by CWV Auxiliary

KIMBERLY—Mrs. John Fiers will serve as president of the Holy Name Catholic War Veterans Auxiliary this year. She will be assisted by Miss Anna Vanden Wymelenberg, first vice president; Miss Barbara Porter, second vice president; Mrs. Anthony Oudenhoven, third vice president; Mrs. Eugene De Bruin, secretary, and Mrs. Thurston Lambie, treasurer.

Mrs. Nellie Vanden Oever will serve as ritual officer; Mrs. Leo Santkuyil, welfare officer; Mrs. Martin Hanegraaf, historian, and Mrs. Joseph LeBlanc, membership chairman.

Trustees named were Mrs. Anna Kramer, Mrs. Antone Vanden Boom and Mrs. Arthur Schense.

A guest card party will be held at 8 p.m. Oct. 8 at the Holy Name School Cafeteria.

25th Anniversary

Mr. and Mrs. Luther Frederick Clausen, 224 E. Byrd St., celebrated their 25th wedding anniversary Sunday at a dinner party at the home of Mr. and Mrs. George E. Merkl, 848 E. Frances St. The party was arranged by Mrs. Clausen's brothers, George Merkl and Lloyd Merkl, Mayville.

The couple was married Sept. 15, 1939.

The Appleton Junior Woman's Club entertained new and prospective members at a tea Saturday afternoon at the home of Mrs. Ralph Jacobsen, 1519 N. Douglas St. Mrs. Jeffrey G. Burmeister served as chairman, assisted by Mrs. Jacobsen and Mrs. James Gitter. Below, guests Mrs. Donald Garelick and Mrs. David Weiland talk with Mrs. Jacobsen and Mrs. Burmeister. Visiting at right are Mrs. An-

thony Stever and Mrs. Michael Lukashewich, guests, and Mrs. James Walkowiak. Hostesses at the fall event were Mrs. Richard Dratz, Mrs. William King and Mrs. Richard Davidson. Assisting at the tea table were Mrs. Maynard Burstein, Mrs. Harry Hall, Mrs. Thomas Plouff, Mrs. Thomas Metz, Mrs. Ernest LeBrake and Mrs. Leonard Schimke. (Post-Crescent Photos)

Stuccoing Clay Brick Is Possible

BY ROGER C. WHITMAN

Q: Would it be advisable to stucco common clay brick? I have a garage built entirely with clay brick. What is the recommended procedure for this, and the best thing to use?

A: Clay brick (unglazed) surfaces usually have rough enough texture to provide good mechanical key (coarse enough surface for stucco to cling to) and suction (moisture absorption). Check the brick surface by spraying with clean water. If water soaks in, surface is properly absorbent; if water droplets form as they would on a greasy surface, impossible to obtain good bond. If surface is too absorbent, this can be controlled by spraying with water, to prevent too fast stiffening of stucco.

For detailed instructions on applying stucco, and proper mix to use, etc., get copy of "Plasterer's Manual," available from your local Portland Cement Association office, or their headquarters at 33 W. Grand Ave., Chicago 10.

Q: Some time ago you told how to remove hardened mortar carelessly left on outside brick work. Could you repeat this?

A: If this is an extensive area to be cleaned, I strongly recommend having a professional

Couple to Reside in Oshkosh

Miss Claudia A. Berry became the bride of Arthur L. Rupright at 10:30 a.m. Aug. 23 at St. Jerome Catholic Church, Columbus.

Rupright, 1003 W. Commercial St.

Miss Belinda Berry was her sister's maid of honor. David F. Miller, Madison, acted as best man. John Treiber and John Berry ushered.

A reception was held at the Pyramid Supper Club, Beaver Dam.

Mr. and Mrs. Rupright attended the University of Wisconsin, Madison, and are students at Wisconsin State University, Oshkosh.

The couple honeymooned in Wisconsin and reside at 806 W. Scott St., Oshkosh.

Mother Tells Engagement Of Daughter

MENASHA—The engagement of Miss Barbara Jean Wolgram to Mark Wagner has been announced by her mother, Mrs. Ronald Lietz, route 2, Menasha.

Mr. Wagner is the son of Mr. and Mrs. Norbert Wagner, route 1, Chilton.

Mr. Wagner is employed at Montgomery Ward and Co., Appleton.

No wedding date has been set.

"SO UPSET BY CHANGE-OF-LIFE I SCREAMED AT MY HUSBAND"

Suffocating heat waves alternating with nervous, clammy feelings—accompanied often by irritability and nervousness—are well-known to women suffering the functionally-caused distress of middle-life "change"! In doctor's tests, Lydia E. Pinkham Tablets brought relief from such distress to women after woman among cases tested. Get Pinkham Tablets. Act through sympathetic nervous system to relieve distress of "heat waves"!

building cleaner do the job, or a mason. To remove the hardened mortar: Moisten it with a solution of one part muriatic acid in 20 parts of water and allow to act for a few minutes, then flush off with plenty of water. The cement will be softened so it can be scraped off. Repeat application, if necessary. After cleaning, neutralize any acid remaining in the brick surface with ammonia, followed by ample rinsing again with clear water. Because of the corrosive effect of the acid, wear heavy, old clothes, rubber gloves, goggles to protect the eyes while working.

INFANTS' AND TODDLER DEPARTMENT

Members of the Kimberly High School Class of 1959 gathered at the Country Aire Club Saturday evening for a reunion. Looking at a bulletin board of pictures are Mr. and Mrs. Henry Peerenboom Jr. and Mr. and Mrs. Allen Hammen, all of Kimberly. (Post-Crescent Photo)

Your Problems

Mother Says Unfounded Fear Causes Agonies at Childbirth

BY ANN LANDERS

DEAR ANN LANDERS: I would like to say a word to that young woman who was terrified at the prospect of having a child because she could not stand the pain. Before I was married I was equally terrified — and I know why. My mother and my aunt used to compare agonies in my presence when I was a child. It was as if they were engaged in a contest to see who had suffered more.

A physician whom I will call Dr. G. D. changed my life. I married at the age of 32 and had my first child at 33—with no anesthetic and no pain. Dr. G. D. taught me abdominal breathing and started me on a course of exercises which enabled me to give natural birth. (I had four children in seven years.)

The women who suffer are the ones who are frightened. Most of the fright comes from having heard horrible tales from older women, who were also frightened. I hope you will print this letter and let millions of people know that child-birth should be the most rewarding and satisfying experience in a woman's life. — Voice Of Experience

DEAR VOICE: Dozens of women wrote in praise of natural childbirth. Your letter was one of the best and I hope it will help other women escape the bondage of fear.

DEAR ANN LANDERS: Is it normal for people who have been married 16 years to run out of conversation? My husband never was a live wire, but at least he was alive.

I saw this coming five years ago and tried to interest him in dancing lessons, bowling, cards and new friends. He told me to please leave him alone, that he was satisfied with things as they were.

We have three active children, two teen-agers and a boy seven. They are beginning to notice their father is a stick-in-the-mud. My husband's job is strenuous and demanding and he

needs rest, but there should be more to life than work and television.

I'm afraid I'm turning into a nagger, Ann, but what can I do — accept things as they are and count my blessings? — Out of Things To Say

DEAR THINGS: If three active children don't keep you sufficiently busy and stimulated, get involved in club work, politics and your church. And please get off your husband's back, Lady. You can't force new interests on people who don't want them.

If you knew how many husbands suddenly become too darned lively after 40, you'd be happy to see Old Stick-In-The-Mud sitting in front of the TV set night after night. He may not be a jamboree, but at least he's at home where he belongs.

DEAR ANN LANDERS: Who are the "experts" to whom you refer? Recently when someone asked about a free second cup of coffee in a restaurant you said you counseled with your "coffee expert" to determine how much it costs to pour a cup of coffee.

A few days later in response to a letter from a Catholic you referred to your "expert on Canon Law." The letter about the woman who was buried in expensive jewelry brought forth another such reply—this time it was your "expert" on Illinois burial laws.

No matter what the problem you always have an "expert." Are these experts for real? — Curious Of T. C., Mich.

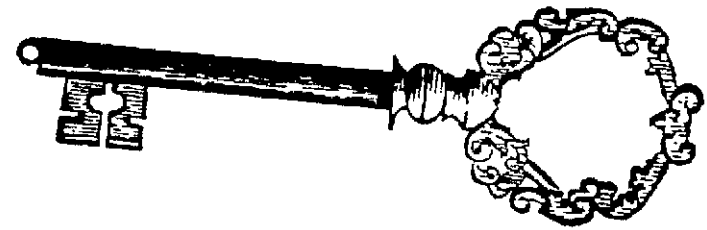

DEAR CURIOUS OF T. C., MICH: They'd better be for real or I'm in trouble.

I consult with authorities in a variety of fields to provide my readers with the best answer possible. When I say I have consulted with "an expert" you can be sure I did indeed check with someone specializing in that particular field.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Ready for College At Twelve

BOULDER, Colo. (AP) — A 12-year-old girl whose father taught her trigonometry at the age of 5 has passed entrance examinations for the University of Colorado.

All her schooling until this summer was given her at home by her parents.

"Essentially," an official said of the girl, Sandra Louise Sanborn, "the tests showed that at the present time she has the capacity for getting A and B grades in competition with today's freshmen."

Lacks Experience

But university officials said Sandra, because of her age and lack of classroom experience, would be up against "unrealistic" competition if she entered.

The girl's parents, Mr. and Mrs. Robert Sanborn, have arranged for her to enter a Catholic high school, St. Gertrude Academy, as a freshman.

The couple got permission from the Colorado Department of Education to give Sandra her schooling at home if they could keep her on a level with her contemporaries in schools.

But a new state law requires the girl to attend school.

Mother Is Teacher

Mr. and Mrs. Sanborn have tried unsuccessfully to open a school for orphans. Sandra's father is an electrical engineer, her mother a teacher employed in the Slavic language department at the University.

"I wasn't fully in agreement when Bob began to teach her trig functions at five," Mrs. Sanborn said. "But he said she might as well be learning that as something that didn't mean anything."

'Time Marches On' In New Belt Look

The soft look brings a new interest in belts—in smooth and suede leather, in crushed and patent leather, in steerhide and calf. There is also focus on reptile, and on jeweled varieties. Any or all will be worn to emphasize a pretty waistline.

Widths run from spaghetti-thin strands to six-inch cummer-

Twelve-Year-Old Sandra Louise Sanborn, Boulder, Colo., passed the examinations given freshmen students at the University of Colorado with high grades, but has been advised against enrolling in the University because of her lack of classroom experience. She has received all of her education at home from her father, Robert, an electrical engineer, and her mother, who holds a master's degree in education. The girl will enter St. Gertrude Academy, a private school for girls at Boulder. (AP Wirephoto)

bunds, in every texture and width.

For added sparkle the smart woman may add costume jewelry in the form of a watch pendant. You may choose from lucky-13 group of spheres and discs on golden chains. Lacquered cases come in five different shades on which golden tracings have been diamond-cut.

Of course these timely charms really keep time; they have unbreakable mainsprings and are shock-proof.

Parents' World

Removing Chance for Child to Do Right Can Cause Self-Hate

BY DR. EVE JONES

Dear Dr. Jones: We had guests for dinner tonight, and my nine-year-old boy was playing records in his room before dinner. I went to his room and asked him to turn off the phonograph to come to dinner. But he didn't obey, so I took the player out of his room. Dr. Jones explaining that he could play records again after supper.

Instead of coming to eat, he crawled into bed and refused to come down! I know something exactly like this won't happen again, but could you help me figure out what went wrong so I can handle a similar situation better?

It's always easier and wiser to insist that a child do the right thing than to do it for him. And never let a child hurt himself. Your son probably wouldn't have been so terribly upset if you had simply ordered him to stop interfering with supper, then stayed with him until he turned off the phono before you accompanied him to the table. By taking away from him all opportunity to do anything right about the phono, you made it easy for him to vent his fury on himself by refusing to eat.

Of course, it would have been ideal if you had discovered why he didn't want to eat when you called him. But it's not always possible to stop to explore each child's peculiar reactions about everything. So don't feel bad about occasionally having to ignore a child's feelings while you get him to behave properly.

Dear Dr. Jones: Our son is now four years old and old enough to attend Sunday School. My husband and I attend churches of different faiths and have never been able to choose between them. We would like to know which you think would be more psychologically difficult

for our son: to go to both Sunday Schools every Sunday (the classes are at different times), to go to different schools every other Sunday, or to go to one school one year and the other one the next year?

Each plan will end up hurting him and confusing him, not only about religion but also about you. Let him attend just one school, every Sunday, every year. If you and your husband can't agree which one to choose for him, ask your church leaders to choose for you. Or if all else fails, let providence decide for you and flip a coin.

Greece in Festive Mood

BY EDDY GILMORE

ATHENS, Greece (AP) — King Constantine of Greece and Danish Princess Anne-Marie planned a visit before lunch today to the press center set up in the Grand Bretagne Hotel for the 400 reporters and photographers covering their wedding Friday.

Court sources said the 24-year-old king and Anne-Marie, 18, were looking forward to meeting the journalists. Late this afternoon a representative of Premier George Papandreu's office will entertain the Greek and foreign press at dinner at the new Hilton Hotel.

Although Constantine has reigned only six months, he has been going about certain things in a very relaxed fashion.

He delighted 5,000 Greeks by holding three highly informal meet-the-people parties at Tatoi Palace, 15 miles from Athens. No invitations were necessary. Greeks from all walks of life flocked to the palace to shake hands with their king, meet Anne-Marie, and wish the couple well.

In sharp contrast to the informal receptions will be Wednesday's state ball at the royal palace in Athens. About 1,700 guests will attend, the men in white tie and tails, the women in tiaras and ball gowns.

In Conversation Monday at a public reception in the Greek capital are King Constantine of Greece and Princess Anne-Marie of Denmark. The couple will be married in Athens Friday.

A Lovelier You

By Mary Sue Miller

Pull Out a Plum

BY MARY SUE MILLER

After a too long absence from the fashion scene, plum and grape shades are making a return engagement. And they look plum wonderful!

Once you have seen them, only a question of becoming-ness could curb a desire to wear them. For flattery, these hues

puffiness, or wrinkles around the eyes. These problems can be brought under control by proper skin care, cosmetic applications, health habits and facial expressions. Methods are detailed in my leaflet, The Eyes of Youth. To obtain your copy, write Mary Sue Miller in care of Appleton Post-Crescent, enclosing 10 cents in coin and a large, self-addressed, stamped envelope.

(Copyright, 1964)

need only be keyed to your skin tone and be worn with complementary makeup and accessory touches. In your skin is fair, wear a blued shade—just like that of a blue grape. To set it off, select a bluish pink or a rosy red lipstick, and smoky blue eyeshadow.

Accessorize with a hat that repeats the color of your lipstick. Or, as an alternative, try a flash of turquoise topside. Of course you may wish to match your hat to your costume. In that case, use the contrasting color at your throat in a scarf or necklace.

If your complexion is on the brunet side, cast your lot with the reddish plum and grape shades. (Damson plum, for instance.) Key your lipstick to vivid or blood-ruby red, your eyeshadow to a deep translucent green.

Dress your head or throat in vivid, clear red. If you feel for the daring, play around with brilliant Siamese pink in a topper. It's a stopper!

That way, y-o-u look plum wonderful!

You are not lost to youthful beauty because of dark circles.

Today's Etiquette

BY LOUISE DAVIS

REVELLING TEENAGER Dear Louise: I have read a couple of your columns where you said that it is important to always be on time. I am a teenager and can't say I agree with you. If I make a date with a boy to meet him somewhere at say 8 o'clock, I am on time.

He is usually 15. Miss Davis minutes late. How does that make me feel? I'm stood up. A girl shouldn't be kept waiting so isn't it better if she shows up 15 minutes or a half hour late? Louise Davis Answers:

A very large no. I'm going to pin back your pretty little ears. A well-mannered girl doesn't make a date to meet a boy "somewhere" other than at home. Then if the boy is late, the girl isn't stood up but if he is continually late, he's an ill-mannered boy and it's time for the girl to encourage others who will show up on time. I'm surprised that your parents allow you to skip out alone to meet a boy. If they have lost their hold on you, I hope you will get a hold of yourself and behave in such a way that the boys will respect you.

Pair Weds In Double Ring Rite

NEW LONDON — Most Precious Blood Catholic Church was the setting at noon Saturday for the wedding of Miss Patricia Irene Heineman and Samuel O. Shaw. The Rev. Richard Allen, the bridegroom's uncle, officiated at the double ring nuptial high mass.

The bride is the daughter of Mrs. Irene Heineman, 214 E. Spring St., and William Heineman, route 3, New London. Mr. and Mrs. Marshall Shaw, route 1, New London, are the bridegroom's parents.

Mrs. Clarence Van Ark served as matron of honor. Bridesmaids were Miss Mary Moeller, Miss Joann Millard, Mrs. Thomas Klatt and Miss Sharon Poehlmar. Miss Connie Heineman attended as junior bride aide.

Serving his brother as best man was John Shaw. Clarence Van Ark, Peter Popke, Thomas Klatt and Lee Shaw were groomsmen. Ushing duties were fulfilled by Thomas Allen and William Heineman Jr. Patrick Shaw was junior male attendant.

A wedding reception was held at Bean City.

Mr. Shaw is employed at Curwood Inc. The couple will reside at route 3, New London.

Miss Jacquelin Gage

Betrothal of Jacquelin Gage Announced

Mr. and Mrs. Lawrence R. Gage, 744 W. Front St., have announced the engagement of their daughter, Jacquelin, Rochester, Minn., to Dr. Hector F. Rubio Chavannier, Rochester. He is the son of Dr. and Mrs. Mateo Rubio Septien, Mexico City, Mex.

Miss Gage, a graduate of the College of St. Teresa, Winona, Minn., is employed as a registered nurse at St. Mary Hospital, Rochester. Her fiancé is a graduate of the medical school at the National University of Mexico, Mexico City, and has a fellowship for specialization in neurological sciences at Mayo Clinic, Rochester. The couple plans to marry Nov. 28.

Chicago Home of Newlyweds

TIGERTON—The Rev. Donald Rose performed the wedding of Miss Barbara Ann Ebert and Thomas Anthony Ruppenthal at 10:30 a.m. Saturday at St. Anthony Catholic Church. Mr. and Mrs. Urban Ebert, route 2, Tigerton, are parents of the bride. The bridegroom is the son of Mr. and Mrs. Edward Ruppenthal, route 2, Tigerton.

Attending as matron of honor was Mrs. Joseph Ruppenthal, a sister-in-law of the bridegroom. Miss Mary Ebert and Miss Elaine Hoffman were bridesmaids.

Joseph Ruppenthal acted as best man for his brother. James Ebert and Gary Erickson were groomsmen. Richard Ebert and Roger Presl ushered.

A reception was held at the Tigerton Dells.

Mrs. Ruppenthal has been employed at the Family Finance Co., Milwaukee. Her husband is employed for the A. B. Dick Office Supply Co., Chicago. They will live in Chicago.

Manawa Setting for Ceremony

MANAWA—Nuptial vows were exchanged by Miss Shirley Patri and Donald Mielke Sept. 6 at St. Paul Lutheran Church. The Rev. C. F. Luedtke officiated at the wedding of the daughter of Mr. and Mrs. Arthur Patri, Manawa, and the son of Mr. and Mrs. Hugo Mielke, Marion.

The bride chose Miss Margaret Pethke for her maid of honor. Miss Karen Mielke and Miss Nancy Patri attended as bridesmaids. Junior bridesmaid was Miss Cheryl Patri.

Kenneth Mielke served his brother as best man. Groomsmen were LeRoy Jossie Jr. and Orval Patri. Junior attendant was Jeffrey Suehs. Ushering duties were shared by Robert Patri and Dennis Mielke.

The couple was honored at a reception held in the church parlors.

Mrs. Mielke was employed at the George Banta Co., Menasha. Mr. Mielke is with FWD Corp., Clintonville.

The couple is residing at route 2, Marion, after a honeymoon in Kentucky.

Thern Wisconsin and Mackinac Island, the couple will live at 1412½ W. Winnebago St.

Mrs. Daniel Domro

Marriage Vows Said Saturday

MENASHA—Daniel C. Domro claimed Miss Shirley A. Buksyk as his bride at 11 a.m. Saturday at St. John Catholic Church with the Rev. Stanley Kolbusz officiating.

Mr. and Mrs. Norman Buksyk, 1532 Plank Road, are parents of the bride. The bridegroom is the son of Mr. and Mrs. Charles Domro, 108 W. 14th St., Kaukauna.

Miss Barbara Buksyk, a sister of the bride, was maid of honor. Attending as bridesmaids were Misses Shirley Viessers, Linda Mollon and Lynn Domro.

Paul Braun served as best man. Groomsmen were Clayton Miller, James Cook and Thomas Rappert. Leonard Buksyk and Dennis Buksyk ushered.

The couple was honored at a wedding reception at the Neenah Eagles Club.

Mrs. Domro is employed at the Menasha Corp. Her husband is employed at Earl Litho Printing Co.

The newlyweds are honeymooning in northern Wisconsin.

Wedding Promises Exchanged

Wedding promises were exchanged Sept. 5 at Zion Lutheran Church by Miss Judith Ann Brandt and Donald H. Dake. The Rev. W. H. Gammelin officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Howard Brandt, 1609 Charlotte St. The bridegroom is the son of Mrs. Paul Boettcher, 1531 Jefferson St., and James Dake, route 2, Kaukauna.

A sister of the bride, Miss Charlene Brandt, attended as maid of honor. Bridesmaids were Mrs. Daniel Green and Miss Sandra Gutche. Miss Sally Dake acted as miniature bride. Leroy Dake served as his brother's best man. Daniel Green and Larry Dake were groomsmen. Ushering duties were shared by Gerald Brandt and Donald Klitzke. Steven Klitzke was ring bearer.

Penning's Country Club, Twelve Corners, was the setting for a wedding reception.

The newlyweds honeymooned in the southern states and reside at 420½ E. Summer St. Mrs. Dake is a nurses' aid at Appleton Memorial Hospital. Her husband is employed at the Elm Tree Bakery.

January Rite Planned by Engaged Pair

KAUKAUNA—A January wedding is planned by Miss Ruth Ann Buchinger and John Van Treeck Jr. whose engagement has been announced by her parents, Mr. and Mrs. Michael Buchinger Jr., route 3, Kaukauna. Mr. Van Treeck is the son of Mr. and Mrs. John Van Treeck Sr., 505 W. Sixth Street.

The bride-elect is employed in the main office of Appleton Coated Paper Co., Appleton. Her fiancé is with Keller Structures, Inc., route 3, Kaukauna.

Says Uniform Code Needed In Fox Valley

**Plan Unit Member
Feels Building Law
Will Prevent Blight**

Need for modern, uniform building codes is widespread throughout the Fox Valley, the chairman of the Fox Valley Regional Planning Commission building code committee said Monday night.

Willard Johnson, head of the planning commission group which has been drawing a proposed uniform code, said the code was needed in towns as well as cities and villages to "prevent blight before it gets started."

The committee has been delegated to work out the most desirable way to present codes to each member community and to examine and make recommendations regarding the most efficient and acceptable way to administer the codes.

Give Back Ground

A table showing results of a survey of all building and inspection activity in each of the municipalities for the past year was presented to the committee.

John Lohrenz of the planning staff, who prepared the survey, said it will provide background information for making recommendations.

In discussing the scope of the committee's activities, members agreed to pursue the following four-point program:

—Establish minimum qualifications for inspectors.

Urge Co-operation

—Encourage co-operation between municipalities and the use of inspectors.

—Propose standard fees for inspections.

—Explore the possibility of bonding all contractors for the homeowner's protection.

Connecticut Birth Control Law Challenged

WASHINGTON (AP) — The Supreme Court was asked Tuesday to declare unconstitutional Connecticut's 85-year-old birth control law.

The law prohibits use of contraceptives and makes it illegal to give advice about their use.

The statute was attacked in an appeal by Dr. C. Lee Buxton, medical director of the Planned Parenthood League of Connecticut, and Mrs. Richard W. Griswold, executive director of the league, from their conviction on charges of giving advice on the use of contraceptives. The league has fought for repeal of the state law for more than 40 years.

The appeal said the case raised fundamental questions of personal liberty and property rights. The state law, the appeal papers said, regulates the practice of medicine in an arbitrary, unreasonable and unscientific manner so that it "seriously restrict physicians in the practice of their profession and jeopardizes the life and health of their patients."

Relief Corps Completes Plans for Convention

NEW LONDON—Henry Turner Relief Corp members met Monday to make final plans to attend the district convention at Appleton, Thursday.

A patriotic program preceded games. Hostesses were Mrs. Mathias Gunn, Mrs. Andrew Schertz and Mrs. Clayton Holmes.

Opponents Can Reverse Bad Play

You don't automatically go down just because you adopt the wrong line of play: the opponents may throw the hand right back to you. This is even better than playing the hand properly; you can have the fun of reminding them that you gave them a sporting chance to beat you.

South won the first club trick, cashed the ace of diamonds and

led his low diamond toward dummy. West thereupon went into the grandfather of all huddles.

West couldn't spare a club since he might need all of his clubs to defeat the contract. He was afraid to discard a spade since South had bid the suit and might be able to run the entire suit after one discard.

After much agonizing West discarded a heart. South thereupon cashed the three top hearts and thus set up his last heart. This turned out to be his ninth trick.

Should Throw Spade
West should throw a spade on the second diamond. This is safe if East has the king or jack of spades. Even if South has K-J-x-x of spades he may lose a finesse to West's queen if West discards his lowest spade without excessive distress.

If West keeps his hearts South can get only three heart tricks. Declarer can cash the ace and king of hearts to drop the jack and can then lead a heart to dummy's ten, but cannot get back to his own hand to cash the queen of hearts.

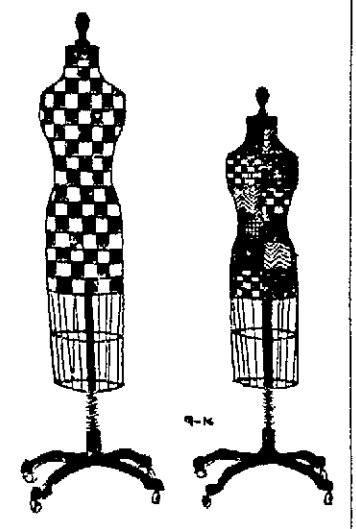

There is no need for South to offer West this sporting chance. South should start on the hearts immediately, cashing the ace and king before touching the diamonds. When the jack of hearts drops, declarer can lead to the ten and return to his hand with the ace of diamonds to cash the queen of hearts.

The diamonds will not run away. If the missing five diamonds are divided 3-2, the suit will run just as well after the hearts have been taken as before. If the diamonds do not break normally (as in this case) it helps to have the ace of diamonds in the South hand to play the hearts to best advantage.

Daily Question
Partner opens with one club, and the next player doubles. You hold: S Q 9 4; H 9 8 6 5; D 7; C Q 10 8 5 3. What do you say?

Answer: Bid three clubs. The jump raise after a takeout double promises good trump support in a weak hand. The idea is to interfere with the bidding of the opponents by getting up as high as you safely can.

(Copyright, 1964)

TALL AND SLIM, SHORT AND PETITE

She's tall and slim and loves to dress in bold plaids, giant checks, large floral prints. She looks for bolero suits with full sweeping skirts. Her blouses are full with dolman type sleeves. She enjoys capes, stoles, and scarves. And that tiny waist — well, she does love to show it off. But the short and slender miss makes the most of her doll-size figure without appearing babyish when she wears not too full skirts, either gored or gathered. Her pleated skirts are narrow or knife-pleated and her coats have simple, straight lines or are slightly flared. She knows petite collars, cuffs, and delicate trimmings are her best bet, and never, but never, wears large puff sleeves, oversize pockets, and wide belts.

Are you this type or that type? Well, whatever your size, shape, and height, you can look just lovely in fashions suited just for you.

(Copyright, 1964)

When Miss Janis Boykin, 17, Melbourne, Fla. learned she was winner of a grand prize of \$25,000 in a national bake off contest, she received the good news with tears. She is being comforted by her home economics teacher who had her enter the contest in Miami Beach, Fla. Miss Boykin entered a "Peachesy Pie." (AP Wirephoto)

SEAMS TO ME

By Patricia Scott

Questions On Sewing

Q. Can you tell me how to apply horseshair braid to the bottom of a skirt? The top part or edge is always too wide for the skirt and I don't know how to take it in. Mrs. M. G.

A. Sew the braid to the lower edge of the skirt, on the right side of the fabric. Overlap ends about two inches. Turn braid to wrong side of garment. Baste along the lower edge. Shape upper edge by drawing a thread in the braid. This will take in the fullness. Secure the other end of the thread so that it will not be pulled through the braid. Bind hem braid to skirt. (See illustration).

Q. I have some beautiful buttons and would like to make them into cuff links for a silk blouse. How do I make them? Miss L. D.

A. Holding the two buttons slightly apart, draw the thread through both buttons three or four times. Then, cover the thread with a blanket stitch.

Q. Packages of hooks and eyes always have straight and rounded eyes. Which do I use and for what? Mrs. M. A.

A. The straight eye is used on edges that overlap. The rounded eye is used when edge is used when edges are to meet.

Q. Can you tell me if there is a difference between bias binding and bias trim? I'm never sure when one is indicated in sewing instructions. Miss M. A. L.

A. Bias binding is always folded over the edges of a garment, whereas bias trim is used on top of a piece of fabric as trim and is top-stitched by machine or slip-stitched by hand into position.

Q. My daughter is going to start sewing. What do you suggest she make as her first project? Mrs. S. S.

A. I suggest a very simple skirt either straight or flared. In this way she will practice working on a machine but won't get too involved with difficult lines.

Q. A friend of mine told me that when cutting out satin, you must follow the cutting instructions for fabric with a nap. Is this true? And why? Miss J. F.

A. Your friend is correct. Satin reflects light in different directions and a dress can look shaded if all pieces are not cut going in one direction.

Patricia Scott has prepared a booklet, *How To Alter Your Dress Patterns*, which gives complete instructions for altering so that finished garments will fit perfectly. For your copy

Miss Fahrenkrug Feted at Party

Miss Ellen Mae Fahrenkrug was honored at a miscellaneous bridal shower Aug. 12. Hostesses were Mrs. Charles Ruffing, Hilbert, Mrs. Elmer Ellis, Oshkosh, and Mrs. Frank Sonneleitner.

The bride-elect, the daughter of Mr. and Mrs. Alois Fahrenkrug, route 1, Menasha, will be married Saturday to Robert M. Ruffing, the son of Mr. and Mrs. Raymond Ruffing, route 1, Hilbert. The ceremony will take place at Holy Angels Catholic Church, Darboy.

Know Plant Cycles

Most house plants pass through seasonal growth cycles. In general, water and fertilizers should be reduced or withheld entirely during periods of low plant activity.

of this guide to correct fitting, write to Patricia Scott in care of Appleton - Post - Crescent, enclosing a long, self-addressed, stamped envelope and 25 cents in coin to cover costs of printing and handling.

Miss Scott is always glad to hear from her readers, and whenever possible will use their questions in her column, but because of the great volume of mail received daily, she cannot answer individual letters.

Lawrence Says

Many Opposed To Shuffling Of Students

General Fear on North of Artificial School Integration

BY DAVID LAWRENCE

WASHINGTON — Who really knows today what the phrase "civil rights" means? For a while, it looked as if only the people in the south were against "integration" in the public schools. But now it turns out that measures taken in the State of New York to correct "racial imbalance" are being protested by white parents, who have brought about a boycott which kept a quarter of a million students away from public-school classes this week.

The parents are opposed to an edict of the Board of Education of New York City, which has favored a plan to transport by bus certain students from one neighborhood to another to bring about a numerical balance of races in the classroom.

Parents in the city of Cleveland are conducting a similar boycott, and all through the north there is a general fear among parents that, sooner or later, other cities will follow the same pattern in seeking to eliminate what has often been called "de facto segregation."

If, moreover, the decision of the Supreme Court rendered on May 17, 1954, in its famous school-desegregation case, is read, it will be noted that, theoretically, not until every class in every public school contains both white and colored children can the educational process be said to be effective. The Supreme Court said:

Tangible Factors

"Does segregation of children in public schools solely on the basis of race, even though the physical facilities and other 'tangible' factors may be equal, deprive the children of the minority group of equal educational opportunities? We believe that it does."

The court went on to say that discrimination in the public schools interferes with the opportunity to get a good education. The court declared:

"Such considerations apply with added force to children in grade and high schools. To separate them from others of similar age and qualifications solely because of their race generates a feeling of inferiority as to their status in the community that may affect their hearts and minds in a way unlikely ever to be undone."

The high court quoted with approval a lower court opinion which stated:

Greater Impact

"Segregation of white and colored children in public schools has a detrimental effect upon the colored children. The impact is greater when it has the sanction of the law; for the policy of separating the races is usually interpreted as denoting the inferiority of the Negro group. A sense of inferiority affects the motivation of a child to learn. Segregation with the sanction of law, therefore, has a tendency to retard the educational and mental development of Negro children and to deprive them of some of the benefits they would receive in a racially integrated school system."

There are many advocates of "integration" who do not wish to go much farther than what is called a "token" system, whereby a few Negro children are placed in some of the classrooms of what are essentially all-white schools. But the Supreme Court's opinion plainly emphasizes a belief that all—not just a few—Negro children must have the same opportunities or else the purpose of "integration" has not been fulfilled.

Civil Rights Act

The Civil Rights Act, on the other hand, recently passed by

Congress provides that "desegregation" shall not mean the assignment of students to public schools in order to overcome racial imbalance." This was inserted in an effort to get the bill through Congress, but it is meaningless because Congress has no authority over the assignment of students in public-school districts. This is a matter reserved to the states or the courts. The whole spirit of the Civil Rights Act is that only if discrimination occurs through the application of state laws can the federal government really intervene. So, while a pious declaration against a policy of assigning pupils so as to overcome "racial imbalance" may be politically expedient, it apparently has not been heeded by the authorities in the state of New York.

Racial Imbalance

The late President Kennedy said he was opposed to artificial attempts to correct "racial imbalance." Former Attorney General Robert F. Kennedy, who is the Democratic nominee for the United States Senate from the state of New York, has just announced that he, too, is against artificial means to correct "racial imbalance," and that he opposes transporting school children in buses from one section of the city to another. Senator Keating, the Republican nominee, takes the same view.

So in the middle of the campaign in the second most populous state in the union, the candidates of both parties have announced their opposition to a basic principle of education which the Supreme Court laid down 10 years ago. In spite of this, the Supreme Court decision is, on the one hand, hailed as a great step forward, but, on the other, its literal application is studiously avoided, due to the hypocrisies of modern politics.

AVS to Offer Printing Study

Evening Courses Will be Taught by Retired Printer

Two evening courses for printers will be offered this fall by the five Fox Cities vocational and adult schools.

Both courses—one in simplified accounting for printers and one in estimating for both letterpress and offset lithography printing—will meet in the Appleton Vocational and Adult School.

The course in simplified accounting is planned for management officers and accountants in printing plants. It will meet from 7 to 9 p.m. Thursdays for 10 weeks starting Oct. 8. The fee is \$8.

\$8 Fee

The course in estimating for letterpress and offset lithography printing is planned for printers who want to be estimators, printing salesmen, buyers of printing, advertising production men, advertisers, paper salesmen and those in allied activities. It will meet from 7 to 9 p.m. Mondays for 10 weeks, starting Oct. 5. The fee is \$9.

Charles W. Coffin, Appleton, who retired recently after 10 years as production manager with Badger Printing Co., Appleton, will be the instructor for both. Coffin had many years experience as production manager, estimator, printing salesman and department manager with Chicago firms before coming to Appleton.

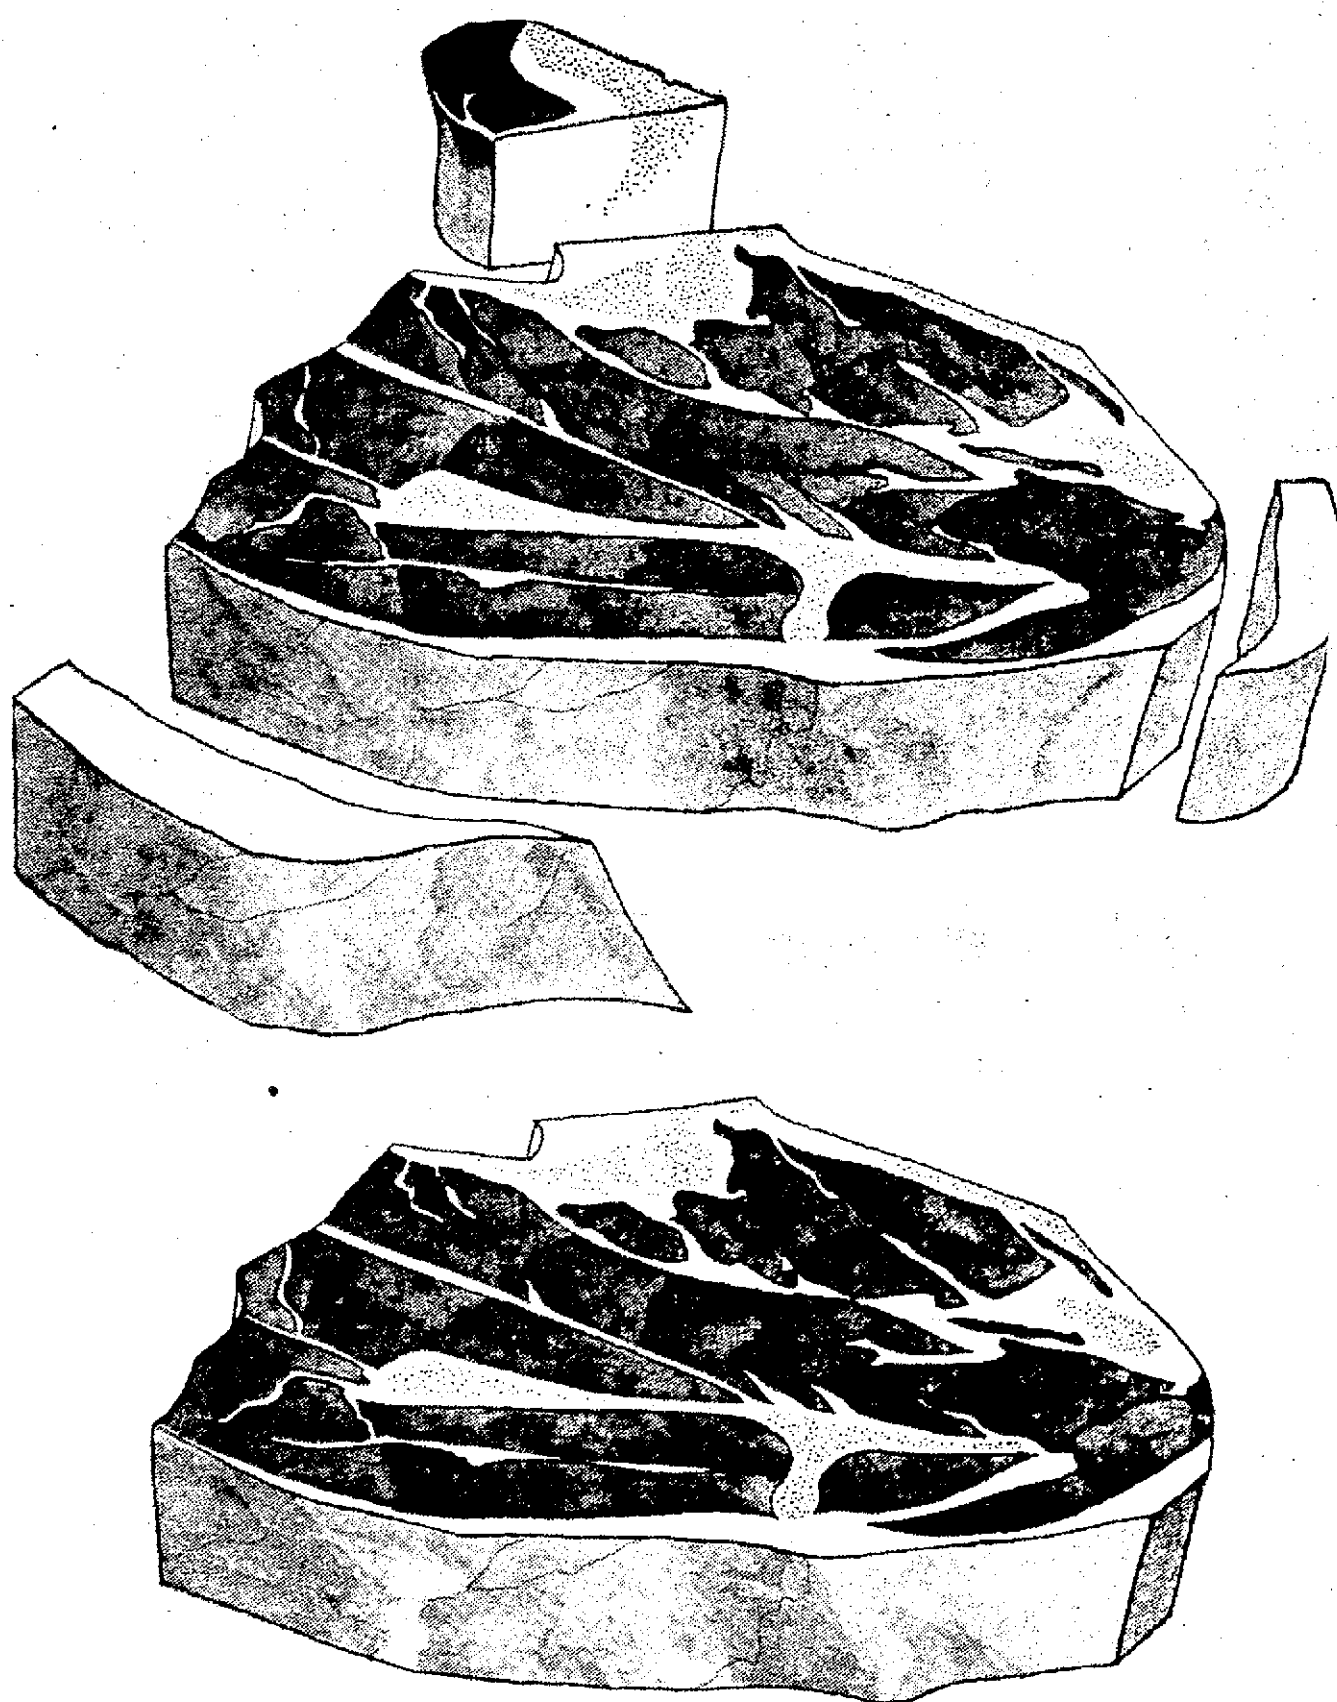

Coffin has a bachelor of arts degree from DePauw University in Indiana and took two years of graduate study at Stanford University and special technical courses at the University of California, the Chicago Academy of Fine Arts and Northwestern University.

Enrollment in both courses will be limited. Persons interested should enroll at the Appleton Vocational School before Sept. 26.

Falk Dividend Declared

MILWAUKEE—The board of directors of The Falk Corporation has declared a regular quarterly dividend of 25 cents per share, payable Oct. 2 to other hand, recently passed by shareholders of record Sept. 24.

Leaders List Stars' Preference in Coming Election Bout Between Johnson, Goldwater

BY JAMES BACON

HOLLYWOOD (AP) — To a movie casting director, President Lyndon B. Johnson is the perfect John Wayne type. But Wayne, who bears an uncanny resemblance to Johnson, even to the walk, is one of Sen. Barry Goldwater's biggest boosters in movieland.

Gregory Peck, another of Hollywood's most durable hero types, is just as solidly behind Johnson in the presidential race. It appears that Hollywood is going to be more active than ever politically, but there are some surprises.

Party Contributor

Jack L. Warner, one of the Republican party's biggest contributors over the years, says only he and God will know how he votes this year.

And Mervyn Leroy, the producer-director who rode on the Dwight D. Eisenhower and Richard M. Nixon Republican campaign trains from 1952 to 1960, says tersely: "I'm not in politics this year."

Ronald Reagan, once one of the most liberal Democrats in the movie industry, and one of its most militant union leaders, is the Hollywood leader of the Goldwater forces.

It was Reagan who introduced the Republican presidential candidate last week at the Dodger Stadium rally that attracted more than 53,000 persons at \$1 a head.

State Co-Chairman

Reagan, state co-chairman of the Citizens for Goldwater-Miller, lists the following as active Goldwater boosters: Walter Brennan, Leon Ames, Roy Rogers, Dale Evans, Efron Zimbalist, Clint Walker, Raymond Massey, Colleen Gray, Randolph Scott, Cesar Romero, Robert Taylor, James Stewart, June Allyson, Pat Boone, James Drury, John Payne, Irene Dunne, Norman Turog, Hedda Hopper, Donna Reed, Tony Martin, Cyd Charisse, Jeannette MacDonald, Gene Raymond, Robert Stack, Marshall Thompson and Walt Disney.

George Murphy, the former movie song and dance man, is the Republican nominee for U.S. senator from California.

Lew Wasserman, head of MCA-Universal Ltd., is head man for the Democrats. David Lipton, vice president in charge of public relations for Universal Pictures, is Wasserman's chief aide.

Active Supporters

Lipton lists the following among the most active Johnson supporters:

Burt Lancaster, Kirk Douglas, Tony Curtis, Marlon Brando, Robert Vaughn, Paul Newman, Joanne Woodward, Janet Leigh, Angie Dickinson, Natalie Wood, Steve McQueen, Frank Sinatra, Peter Lawford, Sammy Davis, Nat King Cole, Milton Berle, Harry Belafonte, Eddie Fisher, Shelley Winters, George Jessel, Henry Fonda, Danny Thomas, Connie Stevens, George Stevens, Jr., Steve Allen and Barry Sullivan.

Many big stars keep silent on the ground that it is not good show business policy to take sides.

Bob Hope, Bing Crosby and Cary Grant are among the silent ones.

Quips Hope: "I get laughs by making gags on both sides. I never alienate a laugher."

One of the most unusual political cases in the movies is Arthur O'Connell. Arthur recently married a woman who had a grown family. One of his stepdaughters was Peggy Goldwater's roommate in a District of Columbia school. So Arthur and his family went to Phoenix for Peggy's recent wedding.

Polls Show Johnson Ahead Of Goldwater

SAN FRANCISCO (AP) — The Field California Poll claimed today that President Johnson leads Sen. Barry Goldwater 62 to 33 per cent in statewide voter preference for the presidency.

Marvin D. Field, director of the poll, said that was the result of a survey just completed in which 1,209 potential voters were interviewed around the state as of the first week in September. Field said five per cent questioned were undecided. Johnson's present lead "is unprecedented in recent California history," Field said.

NEW YORK (AP) — Newsweek magazine says a poll taken for it by Louis Harris showed women voters favor President Johnson's election over the Republican candidate, Sen. Barry Goldwater, 64 per cent to 36 per cent.

The magazine's current issue said the women, by 53-47 per cent, think Goldwater — if elected — would involve the United States in war. By contrast, the magazine reported, 55 per cent of male voters polled do not think this is true.

Medicare Might Hurt Other Benefits

Byrnes Tells Rules Committee View on Social Security Bill

BY FRANCES McKUSICK
Post-Crescent Washington Bureau
WASHINGTON — Chief stumbling block against inclusion of medicare under the Social Security program is that its cost might endanger other benefits under the program upon which millions of persons depend, Rep. John W. Byrnes, R-Wis., told the House Rules Committee today.

includes medical care for the aged, Byrnes urged the Senate-House Conference Committee be permitted to work out a report without previous instructions from the house itself.

As top Republican member of the Ways and Means Committee which handled the Social Security legislation in the house, Byrnes will be a member of that conference committee.

No Prediction

The Green Bay Republican, who is also chairman of the

House GOP Policy Committee, would not predict whether the house would accept the senate provisions for medicare.

He said, however, that 18 million Americans depend on Social Security benefits for financial protection in retirement, disability and the loss of the bread-winner in the family. In order to meet these commitments, Byrnes said, the Social Security system must be kept on a sound financial basis.

Pointing out that when Sen. Abraham Ribicoff, D-Conn., was secretary of the Department of Health, Education and Welfare, he had urged that the long-range Social Security tax should not exceed 10 per cent of one's income, Byrnes said that the senate-approved bill including medicare would bring the Social Security tax up to 11 per cent.

'Keep Promise'

"Another big issue is whether we will be able to keep our

promise that the dollar benefit levels on retirement will be consistent with rises in the cost of living if we include medicare," Byrnes said.

He said another alternative was possibly to abandon the principle of cash benefits in line with the cost of living, or experiment with "this dangerous program of starting a service for benefits rather than cash for the needs of the individual."

Although Byrnes, as conferee on the new Social Security measure would not comment on its eventual fate, another Wisconsin congressman, Rep. Alvin E. O'Konski, a Republican, did have a few remarks.

"It is obvious that the Democratic administration is not sincerely interested in medicare," O'Konski said. "All they wanted was to get Sen. Goldwater's stand on it. The Democrats don't want medicare. What they want is an issue."

Legion Votes \$200 Donation To Youth Center

LITTLE CHUTE — American Legion members voted a \$200 donation for the Youth Center at St. John High School at a Monday night meeting.

The Rev. LeRoy Hogan, assistant pastor of the parish and Youth Center director, spoke on activities at the Center and explained how the money would be utilized.

Raymond Winus reported four of the six hospital beds purchased by the Legion now are in use and arrangements for use of the remaining could be made by calling him. Leo Hendricks was instructed to meet with the village board in regard to locating a trophy case in the village hall meeting room.

The Golden Age Club was granted use of the Legion property for a fall outing and pre-

liminary plans were made to meet with the Jaycees for a discussion on swimming pool plans. The Jaycees are attempting to utilize a river basin as a swimming area after a retaining wall and chlorinating and filtering system is installed.

The flag pole at St. John High School was damaged and James Peeters volunteered to head a committee to repair the standard. Membership of 450 was listed for the current drive, according to Lester Winus, chairman of the drive with Jack Metz.

Firemen Answer Two Minor Calls Tuesday

KAUKAUNA — Firemen were called at 9 a.m. Tuesday to the Wilfred Wevers residence, 212 W. Fourth St., when a furnace backfired and smoke pipes fell. Firemen used a smoke ejector to clear the house. No fire resulted and the owner was advised to call a repair man.

Village Board Adopts Snow Removal Pact

KIMBERLY — The village board Monday night entered into agreement with Joseph Van Daalwyk for snow removal during the coming winter season. Van Daalwyk agreed to furnish trucks to the community at the rate of \$6 per hour for regular time and \$7.50 per hour for overtime as needed. A minimum of \$300 was guaranteed by the village, the minimum to be applied toward hours worked.

Harry Van Himbergen was reappointed to a 3-year term on the water commission and also was named commission chairman. Authorized to attend conventions currently under a

Square Dance Lessons To Be Sponsored by Wrightstown Group

WRIGHTSTOWN—The first in a series of two beginner square dance lessons offered by the Merry Mixers will be held at 8:30 p.m. Thursday at the American Legion Club.

The second session will be offered Sept. 24. Any adult classes enroll in the beginning classes and it will not be obligatory to join the square dance club. Caller will be Lewis Ehrenberg.

were the chief of police and assessor.

Village trustees, president and street department foreman were authorized to attend a League of Wisconsin Municipalities convention at Madison Oct. 14 through 16.

Professor's Vision of New Society Stunning

BY SYLVIA PORTER

"Most Americans want an education for every child to the limit of his ability, and so do I. Most Americans want a job for every man who wants to work, and so do I. Most Americans want continually expanding prosperity, and so do I."

Porter

This blueprint, in President Johnson's acceptance speech for the Democratic nomination, suggests a foundation for what the Democrats hope will become America's "Great Society."

But a first hard fact is that getting an education in our land

is becoming relentlessly more expensive and difficult. A second hard fact is that automation and the computer are steadily erasing jobs, and among average Americans non-work is in a steep rise. A third hard fact is that achieving and maintaining prosperity will demand an entirely new mix of public and private policies as this century ages.

Word to Disappear

Where, then, would a worker fit into tomorrow's "Great Society"? How could millions of non-workers buy and consume the enormous totals of goods and services we turn out if they don't earn wages from work? How could tens of millions of tomorrow's youngsters finance their education?

"Just 50 years from now the

word 'worker' will have disappeared from the American language. We will have to look it up in the dictionary.

"The worker as we know him today is really no more than a specialized muscle and reflex machine, but increasingly the muscle work is being taken over by machines and the routine decisions are being made by computers. In future decades only the thinking, exploring and creating will be left entirely to man. As industry 'does more and more with less and less, man will become obsolete as a 'specialized machine.'"

These extraordinary predictions were made in an interview by an extraordinary man — R. Buckminster Fuller, designer, engineer, inventor, mathematician and professor of Southern Illinois University in Carbondale. Fuller's invention—among them, some of the earliest designs for jet propulsion and the famed ready-made geodesic domes—have made him one of the nation's top consultants to U.S. corporations and government agencies. Fuller's visions on work are far-reaching indeed, but we could be moving in the direction he foresees.

If the "worker" is to become obsolete in tomorrow's society, how will he educate himself, finance his buying of goods and services?

Grant Fellowships

Industry and government will "employ" him to go to school, to learn, to explore and invent, says Fuller. "Corporations and government agencies would

simply grant fellowships instead of paying wages. If a youngster didn't have any academic aptitude and wanted to 'study' fishing, he'd get a fellowship to do just that."

Ridiculous as this may sound, Fuller has touched one key aspect of any great society — a dramatic emphasis on learning and its profit potentials. You easily may overlook the fact that today U.S. industry invests countless billions of hours and dollars on the chance of developing a product that the whole world will want for its kitchens or garages. If just one individual in 100,000 makes a significant breakthrough, he can more than make up to his employer for the expense of his efforts. As it is today, so it could be — on a far broader scale — tomorrow.

Of course, the fisherman may make less of a contribution to society as a whole than the physician. "But it's better to pay him to fish than to let him

Ships Harassed

WASHINGTON (AP) — The United States Tuesday denied Soviet charges that American aircraft harassed and endangered Soviet ships.

A U.S. note, in reply to a Soviet complaint of Aug. 3, termed the charges "without foundation." It said that, on the contrary, Soviet ships have harassed U.S. vessels on a number of occasions in recent months.

The Soviet note listed a number of instances during which, it alleged, American aircraft have "harassed, endangered, or provoked" Soviet ships.

The United States has carried out detailed investigation of the charges, the U.S. reply stated, and found they were unfounded.

Could it be that our grandchildren's first adult question will be not "How will I earn my living?" but rather, "How can I increase the world's wealth?"

Badgers Open Season Minus Two Guards

K-State Without Services of Regular Fullback for Season

MADISON (AP) — Wisconsin has lost two middle guards for Saturday's 1964 football opener at Camp Randall Stadium and its opponent, Kansas State, has written off its first string offensive fullback for the season.

Badger Coach Milt Bruhn was told Tuesday that defensive guard Bob Monk was still in the infirmary for treatment of boils. Monk was due to back up Steve Young who has not been able to practice because of a sprained ankle. It appeared that both might miss the K-State game.

Bruhn's bad news didn't compare with the jolt that Coach Doug Weaver of Kansas State received. Weaver was informed that Gary Pankratz, his first string offensive fullback who was injured in Saturday's practice game, underwent surgery to repair torn ligaments in one leg and is out for the season.

Pankratz, a 203-pound junior had been scheduled to start against Wisconsin.

Doug Disenberry, first string left halfback on offense, has a broken finger but worked out Tuesday in spite of the injury.

Bruhn worked two sophomores at middle guard to replace his absent veterans. He picked Phil Sobocinski to start and tried out another sophomore, Bill Maselter, at the same spot. Maselter was declared eligible only Tuesday.

Hal Brandt and Jesse Kay did the firing in a long drill on passing. Their receivers included ends Jimmy Jones and Louis Jung and halfback Dave Neubauer.

Dave Fronek got off some booming punts in the drill, punting and protection for the punter.

Ralph Schlicht Qualifies in U. S. Amateur Golf Test

CLEVELAND, Ohio (AP)—Hard-hitting Ralph (Butch) Schlicht of Madison, Wis., was paired with Robert Boldt of Junction City, Ore., today in the first round of match play in the National Amateur Golf Tournament.

Schlicht, a University of Wisconsin star and son of veteran Madison Blackhawk pro, Kully Schlicht, continued his fine play at the Canterbury club Tuesday, carding a two-over par 73 for the second straight day. His 146 was only three strokes off the pace for the 36 holes of qualifying competition.

Boldt qualified with 76-75-151. Schlicht, a tee-shot slugger, was medalist in the 1964 Wisconsin amateur tournament at Madison and went to the semifinals before losing out to a UW teammate, Dave Penn.

The other Wisconsin competitor in the National Amateur, Wally Atwood of Madison shot 83-82-165 and failed to make the qualifying cutoff.

Wins by About One Mile

Constellation Easy Victor in First Race With Sovereign of England

NEWPORT, R.I. (AP) — The British pride themselves on never having lost a war.

They've never won an America's Cup, either, and they may need their finest yachting hour to take the trophy to the home it left, so far for good, 114 years ago.

Constellation, the defender of the New York Yacht Club, showed the waterborne equivalent of her heels Tuesday to Sovereign, the English challenger of the Royal Thames Yacht Club. But the British spurned their right for a day's postponement and will go at Constellation again this afternoon.

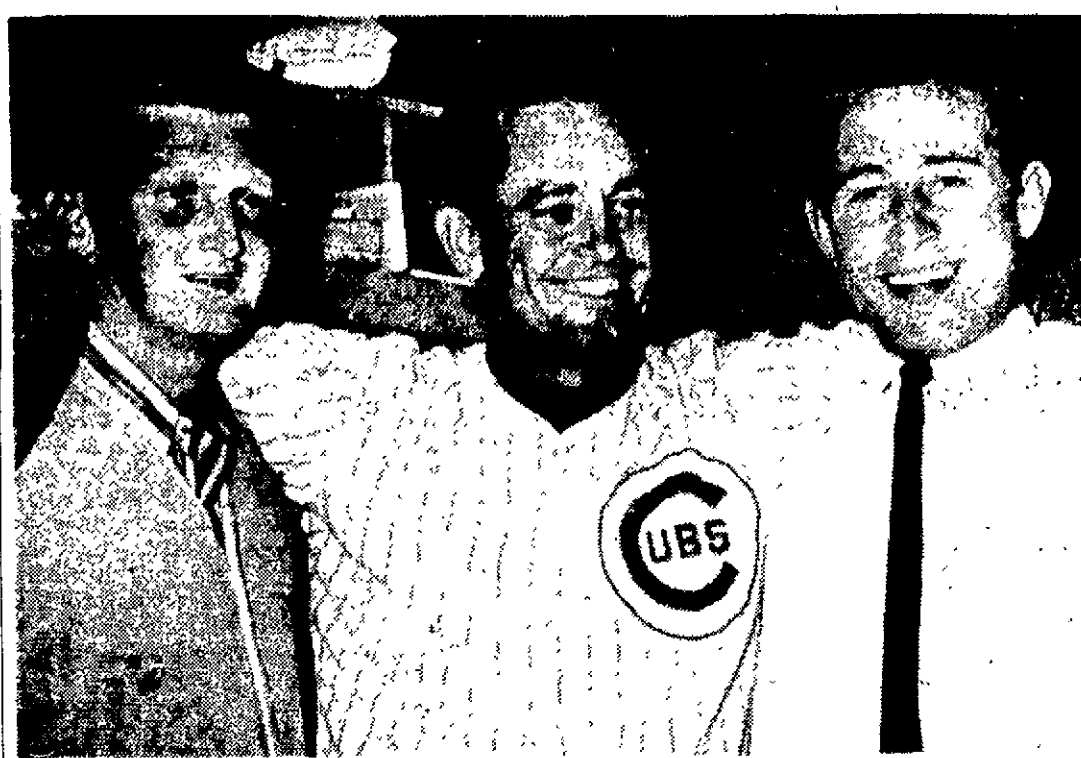

The closest the two yachts got to each other after the start Tuesday was at a post-race news conference attended by Eric Ridder and Bob Bavier, the U.S. 12-meter's helmsmen, and Peter Scott, the man at the wheel of Sovereign.

Ancient Complaint
All three complained about interference from the spectator fleet (as ancient a complaint in cup history as the weather) and all said they were encouraged. "Because we won," said Ridder.

And, said Scott, "the most

This Happy Dressing room scene took place Tuesday after the Chicago Cubs pitcher Larry Jackson, center, posted a 6-1 victory over the Cincinnati Reds to become the first 20-game winner in the major leagues this season. With him are rookie catcher Vic Roznovsky, left, and third baseman Ron Santo, who drove in his 101st run of the season in the game. (AP Wirephoto)

Chance Blanks Yanks, 7-0 Twins Edge Baltimore, 2-1

Chisox Take Second Place
With 3-2 Victory Over Detroit

BY DICK COUCH

Associated Press Sports Writer

Eight percentage points blanket the three American League pennant contenders today and it's more than a Chance happening.

A good part of the credit, of course, belongs to Dean Chance, the Los Angeles Angels' marvelous right-hander whose two-hit, 7-0 mastery of New York Tuesday night helped send the Yankees reeling into third place in the flag race.

But Minnesota's Rich Rollins, who drove in both runs in a 2-1 close call over Baltimore that prevented the Orioles from padding their lead, rates a nod. So do Smoky Burgess, a 37-year-old AL "rookie," and Marv Staehle, a first-time swinger, who lifted the Chicago White Sox back into the second spot by engineering a 3-2, 10-inning verdict over Detroit.

The White Sox' victory put them one percentage point ahead of the Yankees, who trail the Orioles by seven points and 1½ games. Chicago and Baltimore each have 14 games left, five less than New York.

No. 1 Yankee Killer
Chance, the league's top winner and No. 1 Yankee killer, breezed to his 19th victory and 10th shutout. Four victories and three whitewash jobs have come against the Yanks, who have managed one run — a Mickey Mantle homer — in 50 turns at bat against the fireballing Angel.

Rollins' seventh inning double pulled the Twins into a 1-1 tie at Baltimore and his triple in the ninth broke the deadlock.

Burgess, whom the White Sox acquired from Pittsburgh Monday in an inter-league waiver deal, and Staehle, brought up Tuesday from their Indianapolis

farm club, delivered key hits in their first league appearances. Smoky's pinch hit homer off Tiger ace Dave Wickersham tied the score at 2-2 in the eighth and Staehle's pinch hit single in the 10th scored J.C. Martin with the run that broke it up.

Rookie in Two-Hitter
Boston rookie Ed Connolly fired a two-hitter against Kansas City and the Red Sox cracked 14 hits for an 8-0 victory in the only other game played. The Washington-Cleveland game was rained out.

Bobby Richardson's infield single in the fourth and opposing pitcher Al Downing's seventh inning single were the only hits off Chance, who lowered his major league-leading earned run average to 1.49. Even more

Sandlot Ballplayer Dies From Injury Suffered on Aug. 9

CLEVELAND (AP) — Brian Maeder, a sandlot baseball pitcher hit on the head by a pitched ball Aug. 9, died Tuesday in St. John Hospital.

Maeder, 19, of Euclid, Ohio, had not regained consciousness since being injured during the ninth inning of a sandlot game while his team was leading 8-1.

He was a member of last year's freshman baseball team at Ohio State.

From then on the defender turned it on, pointing as high and sometimes higher than Sovereign and travelling faster. On only one of the legs, a broad reach to the third mark, did Constellation not fail to increase her margin.

On the first leg, a windward beat, Sovereign showed that fears of the proper fit of her sails were not just pierhead rumors. Her genoa jib constantly backwinded her mainsail, disastrously cutting her efficiency. A different jib on the fourth leg fit better but by then Constellation was fast disappearing over the horizon.

Unless a forecast of heavy winds seems in the offing, Scott said Sovereign might keep racing every day without requesting a lay day, or one-day postponement.

If that is so, the cup series may last just four days.

Neenah '11' Opens Defense Of M-E Title Friday Night

Rockets Will Clash With Papermakers

MID-EASTERN CONFERENCE

(Final 1963 Standings)

Team	W	L	T	W L T
Neenah	4	1	1	Shawano 4 3 0
Kaukauna	4	1	2	Menasha 3 3 1
Clintonville	4	3	0	New London 2 5 0
Kimberly	4	3	0	Two Rivers 6 7 6

Friday's Games:

Neenah at Kimberly.

Clintonville at Shawano.

Menasha at Two Rivers.

Saturday's Games:

New London at Kaukauna.

BY TERRY GALVIN

Post-Crescent Staff Writer

The 1964 Mid-Eastern Conference football campaign vaults into full swing with a full slate of four games this weekend.

Neenah, the defending champion, looms as the favorite to repeat its '63 performance. The Rockets of Coach Harland Carl open the loop season at Kimberly. Both teams have non-conference wins under their belts; Neenah over Kaukauna, 34-6 and the Papermakers over Little Chute St. John, 18-6.

Clintonville's Truckers, with 17 lettermen on the roster and an impressive 20-0 whitewash over Merrill, open the season at Shawano. Menasha treks to Two Rivers after posting a 25-0 non-loop win over Berlin.

The three aforementioned games are slated for Friday. New London travels to Kaukauna Saturday afternoon. The Neenah-Kaukauna contest was billed as a non-conference game as both schools lost non-loop foes (Appleton and Sheboygan North, respectively) when the Fox River Valley Conference added Green Bay Southwest to the loop.

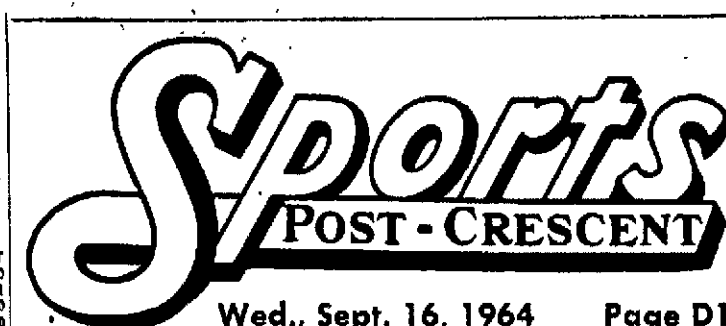

Lost to Shawano
The Rockets, whose lone loop loss in '63 came at Shawano, 19-0, have 12 lettermen back from the championship unit. Neenah displayed a powerful offense against Kaukauna, rolling up 339 total yards.

Veteran backs include Karl Pennau, Dan Haserli, Ed Began, Pete Kuehl, Bruce Rasmussen and John Kuehn. The Neenah line is bolstered by seven vets. Returnees are ends Elvin Mauritz and Tom Walker, tackle Mike Murphy, guards Mike Brantmeier, George Strohmeier and John Nelson and center Rick Nelson.

Top prospects among the non-lettermen are backs Mike Boyd and Mike Milliken and linemen Jim Lanzer and Dick Bondow, a 250-pounder.

Dick Sorensen's four touchdowns paced the Bluejays of

Braves Drop Twin Bill To Cards, 11-6 and 3-1; Victors Gain on Phillies

Wade Blasingame, Tony Cloninger Absorb Losses

MILWAUKEE (AP)—The Milwaukee Braves are going exactly nowhere in the National League this year, but Manager Bobby Bragan is setting some sort of record among baseball's hidden facts.

Bragan managed to employ his 99th and 100th different starting lineups Tuesday night, but they weren't much more successful than many of his previous 98. The Braves dropped a doubleheader to the St. Louis Cardinals 11-6 and 3-1 before a chilled crowd of 5,843 hardy fans at County Stadium.

As Bragan broke the century barrier, the Braves slumped into the second division, 14 games behind first place Philadelphia. The second place Cardinals moved to within six games of the Phils, who edged Houston 1-0.

Rookie Santos Alomar, who hit .263 at Denver in the Pacific Coast League this summer, was inserted at shortstop, with Denny Menke moving to second base. Alomar singled in his first major league appearance at the plate, driving in a run, but then found the pitching a lot tougher. He failed to get the ball out of

Waukesha Man Fourth In Pentathlon Trials

SAN ANTONIO, Tex. (AP)—Pfc. Jim Kerr of Waukesha, Wis., held on to fourth place Tuesday in the 1964 Olympic trials for the U.S. Modern Pentathlon team. He had an overall total of 3,824 points after cross-country competition with the riding event still to go. The top four finishers will go to Tokyo for the October Olympics.

Phillies Edge Houston, 1-0; Callison Stars

Philadelphia Has 6-Game Lead With 17 Left to Play

BY TED MEIER
Associated Press Sports Writer
Winning ball games is getting to be a habit with Johnny Callison.

The Philadelphia Phillies' outfielder whose ninth in-ring homer won the All-Star game for the National League in July, delivered the decisive blow again Tuesday night.

His sixth inning single scored Richie Allen from second base with the run that gave the pennant-bound Phils a 1-0 victory over the Houston Colts.

The Phils now lead the second place St. Louis Cardinals by six games with 17 left to play.

The Cards whipped Milwaukee in both ends of a two-night doubleheader 11-6 and 3-1. Third place San Francisco beat the New York Mets 3-1 while the Chicago Cubs dimmed Cincinnati's hopes 6-1.

Giants, Reds Trail
The Giants and Reds now trail the Phils by 7½ and 8½ games, respectively.

Los Angeles downed Pittsburgh 5-3 in the other NL game. Callison's game-winning single followed Allen's lead-off double in the sixth. Dennis Bennett and Jack Baldschun shared the pitching honors for the Phils by yielding only four hits. Bennett, lifted for a pinch-hitter in sixth, gave up three of them.

Baldschun saved the game for Bennett by twice putting down Houston threats.

A five-run seventh inning gave the Cards their first game win over the Braves. Bob Gibson's four-hitter and Julian Javier's two-run homer defeated the Braves in the nightcap.

Javier's homer off rookie southpaw Wade Blasingame came with Mike Shannon on first and two out. That wiped out a 1-0 Milwaukee lead and accounted for the Cards' 17th victory in their last 22 games.

Juan Marichal pitched a four-hitter and Tom Haller homered for the winning run against the Mets to keep the Giants in

Frosh Loop Opens Action on Thursday

Kaukauna, Neenah, Roosevelt Set to Defend Shares of Title

FOX VALLEY FRESHMEN LEAGUE (Final 1963 Standings)

Team	W	L	T
Kaukauna	5	1	0
Neenah	3	1	0
Roosevelt	3	1	0
Kimberly	2	4	0

The Fox Valley Freshmen football league, a proving ground for future Fox Cities area prep stars, opens the 1964 campaign Thursday with Kimberly at Wilson, Madison at Neenah, Kaukauna at Roosevelt, and Neenah at Kaukauna.

Coach Ron Knorr's Wilson line includes ends Joel Han- na and Tom Freude, tackles Steve Cottrell and Bob Smith, guards Jay Parish and Eric Derscheid, center Mike Sexton, quarterback Andre Zupans or Ralph Kahler, halfbacks Andy Taubel and Ken Vokral, Paul Koch or Robin Jaeger and full-back Steve Olson or Chuck Palmer.

Will See Action Coach Knorr indicated that Dick Brucks, Ray Hosmer, Jim Dutcher, Tom Andres, Doug Verrier and Craig Petros would also see action, the latter three on defense.

Roosevelt, with Coach 'Smiley' Fine calling the shots, will field a lineup that includes ends George Mills and Richard Stock, Jeff VandenHeuvel and flanker tackles Dennis Weisner and back Tom Opsteen. A total of

Roger French, guards Tom Hintz and Steve Shepard, center Darwin Griffith, quarterback Ade Dillon, halfbacks Steve Kagen and Bob Manwell and full-back Bill Burman.

The tentative lineup at Madison, under the tutelage of Coach Sherwin Fuebinger will put Dick Miller at quarterback, Tim Hesler and Pete Schultz at the halves and fullback Bob Reinke.

Fuebinger will go with Ron Balke at center, Dave Utschig and Brad Nave at guards, Doug Robertson and Terry Calder at tackles and Bill Stroess and John Hannemann at the ends.

Taking Shape Coach Noel Diffatte's Kaukauna '11' is just beginning to take shape. Some 65 candidates turned out and the squad has been cut to 38. Diffatte indicated that he had a good looking crop on hand with an abundance of potential. Assistant Coach Ken Vander Velden and back Tom Opsteen. A total of

Steelers' Larose to Miss Giant Game

PITTSBURGH (AP) — Defensive end Dan Larose of the Pittsburgh Steelers will definitely miss Sunday's game with the New York Giants, a Steeler spokesman said Tuesday.

Larose injured his knee in last Sunday's game with the Los Angeles Rams. The National Football League club spokesman said Bob Harrison, a linebacker, will also miss the game because of a shoulder separation suffered several days ago.

Phillies Edge Houston, 1-0; Callison Stars

contention, at least for second place money.

Larry Jackson became the first 20-game winner in the majors this season as the Cubs drubbed Cincinnati. Jackson yielded six hits, three of them in the first inning that accounted for the Reds' lone tally.

Willie Davis, Ron Fairly and Bart Shirley each got three hits to lead the Dodgers over Pittsburgh. Down 4-0, the Pirates pulled within 4-3 with two runs in the seventh before Bob Miller came in and saved the victory for Larry Miller.

Wittmann's, Bleier's, Mary's A and W Score Touch Football Wins

Wittmann's, Bleier's and Mary's A and W scored first-week shutout victories in the Appleton Recreation Department's adult touch football league.

Wittmann's whipped Zwicker's, 47-0, as Claude Radtke led the way. Bleier's stopped Interlake, 13-0, as Don Boya and Ray Heinritz scored touchdowns. Mary's A and W beat CAC, 18-0.

Chance Blanks Yanks Again; Orioles Lose

CONTINUED FROM PAGE 1

impressive are his figures against the Yankees.

Chance's ERA against New York is 0.18 and the Yankees have a meager .086 batting average in five season encounters with him. He set LA season records of 253 2-3 innings pitched and 187 strikeouts Tuesday night, fanning eight.

Adcock's Homer Chance was locked in a 1-0 duel with Downing, whose seven strikeouts boosted his league-leading total to 196, until Joe Adcock triggered a six-run ninth inning explosion with his 21st home run. Before the inning was over, Willie Smith had pinch-hit a bases-loaded triple off reliever Hal Reniff and the Angels were home free.

Minnesota used six pitchers to hold the Orioles, Al Worthington getting the final out in the ninth with the tying run on third base. Rollins' ninth-inning triple off Harvey Haddix, third of four Baltimore hurlers, followed a pinch single by Frank Kostro. Back-to-back doubles by rookie Jay Ward and Rollins in the seventh matched the Orioles' run in the third, fashioned on a single by Jack Brandt, a sacrifice, intentional walk and Bob Johnson's RBI single.

Chicago's Martin opened the 10th with a single off Wickersham, who failed in his bid for

victory No. 19. Martin reached second on winning pitcher Hoyt Wilhelm's sacrifice bunt and took third on a passed ball before Staehle came through with a hit to left.

Checked the Sox Wickersham checked the White Sox on one run and three hits until Burgess homered in the eighth. The Tigers, held to two hits through six innings by Joel Horlen, scored both their runs in the seventh with the help of Don Buford's throwing error. Bill Freehan's infield hit delivered the first run and the other crossed on an infield out.

Connolly, who had lost 10 of his previous 12 decisions, held the Athletics hitless until the sixth, when Bert Campaneris doubled. The young southpaw struck out 12 KC batters and walked five.

A four-run fourth inning, climaxed by Felix Mantilla's 26th homer, gave Connolly all the offensive support he needed.

Conn Too Game for Own Good, Says Joe

BY JOE LOUIS

Boxers always gave me trouble and the best all around boxer I ever fought was Billy Conn. Billy was nothing more than a light heavyweight but he was fast, smart and he had courage—too much courage.

That was his biggest problem—he was too game for his own good. He was cocky, too, a real fighting Irishman. If it wasn't for that he probably would have won the title from me the night we met for the first time at the Polo Grounds, on June 18, 1961. This was my 18th title defense. I was 27 and felt I was at my peak. I weighed 199½ for the fight against Billy's 174. But he

good shots and he was beginning to set himself to get more power in his punches.

In the 12th round, especially, he let me have it pretty good. Near the end of the round he nailed me with a left and right to the head. The fans roared. They thought I was in real trouble. The punches hurt all right but my head was clear. That 12th was his best round.

By then he was ahead pretty good. All of the officials had him ahead (referee Eddie Joseph, 7-5; judges Bill Healy and Marty Monroe, 7-4-1 each). All he had to do was stay away from me and box and he would have won the fight. But Billy was out to get me.

When I got back to my corner at the end of the 12th, Blackburn was real mad. He let me have it.

Too Game a Kid

"Chappie," he said, "don't you want that title any more? You're losing the fight. You're still fighting a Billy Conn fight. Get in there and take charge or you're done."

When the bell rang for the 13th I stood up and I said "I'll knock him out in this round." I don't know what caused me to say that but that's just what I said.

When we came into the middle of the ring Billy said: "Joseph, you're in for a tough fight tonight." He didn't get that out of his mouth before I hit him. He came right back after me. I guess he thought he had me in real bad shape in the 12th. But I really wasn't hurt as much as it probably seemed outside of the ring.

Anyway he started to slug with me. They tell me the crowd was going real wild. I don't remember that. I was just concentrating on Billy. He was throwing punches fast. He let go with a left hook and I got him with two hard rights to the head. It shook him up. If he grabbed me then he might have been okay. But Billy wasn't grabbing. He wanted to fight. That was just fine with me.

With Both Hands

He got in a left hook to the head and then his left dropped to a little. I shot over a right to the jaw and then I let him have it with both hands. He was hurt. He had a funny look on his face but he came back at me. He started to throw a right but I already had one on the way. It shook him all over. I followed up with both hands and blood came from his nose and from a cut under his right eye.

Billy was dead game. He tried to move inside and I smashed him to the head with a left and right. His legs wobbled and he fell. He looked finished. At seven he pulled himself up on his knees. His eyes were dazed but somehow his fighting spirit was making him try to get up. The count reached 10 and he didn't make it. The knockout time was two minutes, 58 seconds. Another two seconds and the round would have been over.

Even if he got up, I felt sure I would have knocked him out in the 14th. But I'll say this

Strutz Slams 640 Series in Major League

Joe Spilski Hits 602 Set to Pace 41 Bowl Circuit

Don Strutz fashioned a booming 250 singleton en route to a 640 series in the Major Scratch bowling league at Hahn's Lanes Tuesday night.

Ed Grossl mustered the runner-up honors on solos of 246 and 235 on the way to a 629 effort. Wally Moore totaled 621.

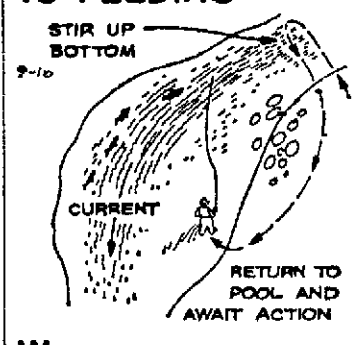

Other honor scores were Roy Emrich, 597; Bob Kositzke, 591; Bud Jentz, 225 and 576; John DeYoung, 567; Chuck Bayer, Keith Gehring and Chuck McGinnis, 556; Bob Schmitz, 554; Curly Ludwig, 553; Orv Strutz, 552 and Ed Flood, 550.

Cliff Dockter delivered the top single effort in the 41 Bowl League with a 234 and 574 set. Joe Spilski topped series counts with a 602.

Other honor scores were Don Remler, 581; Bob Boyer, 575; Marv Schuettpelz, and Ted Gochring, 562; Charles Jandour, 561; Don Schroeder, 233 and

now, if Billy Conn wasn't so game, he would have won the title that night.

SPORTSMAN'S DIGEST

WHEN YOU KNOW THERE ARE FISH IN A POOL, BUT THEY REFUSE EVERYTHING YOU OFFER, TRY THIS TRICK:

WADE THROUGH THE HEAD OF THE POOL OR JUST ABOVE IT, OVERTURNING THE ROCKS AND GRAVEL QUIETLY BY SCRAPING YOUR FEET. THIS DISLODGES A HOST OF NYMPHS, ETC., DRIFTING THEM DOWN TO THE LAZY FISH TO START THEM FEEDING. RETURN TO POOL AND RESUME CASTING.

561; Don Brandenburg, 550 and Charles Radke, 225.

Charles Wegner pounded out a 563 series to pace action in the Appleton Coated league at Hahn's. P. Neubauer totaled 556 and Jim Krull finished with 554.

Myrna Schoenhaar rolled a 512 set to lead the way in the Ten-Pin Toilers loop at Hahn's. LaVerne Boll fashioned a 204 single. Marge Baer rolled a 190 solo.

Neenah Rockets Ready To Defend M-E Crown

CONTINUED FROM PAGE 1

Coach Tom Weede to victory in the opener. Sorensen was converted from quarterback to halfback. Weede boasts 17 lettermen, though a number of them are quite inexperienced. The backfield is the forte with apparent weaknesses up front.

Quarterback candidates are Rick Zimmerman, Bob Succa and Dan Hansen, with Sorensen and Bob Roessler at the halves. Greg Metko and Tom Woodrow head the list at full.

Dick Slattery, Don Steffin and Bob Buzanowski are returning ends with Bob Weber, Mike Wilfling, Dave Arndt and Dave Reimer at tackles. Guard candidates are Jim Becker, Rod Richter, Bill Hedberg and Ernie Fleischer. Morry Quick, plagued by injuries the past two years, commands the hiking chores.

Coach Jim Nirschl's Papermakers scored in every way in defeating St. John (2 TDs, a field goal, safety and extra point). Harold (Whitey) Neenah, veteran quarterback, heads the 12-lettermen list.

Other veterans include Joe Nelson, Bob and Dan Hedtke, John Sparks, Dennis Breitrich, Ed Wedde, Bob and Bruce Schmidt, Roy Schultz, Dale Harbath, Jay Johnson and Bob Janusch are experienced linemen.

Coach Harry Wilson, runnerup to Neenah in '63, have eight veterans on hand headed by guard and captain Dan Bay and quarterback Bob Main. Main, suffering from an ankle injury, was not at full strength in the Neenah game.

Young Club
Other returnees include Mike Andrews, Gary Schubring, Dale Dorn, Gene Huss, Mark Nussbaum, and Bob Promer. The Ghosts, with just three senior veterans, are a young club.

Coach Tony Ellis' Clintonville "11" should be a big threat to wrest the M-E laurels from Neenah. Ellis' 17-letterman roster is headed by co-captains Don Thompson, halfback, and Jim Hennrickson.

Other veteran backfield men are Terry Dieck and Bob Koro. The signal-calling duties are up for grabs between non-vets Jeron Dieck, Kurt Holm or Tom Richardson. The latter looked impressive in the win over Merrill.

The Clints displayed both an aggressive defense and offense in the Merrill encounter. Terry Nelson, Bob and Dan Hedtke, John Sparks, Dennis Breitrich, Ed Wedde, Bob and Bruce Schmidt, Roy Schultz, Dale Harbath, Jay Johnson and Bob Janusch are experienced linemen.

The Kaukauna Ghosts of The Bulldogs, unimpressive

David Felzer Raps 233-629 At Little Chute

LITTLE CHUTE—Dave Felzer slammed a 233 singleton and 629 series to top the Tri-City League at Little Chute Recreation.

Pete Schmidt hit a 597 set for the lone other honor count.

Bob Verbeten hit a 573 set and Ken DeBruin a 563 trio for the top scores in the Businessmen's League at Little Chute.

Ella Reynebeau slammed a 507 series for the lone honor score in the Cigarette Couples League at Little Chute.

Regional Planning—a Bargain

What at a glance appears to be a considerable raise in pay for its director has been included in the proposed 1965 budget of the Fox Valley Regional Planning Commission. The budget calls for an increase for Planning Director Eugene E. Franchett of \$1,660—from \$9,840 a year to \$11,500.

It isn't really a big raise. Franchett is one of the commission's most valuable assets. He knows the Fox Cities area; he knows regional planning; and with the in-

crease, his salary still will be about \$400 below the average for similar positions.

The Commission's finance committee, headed by Menasha Mayor John Klein, is to be commended for including the raise in the budget proposal, as is the executive committee for recommending the commission adopt it.

At \$37,500—the proposed cost of operating the Fox Valley unit for the next year—regional planning is a governmental bargain.

Now What?

Recent events in Viet Nam have simply added up to more confusion over what is going on, who is in charge and who or what is responsible for the zigging and zagging.

This time some rebel military officers led troops into Saigon and seized control of key posts. General Khanh made a radio appeal for loyalty and in a little while the rebels packed up and went back to the Mekong Delta to fight the Viet Cong, or so they said.

Before all this, there was even more confusion. One day Khanh resigned temporarily and said he needed rest. United States officials said he would be back soon but Khanh denied this. Nevertheless he did come back within a couple of days and declared himself president rather than premier. University students rioted and Khanh said he was only premier after all. Buddhist leaders made threats and several leading military officers were demoted. The demotions apparently instigated the military coup which failed after a few hours. Then Premier Khanh went on the air and thanked the rebel officers for not shedding any blood.

The United States, meanwhile and as

usual, was taken completely by surprise. General Maxwell Taylor, our ambassador to Viet Nam, was in Washington reporting to President Johnson that things were improving all the time in Viet Nam, that the fighters for our side were increasing faster than the Viet Cong and that things in general were rosy. Secretary of Defense Robert McNamara had said the same thing last winter just before Diem was toppled. That successful coup also caught the United States by surprise as did the military overthrow in Korea some months earlier.

It just may be that we cannot understand the Oriental mind. But do we have any business keeping our troops in Viet Nam under such chaotic circumstances?

Of course in this election year, nothing much will be done. Pulling our troops out would leave the Johnson administration open to new charges of being soft on communism. Increasing our war effort would also bring complaints as more Americans would be killed. And Senator Goldwater has not made any specific recommendations about what to do.

The comedy of errors would be humorous if it were not so serious. Every coup, successful or not, gives the Red Viet Cong a better chance to overrun the entire area.

The Parking Experiment

Information gleaned from two separate surveys has shown that Fox Cities residents—the folks who do their shopping in Appleton's downtown—looked quite favorably on the front-to-back type of parallel parking tried out this past month on an experimental basis.

The data on parallel parking has been put in the file with other information and reports on angle parking, all to be considered months hence when the redesigning of College Avenue will be up for discussion and final action.

Traffic Safety Gimmicks

Helping people to help cut down the traffic death toll is being approached from various angles and gimmicks by cities large and small across the country. For example:

In Los Angeles an experimental electronically-triggered sign, linked to a red light and blaring horn, spells it out for wrong-way freeway drivers: "Go back. You are going the wrong way."

An Operation Survival campaign is underway in Washington which includes the

City officials, with the cooperation of businessmen, are taking a rational approach to arriving at a decision on a subject which has had a local history of controversy based on claims and counter-claims.

That motorists who were interviewed in surveys indicated their preference for parallel parking by an 8 to 3 margin represents fact and must be given consideration when planning the future College Avenue.

Governing the ultimate decision will be the best solution for the City of Appleton and its business community as a whole.

use of "Who's Next?" posters and red paint splashes marking traffic fatality spots.

And, in Fort Wayne, Ind. the city judge gives traffic violators their choice of paying fines or proclaiming their offenses publicly for 60 days on signs which are attached to their cars.

These things are all well and fine but let's face it—nothing will ever replace good, common sense on the part of motorists and pedestrians in reducing the slaughter on our highways and byways.

Looking Backward

Crescent Eulogy Turns Political

100 YEARS AGO
Quoted from the Appleton Crescent for Sept. 17, 1864.

On the 17th day of September, 1787, the Constitution of the United States was unanimously adopted by the free and independent States in Convention assembled.

What a memorable day! What a memorable deed!

And now, upon the return of its anniversary, when strife and discord, blood and carnage, and woe and lamentation

fill our land because of the disregard of its principles, does it not behoove us as American citizens, not yet wholly bound and fettered by despotic sway, although trembling on the verge of despotism or anarchy, to revert to its high commands, and study well the letter and spirit of this great charter and sheet anchor of personal, state and national liberty?

Is it not time to shake off the insidious grasp of un-

bridled power and return to the teachings of the fathers?

Is it not time that men discarded phrenzy and fanaticism and permit reason to assert its sway? Is it not time that, to atone for the culpable ignorance of the parents of the present day, the children of the land should be taught to read and understand the Constitution of the United States with its express powers and positive limitations, and to study our complex system of free government?

And, above all, is it not an imperative necessity to the continuance of this admirable Constitution and this incomparably excellent system of government that the management of public affairs be taken from pettifogging experimentalists and committed to the care of those who will abide by its strict letter and spirit?

25 YEARS AGO
Wednesday, Sept. 13, 183.

Thomas J. Nooyen, route 4, Appleton, won 13 different awards at the state dahlia show in Milwaukee. His ribbons included six first places for the best of show in various divisions, five second places and two thirds. The dahlia hobbyist entered only 21 blooms in competition.

Appointed to the Appleton Vocational School committee on cosmetology were Miss Joyce LaDue, Miss Thelma Pautz and Mrs. Ellen Beck, all of Appleton, and Miss Chloe Hammen, Little Chute. They were to assist in planning and directing a new course at the school.

The Misses Geraldine Schmidt and Jean Nolting left Appleton that day for California where they were to enroll in the University of Southern California at Los Angeles for graduate study. Miss Schmidt

In Perspective

Now Goldwater Must Explain How He Will Cut Our Taxes

BY MAX FREEDMAN

The tax proposals put forward by Senator Goldwater are an unintentional but impressive tribute to the economic policies being applied by the Johnson administration. For the Goldwater tax program makes no sense at all unless the economy continues to be active and expansive, and maintains the upward trend of the last 43 months.

Freedman

It certainly is bereft of all meaning if Rep. Miller's gloomy estimates of the American economy are to be accepted. Rep. Miller sees American industry threatened with a loss in profits and American labor faced with a loss in jobs. Senator Goldwater, by contrast, thinks the economy will remain so strong that actual tax revenues will increase even though the rates of taxation will fall. On this basic issue Senator Goldwater is closer to the Johnson administration than he is to his own running mate.

Senator Goldwater, if he becomes the President, would have his first five per cent tax cut begin in July, 1966. The reduction would apply uniformly to all incomes regardless of their size. Over the next four years—up to July, 1970—there would be a similar tax cut, until the reduction in the fifth year would amount to 25 per cent.

POLITICALLY DIFFICULT
The first hazard in this program is the political one. Senator Goldwater is asking us to support a program that can be fulfilled only in the second year of his second term. That is quite a leap into the unknown future. Besides, Sena-

was a graduate of Lawrence College and Miss Nolting from MacMurray College of Jacksonville, Ill.

10 YEARS AGO
Wednesday, Sept. 15, 1954.

Jane Zinke of Calumet County won grand championship honors with her junior yearling Aberdeen Angus steer named King at the Northeastern Wisconsin Junior Livestock Exposition. She was a member of the Brothertown Boosters 4-H Club.

Miss Ruth Bloedorn was installed as president of the Brilliant American Legion Auxiliary. Mrs. Henry Horn and Mrs. Robert Goldschmidt were installed as vice president and Mrs. Edward C. Michels as secretary.

Mrs. George Hoffer was appointed business manager for Chaminade Chorus. Mrs. Melvin Knoke was president of the Appleton Musical group and L. E. Schultz chorus director. Five members of the Menasha Garden Club were to attend state sessions of the Wisconsin Garden Club Federation at Green Lake that weekend. They were delegates Jessie and Lorraine Denhardt, Mrs. F. J. Fitzgerald, a federation past president, Mrs. E. H. Estabrook and Mrs. Lynn Cooper.

for Goldwater would be dealing during all these years with a Senate almost certainly under Democratic control and with a House with enough Democratic votes to block easily any tax decision on which it disapproved. Thus Senator Goldwater, who has often been with the minority in his own party, would be required to win the support of many Democrats. Nothing in his legislative history suggests that he would gain this broad support.

But the economic hazards are even more formidable. Senator Goldwater is undertaking to read the economic weather for a five year period. Still more, he is planning to make his own guesses the basis for a commitment with the American people. For the prospect of a 25 per cent tax cut would influence many business plans which could not be changed abruptly without great inconvenience if his guesses turned out to be wrong. His statement will be searched in vain for any recognition of these dangers.

Senator Goldwater deserves to be commended for acknowledging that the federal budget can be balanced over a number of years instead of annually, with advantages to the economy. This makes him a late convert to a doctrine accepted by nearly all economists. It is, of course, a doctrine which he opposed in all his years in the Senate. In fact, the conversion has taken place only after his acceptance speech in San Francisco.

His process of conversion has also led him to abandon the pledge in the Republican platform to reduce federal spending by at least five billion. That is actually a very small amount, when one considers the emphasis he has placed on economy in government. Yet even this amount has been too much for him. He has now admitted that "we must proceed with care in our task of cutting the government down to size." Indeed, he has pledged himself to "honor the commitments the government has made to

all areas of the economy, whether explicit or implicit." These two pledges, taken together, mean that Senator Goldwater would try to reach his goal of economy by refusing to start new programs instead of repudiating existing commitments. He at least has the merit of frankness in this stand. Many voters who resent his views on foreign policy admire his insistence that a curb be placed on federal spending. This indeed is the most popular part of his program.

But if the cry for economy is to be something more than a slogan in an election, Senator Goldwater must tell the people exactly what economies he will apply.

Savings in administration are always useful but they are too small to form an effective economy program. In view of his new pledges, Senator Goldwater must answer this question. Precisely what needs of the American people does he propose to leave unfulfilled because of his refusal to start new programs? Private enterprise, no matter how successful, cannot build schools and hospitals, clear slums, or build the roads needed for an expanding economy. These and many other programs must be carried out by the federal government or they will not be done at all. Senator Goldwater would presumably make his largest savings in the defense program. We are entitled to know whether these savings would be used to pay for new programs or to make possible the tax cuts. Until he gives us this information it is impossible to decide whether his tax proposals are sound or are mere wind and feathers.

There is an additional reason why Senator Goldwater must be more candid and explicit. He voted against President Johnson's tax cuts, and he must now explain why he sees such merit in cyclical budgets and tax concessions, when only a few months ago he was loud in censure of these doctrines and measures.

"You'll go over big with these young conservatives, senator, if you attack all handout programs... except allowances, of course!"

Wisconsin Report

Primary Vote Showed No Weakening in State Support for Proxmire

BY JOHN WYNGAARD

MADISON — Managers and candidates of both political parties are busily extracting such comfort and encouragement as they can from the primary election returns. But the man who has most cause to smile about the results is the senior U.S. senator from Wisconsin.

Wyngaard

Sen. Proxmire is the front runner in Wisconsin politics today. His previous election majorities were solid ones. The real hope of the Republican campaign against him this year was based on the belief, that he has been weakened, during the last few years and that some of the voters who backed him in earlier times might be persuaded to change their minds this fall. Since the election returns have repeatedly shown that the partisan preference of the people of Wisconsin is now about evenly balanced between the Democratic and Republican tickets as a whole, that meant the Republicans must convert some Democrats to the cause of Wilbur Renk, Proxmire's GOP challenger.

NO PROTEST

But the primary election, in spite of a situation that provided a chance for the exposure of any patent anti-Proxmire feeling among Democrats, quite failed to show any such dissatisfaction.

The two nominal candidates who filed against the senator in the primary were obscure, nobodies in practical terms. Nobody looked for any sizeable vote attraction by them. But their very presence on the ballot provided a vehicle for an anti-Proxmire protest, if any reservations toward him existed in his party.

Some Republicans and especially those in the circle of Wilbur Renk, the Republican senatorial nominee, apparently had hoped for some exposure of weakness by the senator. Their hope probably explains some of the enigmatic

post-election comments that Renk ran well.

There is nothing exceptional in the Renk vote, given the circumstances. He was unopposed on his own ballot. He got as much support as the Republican ballot as a whole attracted. If he had got any less he would have cause to worry, for it would have shown that there were some voters who regarded themselves as Republicans who passed over his name.

THE OUTLOOK

Renk's own post-election comment acknowledged that he is confronting an uphill fight, which is probably the exact truth.

There are those who poke fun at the Proxmire campaign style, including the inevitable passing out of cards on the outskirts of ball parks. Reporters frequently hear grumbling from critics who feel that the method is undignified and unworthy of a man holding one of the highest offices in the political system.

Yet the man who chooses an elective political career must be a complete pragmatist. Proxmire has shown that his own technique, physically exhausting as it must be, mechanical and prosaic as it appears to many persons, works magnificently. The theory is that the man whose hand has been grasped half a dozen times is a man whose vote has probably been won. Who will quarrel with the method as inferior to reliance upon others that are as calculating and artificial?

The Proxmire ballot experience in the primary also shows something about the comparative desirability of high offices, considering job security alone. The governorship is the vulnerable place, as Gov. Reynolds learned last week, and as other recent governors have learned in even more painful terms. The senator is relatively immune from the day to day critical attention of his constituents and can look forward to indefinite tenure, while his gubernatorial running-mate accounts himself exceptionally fortunate to survive as long as six years.

Strictly Personal

Main Thing Wrong in Modern Play Is Length

BY SIDNEY J. HARRIS

After a decade of professional play-going, I am convinced that the most important single thing wrong with the modern theater is simply that the plays are too long.

Harris

Almost every play that falls apart does so because the author could not sustain or expand his theme for three acts.

Everything he has to say can be said in a half-hour, the rest is tedious padding of a thin story line.

Art does not, as many people think, exist in a vacuum; it lives in a firm economic framework. A one-act play is, not producible. The public is used to, and demands, two hours and more of theatrical entertainment.

Presumably, a playwright could compose three one-act plays for an evening's presentation; and Noel Coward, among others, has done so. But this requires a kind of fertility of plot which most authors do not possess. It takes them long enough to think of one tellable play.

As a drama critic, I have sat with high hopes through the first act of many plays—only to see them rapidly disintegrate as the evening wore on, because the story was not

substantial enough to bear the weight of a full evening's concentration.

Only a great playwright can hold our attention through three acts. The writer who has a minor talent, and little to say, is like a sprint runner competing in a marathon—he is not built for the distance.

And, a fortiori, as we used to say at Boys' Latin, this defect is even more evident in the movies. The most enjoyable films I have seen were those collections of Maugham short stories—each of which was brief enough to hold and divert an audience.

A two-hour film is padded out as flagrantly as a flat-chested heroine. Extraneous scenes are dragged in, and a story is converted into a "spectacle"—the reason being that without all this dramatic camouflage the story would clearly reveal itself as skinny and anemic.

In some respects, it's harder to write a one-act play than a full-scale drama: the action, the timing and the development of character must be handled with utter dexterity. A good one-act play requires a superior craftsman, of which there are many; a good three-act play requires an artist, of which there are few in any age. One reason for the decline of drama is that so many craftsmen are desperately trying to be artists without the vision and the gifts to meet so high a demand.

Potomac Fever— by Jack Wilson

This is a complicated campaign, what with the backlash and the frontlash. And now the No. 2 boys, Bill Miller and Hubert Humphrey, have introduced a new factor — the tongue lash.

Sen. Goldwater promises to end the draft and cut taxes. Now the only real issue left is which party will put the best glue on postage stamps.

The President and Goldwater travel thousands of miles, shake thousands of hands in their search for votes. Why not a shortcut — just make friends with the computers?

The Teamsters Union wants a House committee to investigate the Justice Department's handling of the Jimmy Hoffa case. But if Jimmy loses again, who'll investigate the committee?

New Observation Device

Packers, Bears Both Use Special TV Sets

BY LEN WAGNER
Post-Crescent News Service

GREEN BAY — According to appearances on the field and in the press box at City Stadium Sunday, tiny electronics are becoming equally as important as huge guards and tackles in professional football.

But don't be too sure.

Not only was there a battery of television cameras poking out of the top floor of the press box. Not only was there another camera mounted on a power-driven golf cart on the field. Not only were there two long-snooted microphones aimed from the sidelines into each team's huddle. Not only were there red-hatted directors, ear-phoned announcers and seemingly miles of cables around the sidelines.

Receiving Sets

But on both the second and third floor of the press box, there were special TV cameras, video tape equipment and tiny receiving sets. One belonged to the Bears and the others to the Packers for observation purposes.

The Bears have literally been sold on its value. They bought the \$16,000 worth of equipment and intend to use it for all games. The Packers are not quite convinced. At least temporarily, they are just renting it for home games.

Packer Assistant Coach Red Cochran, who largely handles the observation post for the Packers, admits he's not completely sold on it but adds, "We still have to get used to it."

Plays Them Back

The entire rig consists of a camera not much bigger than a home movie buff would use, a recorder about 2-3 feet and 10 inches deep, and a 5-inch monitor screen. Assistant Coach Tom Fears operated the recorder, which, with a series of red and gray buttons, not only tapes the proceedings but allows them to be played back within seconds.

Cochran and Assistant Coach Norb Hecker complete the 3-man observing team. Each play is numbered by a speedometer-type reader on the recorder and Fears makes notes of the recording number and the type of play run off so that the tape can be backed up to the play they want to re-run at any time.

A typical operation was on Bart Starr's touchdown pitch to Max McGee in the corner of the end zone in the second quarter. "Let's see that again," Fears said before the teams even lined up for the extra point. Four seconds later, the play was relived on the tiny screen with all three coaches examining it. "Now, once more," Fears announced. Again the play came. "See there, Pettibone is head on," Fears noted.

They Jump Around

Earlier, Cochran asked a re-run of "that first red right we ran," and Fears, after quickly consulting his notes, reported "That was the second play of the game." Punching a gray button, he wheeled the tape back to that point and the play was run again. "You see, they jump around but still end up in a 4-3," Red then pointed out.

All of which was fine but Cochran later acknowledged that the electronics operation didn't really help in any specific instance.

"You can't handle it like a projector," he lamented. "You can't slow it down. When it runs at the same speed, you lose something. But the main thing it does is let you check what you may not have been sure of the first time through, such as which way the line slanted or used."

Coach Vince Lombardi, without time to adequately check with his observation team, felt that it was of no specific help "that I know of."

How much does TV control the game? Just after J. C. Caroline blocked the Packer field goal attempt at 10:31 of the fourth quarter, the field director ran a full five yards onto the field yelling "stop it . . . stop it," time for a commercial.

It's Always interesting to see what is in the net when the Conservation Department trawler is out on Lake Winnebago. The small sturgeon at the top was one of the game fish taken and returned to the water. In the bottom picture, department personnel are shown preparing to take boxes of rough fish off the boat. The take included carp and sheepshead. Each box weighs about 600 pounds. (Post-Crescent Photos)

Lindberg Leads BDM Scoring With a 72

John Lindberg led scoring at the Butte des Morts Golf Club with a 2-over par 72. R. A. (Bob) Martin garnered the runner-up laurels, with a 73.

Other honor scores were John Goehler and Don Strutz, 74; Don Jabas, 75; John Hayes, 76; Wes Stehr, 77 and Tom Hayes, 78.

10-Year Project Completed

Program of Rough Fish Control Demonstrated on Trawling Craft

BY JIM HARP
Post-Crescent Outdoor Editor

CALUMET HARBOR—An example of why the Conservation Department will be asking area sportsmen for a continuation of the rough fish control program on Lake Winnebago was given here Tuesday afternoon.

Richard Harris, supervisor of the fishery headquarters at Oshkosh, and members of his staff took newsmen out on a large trawler to see first hand how the operation works and explain the effect that a 10-year program has had on the rough fish population in Lake Winnebago.

Harris explained that the 10-year program proposed and supported by area sportsmen in 1954 now has been completed. This winter, members of the staff will go to area meetings and explain the results of the program and ask sportsmen for their opinions on the continuance of it.

To point out the effectiveness of rough fish control, biologist Gordon Preigel explained that in the 1955 to 1961 period, 50 to 80 per cent of the sheepshead being harvested were 14 inches and over. From 1962 to

present day operations only 30 to 40 per cent of the sheepshead go over 14 inches.

Preigel also pointed out whereas in the past, females matured and spawned in their fifth growing season, now it takes until the seventh growing season before they spawn.

The reduction in the size and change in age to maturity are proof of the effect control has had on the sheepshead, Preigel said.

Made 3 Runs

The big trawler made three runs with the trawling net out and each time about 200 pounds of fish were hoisted aboard. The net is designed to retain the hump-backed sheepshead and allow game fish to escape through the 6-inch mesh. This proved effective as in the three trawls the only game fish seen were four jumbo perch, a sturgeon about 20 inches long, one 10-inch bullhead and several walleyes and white bass.

The game fish are sorted from the rest and put in a nearby tank where they are allowed to swim freely to make sure they have recovered from being in the net. Then they are returned to the water. Some of the fish

have a tendency to bloat and have a difficult time recovering. If this is the case, a hollow needle is inserted into the side of the fish to release the air and in a matter of seconds the fish is fully recovered.

At the present time the Conservation Department operates two trawling boats on the lake and there are three commercial fishermen also taking rough fish. Department personnel are always aboard the commercial boats to see that game fish are put back.

Preigel pointed out that studies during the 10-year program have indicated that the game fish population has increased. Walleye and sauger have remained about stable but big increases have been noted in perch, white bass and crappies. There also is an increase in suckers in Winnebago and this is a good sign since the sucker is a good food fish for game fish.

Public meetings will be held in Appleton, Chilton, Oshkosh and Fond du Lac during the winter months and fishery officials are hoping to get approval to continue the rough fish removal program as the lake requires it.

Boxing Show Cancelled When Promoters Find Fans Can't See Ring

PITTSBURGH (AP) — A boxing show scheduled for Wednesday night at the Liberty Theater was canceled Tuesday when it was discovered some of the ticketholders wouldn't be able to see the ring.

Matchmaker Don Elbaum said the ring covered 500 of the 605 seats on the main floor and

couldn't be seen from the 700-seat balcony.

Middleweights Johnny Morris and Clarence Alford were slated for the 10-round main event.

Paul Neumann Signs Philadelphia 76er Pact

PHILADELPHIA (AP) — Paul Neumann, swift backcourt man who scored 858 points and was the team's No. 2 playmaker, signed his 1964-65 contract Tuesday with the Philadelphia 76ers of the National Basketball Association.

Are Smooth As Silk just words on a label?

It doesn't take much to find out

Take one jigger of Kessler. Add water, ice—or whatever's your favorite mixer. Sip. That's all it takes to see why Kessler's the only whiskey with "Smooth as Silk" on the label. It's the only whiskey that is.

Kessler the Smooth As Silk whiskey.
Full 86 proof.

JULIUS KESSLER COMPANY, LAWRENCEBURG, INDIANA. BLENDED WHISKEY. 86 PROOF. 72% 96 GRAIN NEUTRAL SPIRITS.

Members of the Appleton East American Legion baseball team that competed in the Fox River Valley League Northern Division during the 1964 campaign are shown above. From left, in the front row, are Gary Lutz, Tom Heimritz, John Kugler, Wayne Lutz, Chuck Fischer, "Bubsy" Graff, Dick Kirk, Chuck Cotton and

Intangibles Worry Elliott at Illinois

22 Lettermen Back to Defend Big Ten Championship This Fall

BY JERRY LISKA
CHAMPAIGN, ILL. (AP)—Like a rich banker, Coach Pete Elliott of Big Ten football champion Illinois savors his gilt-edge assets but worries over the menace of "intangibles."

Twenty-two lettermen, including All-America linebacker Dick Butkus, Rose Bowl star fullback Jim Grabowski and 262-pound tackle Archie Sutton, are back from the Fighting Illini who scalped an 8-1 record from a stunning 1963 season.

"It would be nuts to say we feel we shouldn't have a fine football team," said Elliott, who only three seasons ago almost walked the coaching plank with the first winless season (0-9 in 1961) in Illini history.

Need to Improve

"But there are always the intangibles. I say we must get materially better to match our high rating. Last year, we were tied (20-20) by Ohio State and lost to Michigan (14-0). Now, both Ohio State and Michigan are substantially improved. So we need to improve, too."

"Injuries—how many and to whom—fit into the intangible category."

"And then there is supposition that a predominantly senior squad, having won the title and being ineligible to return to the Rose Bowl, will lose its competitive edge."

Elliott, however, seems confident his players will go full steam despite loss of Rose Bowl incentive. He has 15 seniors on his first two teams.

"Thus far, we are in equal shape to last season and we sure have worked harder," said Elliott. "There has been no let-down by anybody."

"I cannot excuse a team or any player using it as a crutch for not playing the best possible

Rose Bowl victory over Washington, junior fullback Grabowski could be one of the nation's best.

At left half, another fine 1963 sophomore, Sam Price, also is headed for a "real good year," in Elliott's opinion.

Elliott has two lettermen at each of the 11 positions but plans to "sort of sneak into two platoon" play under the new liberal substitution rule.

"We'll have only four defensive specialists—Donnelly, line-back Don Hanse and the two defensive halfbacks," he said. "We're preparing our first team mainly to play both ways, but as the season progresses we may switch more and more until we can swap whole units."

Doell Posts 611 Set in KCA Loop

Ray Doell rolled a 241 single-ton en route to a 611 series to pace the KCA General Office bowling league at the 41 Bowl. Don Anderson posted a 567 set, and George Selig counted a 559. Planning heads team standings, with a 5-1 mark.

Bauer Feels It's Miracle Orioles Are Still in Lead

BALTIMORE (AP)—If the Baltimore Orioles win the American League pennant, it will almost be anti-climatic. It's already a miracle that they still are in first place.

Manager Hank Bauer and his battling crew have survived a number of crises and somehow have managed to stay near the top of the pack.

On Aug. 23, after taking three of four from Chicago the Orioles led the White Sox by 1½ games and the New York Yankees by five.

Counting the second game loss in the Aug. 23 doubleheader, Baltimore has dropped 13 of 24 decisions. But even after losing to the Minnesota Twins 1 Tuesday night, the Orioles still hold a one-game advantage over Chicago and are 1½ ahead of New York.

Despite a 6-5 record on a recent road trip, Baltimore increased its lead from a half-game to one full game. The margin held again as the Orioles split a four-game weekend series with last-place Kansas City.

"How can you use 19 players and still only get one run?" Bauer asked Tuesday after Rich Rollins doubled to tie the game in the seventh and tripled to drive home the winning run in the ninth.

Over the past 24 games, Oriole pitchers have allowed an average of only 2.84 earned runs, with eight starters going the route. But during the same span, Baltimore hitters show a dismal .214 batting average.

Bob Barlament Completes 'Slam' of Riverview Titles

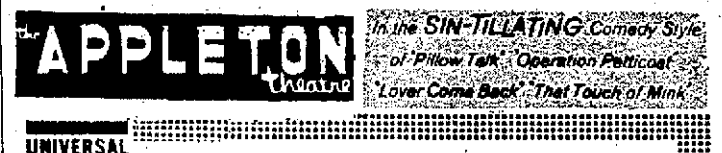

Bob Barlament completed a "slam" of the top golf tournaments at the Riverview Country Club with a 2 and 1 win over Harry Brown in the finals of the Club Championship match-est.

Barlament annexed the Directors Trophy in June competition and picked up the President's Trophy in July.

Barlament eliminated Russ Bauman, Dick Baker and John Mielke en route to the club finals. Brown defeated John Schulenburg in the semi-finals. F. H. (Frosty) Sprol defeated John Carpenter, 2 and 1, for the Class A title. Jack Butler downed Roy Whitney, 5 and 4, for the Class B honors. The Class C laurels went to Charles Lingelbach on his 2 and 1 win over Bernie Smith.

Tom Hadley led the scoring parade at the Ridgeway Country Club with a 1-under par 71. Herb Stinski was next in line with a pair of 73s.

Dick Spangenberg and Ben Kluba carded 76s with Gene Sage posting a 77. Ralph Sell Jr. checked in with a 79.

Candidates Tie for City Council Seat

DAPHNE, Ala. (AP) — Two contestants for City Council will have to find another way to determine the winner.

Vernon E. Andrews and Clay-

ton Perry each polled 144 votes in Tuesday's runoff. Each had received 121 in the first primary.

It was considered likely that other council members probably would have to choose the victor.

like looking for someone who doesn't read newspapers

Very hard to find. 99 million people in almost 9 out of every 10 homes read newspapers. It's the most sought after, often bought, eagerly consumed, intensely depended upon product in the world. The reason is obvious. We can't do without it. The need to know about the news and events that touch and shape our lives is deep, intense, unending. And the need to know is now. Today. So it's not very hard to figure out why more advertising dollars are spent in daily newspapers than in TV, magazines, radio, and outdoor combined.

More People Do More Business With Newspapers!

of many regularly paid
mill workers.

Sporting Goods Store

This opportunity has the mini-
mum investment for a business
this size.

Strictly Business

is WHAT you'll do. In this
family plan good. Located

In neighboring community.
Lovely living quarters accom-
modates the owner very nicely.
Excellent terms to a progres-
sive buyer.

Restaurants (2)

One with living quarters and
one without. These are both
excellent buys and can be pur-
chased with small down pay.

Retail Store

Fox Valley area. Buyer should
have some mechanical knowl-
edge. Sorry no information over
the phone on this one. Lock,
stock, and barrel. \$15,000

MEMO
TO: A Junior executive's wife
FROM: Whitman Agency
We have an excellent 4 bedroom split level with large family room... thought you'd be interested in the kitchen so here are a few details: Built ins include stove, double oven, rotisserie, grill vent fan and refrigerator-freezer. The sink is stainless steel with disposal... There is ample cupboard space with polished oak finish... There is also a utility closet and more than ample eating area, PS: There's many things your husband will like too so be sure to bring him along.

No Agreement by Experts on New Russian Weapon

Possibility of Chemical Or Germ Warfare Discussed

BY FRED S. HOFFMAN

WASHINGTON (AP) — The "new means of destruction" claimed by Soviet Premier Khrushchev could be a major advance in chemical or germ warfare, government experts said today.

Defense sources stressed they were speculating in the absence of any hard intelligence information about what Khrushchev meant in a talk to a Japanese group in the Kremlin Tuesday.

Developments considered in the realm of the possible included:

—The dread cobalt bomb, a nuclear device using a shell of cobalt instead of steel. Explosion of such a bomb would unleash huge amounts of lethal and long-lived radioactive fallout.

—A "death ray," possibly a highly concentrated, intense beam of light.

—The neutron bomb, another kind of death ray weapon whose

emissions would destroy all life in a target area but would do virtually no damage to structures.

Defense experts were not disposed to dispute the existence of a significant new Soviet weapon out of hand. They noted that Soviet boasting of this sort generally has had some basis, although often inflated for propaganda effect.

May Be Aimed at Peking

At the same time they were not dismissing the possibility that this might be a play by Khrushchev to frighten his Communist Chinese foes — and that the Soviet leader might have taken liberties with the truth.

Officially, the Defense Department declined comment. This is usual in such instances.

Authoritative Pentagon sources said they had seen no indications in recent intelligence reports that the Russians might have come up with something.

Miller Alleges Discrimination In Land Sale

Declares Johnson Had Restriction Put Into Deed

KEARNEY, Neb. (AP) — Rep. William E. Miller pushed on into the Midwest today after unloading a "bombshell" charge in Texas that President Johnson had practiced discrimination in a land sale.

After a Republican rally here this morning, the GOP vice president nominee scheduled stops at Lincoln, Neb.; Topeka, Kan.; and Des Moines on the second day of his five-day campaign swing.

The peppery New York congressman sailed into the President in Johnson's own backyard Tuesday.

Charges Hypocrisy

He accused Johnson of inserting an anti-Negro covenant in the deed for property he sold in 1945 to a former mayor of Austin and said this exposed Johnson's current stand for equal rights as hypocrisy.

The Miller charge, delivered in dramatic fashion before a cheering crowd of about 4,200 at the Texas Republican State Convention, was billed by his aides as a bombshell.

"I have in my hand," Miller began, as he brandished certified copies of deeds that he said verified his accusations. Extra copies were distributed to reporters.

Clause Inserted

Miller said that Johnson and his wife acquired in 1933 a tract of land in Austin and that the deed contained no restrictive covenant.

Yet, he continued, when the Johnsons sold seven lots in 1945 to Austin's late mayor, Tom Miller, also a Democrat, an anti-Negro clause was written into the deed that conveyed the property.

He quoted this section from the 1945 deed:

"No part of the above described premises shall ever be conveyed or in any way transferred, demised, leased or rented to any person or persons of African descent; provided that this clause shall not prevent the employment of such persons as domestic servants and providing customary accommodations for them."

Miller declared, "I want to show the hypocrisy of Lyndon Johnson on this issue."

6 Known Dead In Bus Disaster

FORT PIERCE, Fla. (AP) — Six and possibly more farm laborers drowned today when a bus carrying them to work plunged into an 18-foot deep canal southwest of here.

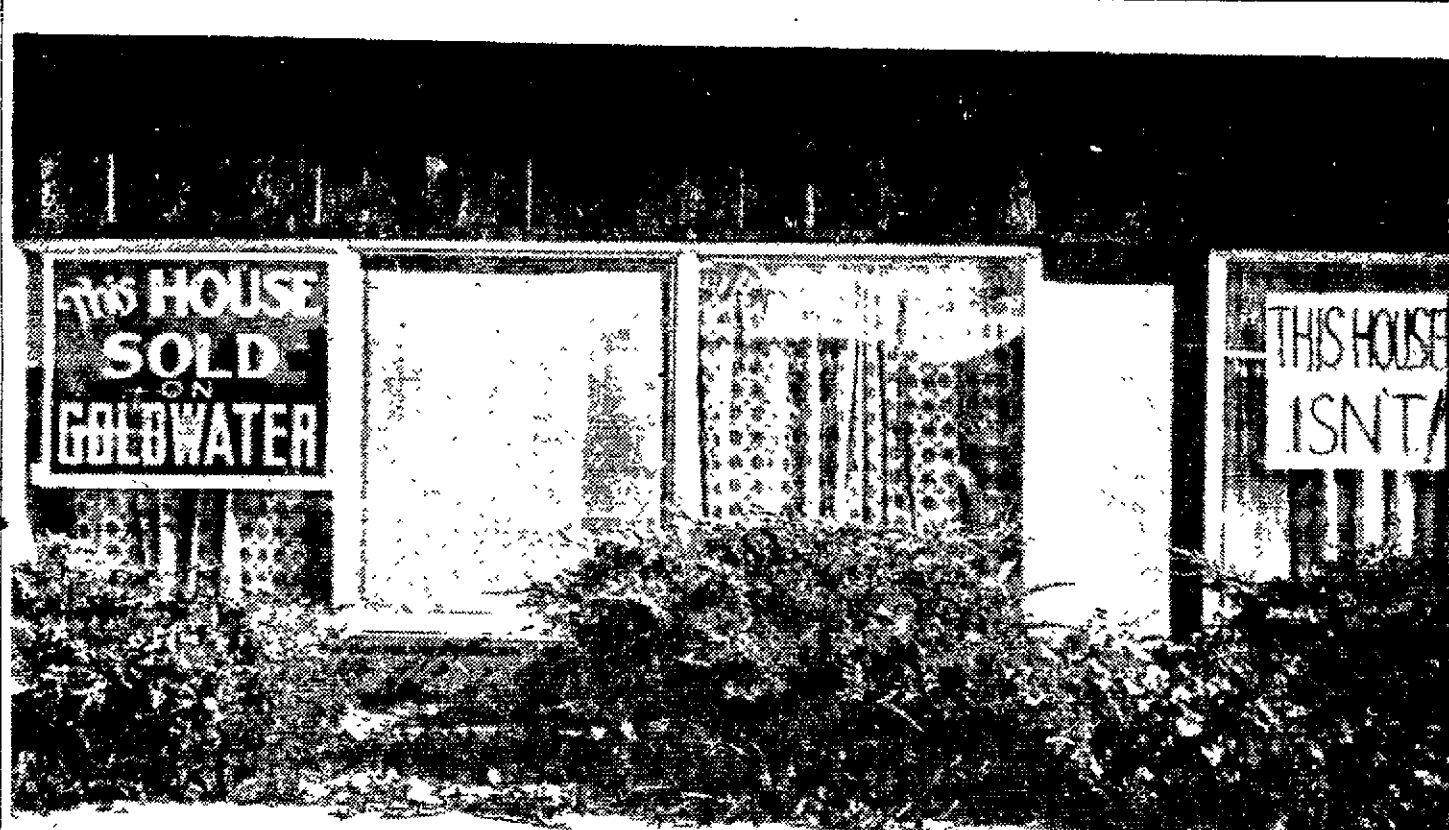

Six bodies were recovered. A deputy at the scene said there may be more, that nobody got out.

Divers continued a search. The canal, a 75-foot wide artery in the central and south Florida flood control district, is maintained at the 18-foot depth. It is known here as the "Rim Ditch."

The driver of the bus was believed to be Foley Pinkney of Fort Pierce. It was bound for the O. L. Peacock Ranch where the men are employed.

The reason for the wreck, in a remote area, was not learned immediately.

Railroad Shop Unions Threaten to Walk Out

When Mr. and Mrs. Frank Wichern put up sign on left, their neighbors, Mr. and Mrs. Fred Madison, retaliated promptly. Families live in an apartment complex on the west side of Madison. (AP Wirephoto)

No Formal Notice to Carriers

WASHINGTON (AP) — New strike talk threatened today to break the nation's uneasy railroad labor peace that followed last April's extraordinary White House settlement.

A different set of unions are involved this time, but the basic issue is the same — demands for job protection in an industry with drastically declining employment.

The 150,000 members of six AFL-CIO railroad shop unions reportedly are ready to walk out Monday, although a management spokesman said no formal strike notices had been served.

"Unless there's some agreement, they don't expect to be at work Monday," said Edward J. Carrough, spokesman for one of the unions.

Inadequate Notice

"We should be given 72 hours notice," commented chief railroad negotiator J. E. Wolfe in Boston. "I have not been told that they have set a strike date."

Other railroad sources said there was no question that a strike by shopmen who maintain railroad equipment would halt most of the nation's trains, precipitating a national emergency like the one that caused President Johnson to step in last spring.

Carrough, organization director of the Sheet Metal Workers' International Association, said all six shop unions had "agreed to take a united stand."

No Progress at Talks

There has been no report of progress in negotiations since a presidential emergency board last month recommended certain protection for shop men who lose their jobs or are moved to lower paying jobs due to technological changes.

Sweeping changes in equipment

House Scheduled to Act on Ice Age Bill

Committee Approves by One Vote in Van Pelt's Absence

WASHINGTON (AP) — The proposal to create an Ice Age National Scientific Reserve in Wisconsin got a new lease on life Tuesday.

Seemingly sidetracked early this year by the objections of Rep. William K. Van Pelt R-Wis., the bill now is scheduled to come up for House action next Tuesday, with only a majority vote needed for passage. If passed there it still must be approved by the Senate.

The bill would provide federal grants in aid to Wisconsin in the purchase of land. The cost of the land acquisition is estimated at \$1,550,000, with the federal government contributing \$800,000.

Bill Sent to House

Democratic Reps. Lester R. Johnson and Henry S. Reuss are sponsors of the bill which is designed to preserve moraines and other remnants of the ice age in various areas of the state.

The House Rules Committee, by a narrow 8-7 margin Tuesday, agreed to send the bill to the House for action. At a brief hearing before the committee, Rep. Thomas G. Morris, D-N.M., chairman of a House Interior subcommittee which considered the bill, and Rep. John P. Saylor, R-Pa., senior Republican on the full committee, testified in support of the bill, along with the sponsors.

Johnson and Reuss introduced

legislation for the national park nearly six years ago. But Republican Congressman Van Pelt of Wisconsin's 6th district, objected to the measure early this year when it came before the House on the consent calendar. Under this procedure passage of bills requires unanimous approval.

Van Pelt contended the project would do harm in his district by taking more property off the tax rolls for addition to the northern unit of the Kettle Moraine State Forests. He addressed the Rules Committee in closed session.

In a test vote last month, the House favored the measure 164 to 153 but this fell short of the two-thirds vote required to suspend the rules for passage. Consequently, the bill went to the Rules Committee where it seemed likely to die for the 1964 congressional session.

Soviet Veto Seen on Malaysian Problem

UNITED NATIONS (AP) — The Soviet Union is expected to veto a Security Council resolution demanding an end to the Indonesian-Malaysian fighting.

Norway introduced the resolution Tuesday.

Informed sources said the Russians would veto it because Indonesia opposes it.

Deputy Foreign Minister Sudjarwo Tjondronegoro told the council Indonesia doesn't recognize Malaysia and therefore can't respect Malaysia's territorial integrity and political independence.

Liberal Democrats Continue Battle on Districting Issue

WASHINGTON (AP) — Liberal Democrats in the Senate said today they would continue talking against a move to delay court-ordered reapportionment of state legislatures until they are able to sidetrack the proposal.

They said they still hoped the proposal sponsored by Republican Leader Everett M. Dirksen could be replaced by a milder substitute despite failure to do so in a tight 42-40 vote Tuesday. "As long as we stay here and talk," said Sen. William Proxmire, D-Wis., "we are going to win. And we are prepared to stay here and talk."

The continuing stalemate threatens to delay congressional adjournment indefinitely — possibly even until just before the Nov. 3 election at which all House and 35 Senate seats will be at stake.

Sen. Thurmond Expected to Bolt Democrats

South Carolinian To Make Statement On TV Tonight

COLUMBIA, S.C. (AP) — Sen. Strom Thurmond of South Carolina will bolt the Democratic party tonight and become a Republican supporting Sen. Barry Goldwater for president, according to several sources.

Thurmond, who carried South Carolina, Louisiana, Alabama and Mississippi in the 1948 presidential elections as the States Rights party candidate, is expected to announce his decision in a television speech from Columbia at 6:15 p.m. EST.

Advertisements in several newspapers in South Carolina and North Carolina today said Thurmond's appearance on a two-state television hookup "will be of vital concern to every thinking citizen."

"Strom Thurmond voices his convictions," the ads said. "Watch history being made!" Small print at the bottom of

16 German Miners Saved After 12 Hours

BOTTROP, Germany (AP) — The ceiling of a coal mine gallery collapsed 2,000 feet below ground early today, trapping 16 miners for nearly 12 hours. The miners were brought to the surface in the early afternoon. None of them was injured.

UAW Sets Deadline In Talks With Ford

New Talk About Strike by Groups at Chrysler Plants

DETROIT (AP) — The United Auto Workers Union today set a strike deadline of 10 a.m., EST, Friday at the Ford Motor Co. in new contract bargaining.

Walter P. Reuther, UAW president, announced the deadline just before entering the bargaining room.

"We are prepared to join with the company in good faith to resolve the questions that are still unsettled," Reuther said.

Although Ford has offered the union virtually the same economic package the JAW accepted from Chrysler last week, Reuther said there were still questions to be settled on such matters as wage inequities, relief time for assembly line workers, and production standards.

New Strike Threat

Reuther said he had hoped to avoid the necessity of setting a strike deadline but now that one was necessary he was prepared to spend as many hours as needed at the bargaining table to reach an agreement.

The UAW placed Chrysler under a new strike threat Tuesday, although Reuther announced only a week ago today that "an historic labor agree-

ment worth 54 cents an hour" had been wrapped up there.

Although he failed to mention it at the time, the national economic agreement Reuther announced covered only hourly rated production and maintenance employees at Chrysler. Agreement since has been worked out regarding parts depot workers.

Douglas Fraser, UAW Chrysler department chief, served

Accident Toll Increased by 3

BY THE ASSOCIATED PRESS

A Racine man was killed as he crossed the street Tuesday night and two other persons died of injuries suffered in separate pedestrian accidents. The deaths raised Wisconsin's 1964 traffic toll to 764 compared with 604 on this date one year ago.

George Nielsen, 66, Racine, killed Tuesday when he was struck by a truck as he walked across the street in front of his home.

Michael Krawczuk, 72, of Greenfield, died Tuesday at Milwaukee County General Hospital of injuries suffered Aug. 7 when he was hit by a car in the suburban community.

Gary Kahrs, 3, of rural Wisconsin Rapids died Tuesday in St. Joseph's Hospital, Marshfield, of injuries suffered Sept. 4 when he was struck by a truck while playing on a bridge near his home.

Search Pressed for International Ring Of Art Thieves

ROME (AP) — Search was pressed today for an international ring of thieves blamed for stealing 16 paintings by some of Italy's greatest Renaissance artists from an Italian collector.

The value of the paintings stolen Monday night from Prince Alessandro Torlonia was estimated at first at \$360,000. Art experts said later they might be worth more than a million dollars.

Prince Torlonia, who is considered Italy's richest man, said paintings included works attributed to such artists as Raphael, Guido Reni, Ribera and Andrea Mantegna.

Lists and photographs of the stolen paintings were sent to Interpol, the international police organization, for distribution in Europe and America. Usually stolen masterpieces are put on clandestine sale abroad.

Women Police Appear On Paris Streets

PARIS (AP) — Cops in skirts appeared on Paris streets for the first time Tuesday.

About 15 women are practicing with regular traffic policemen. If they prove they can make sense out of Paris traffic — not an easy task for anyone — they may go to work on a regular basis.

Create More Saints, Plea To Council

VATICAN CITY (AP) — The Vatican Ecumenical Council heard an appeal today to create more Roman Catholic saints from all walks and races of life. There also were warnings against exaggerated devotion to the Virgin Mary.

Leo Jozef Cardinal Suenens of Brussels, Belgium, told the 2,500 council fathers in St. Peter's that national bishop groups should have power to beatify in their own regions. Instead of leaving this to the Vatican. Beatification is a step toward canonization as a saint.

The Belgian cardinal complained that too few laymen and too few non-Europeans have been declared saints by the Roman Catholic Church.

Augustin, Cardinal Bea, the top Vatican Christian unity expert, Paul Emile Cardinal Leger of Montreal, and many Latin-American bishops argued against excessive devotion to Mary.

Cardinal Bea in effect told the council that excessive devotion was a barrier to Christian unity efforts.

A press spokesman of the council, who briefed newsmen on the closed proceedings, quoted Cardinal Bea as saying such excesses "cause serious difficulties, yes, very serious difficulties for our separate brethren."

Monorail Put Into Service by Japanese

TOKYO (AP) — An 8.2-mile monorail between Tokyo's International Airport and the city was inaugurated today. The double-track system is expected to carry 30,000 persons daily and make the trip in 15 minutes.

First Venture Abroad

Johnson Sets Precedent in Flight To Vancouver on Pearson's Plane

BY FRANK CORMIER

WASHINGTON (AP) — President Johnson, embarking on his first major trip of the campaign season, racks up a couple of firsts today — by touching foreign soil and by traveling in a foreign plane.

Johnson, who will be gone from Washington two days on a Western foray labeled nonpolitical by the White House, flies first to Great Falls, Mont., to be picked up by Prime Minister Lester B. Pearson of Canada.

Fly to Vancouver

The two men were to fly to Vancouver, British Columbia, aboard the prime minister's American-made Jetstar transport — twin to the Air Force aircraft frequently used by the President in his American travels.

Veterans around the White House could remember no previous occasion on which an American president agreed to

travel aboard an airplane of a foreign government.

Johnson's trip to Vancouver marks his first venture outside the United States. Some time ago, the President said he would confine his travels to the continental United States because there is no vice president. Recently — before the Vancouver journey was announced, Johnson said privately he might cross the border.

Johnson's meeting with Pearson was arranged ostensibly to jointly commemorate implementation of an American-Canadian treaty aimed at orderly development of the Columbia River Basin. It also provides some campaign-season exposure in a nonpolitical light.

The chief executive's trip Tuesday to politically doubtful Florida was his second in five days.

Republican National Chairman Dean Burch lost no time in

labeling "the 'nonpolitical' journey 'an improper use of taxpayers' money." He said Johnsons speech to the Machinists Union convention was "purely political and sought to gain votes" for the President.

At Miami Beach, the machinists gave Johnson a big greeting and he plugged for a stronger Social Security program which would include medical care for the elderly.

Then the President flew 200 miles north and stopped off en route back to Washington at Cape Kennedy. He inspected some of the space facility and plugged for the administration's space program.

Must Lead in Space

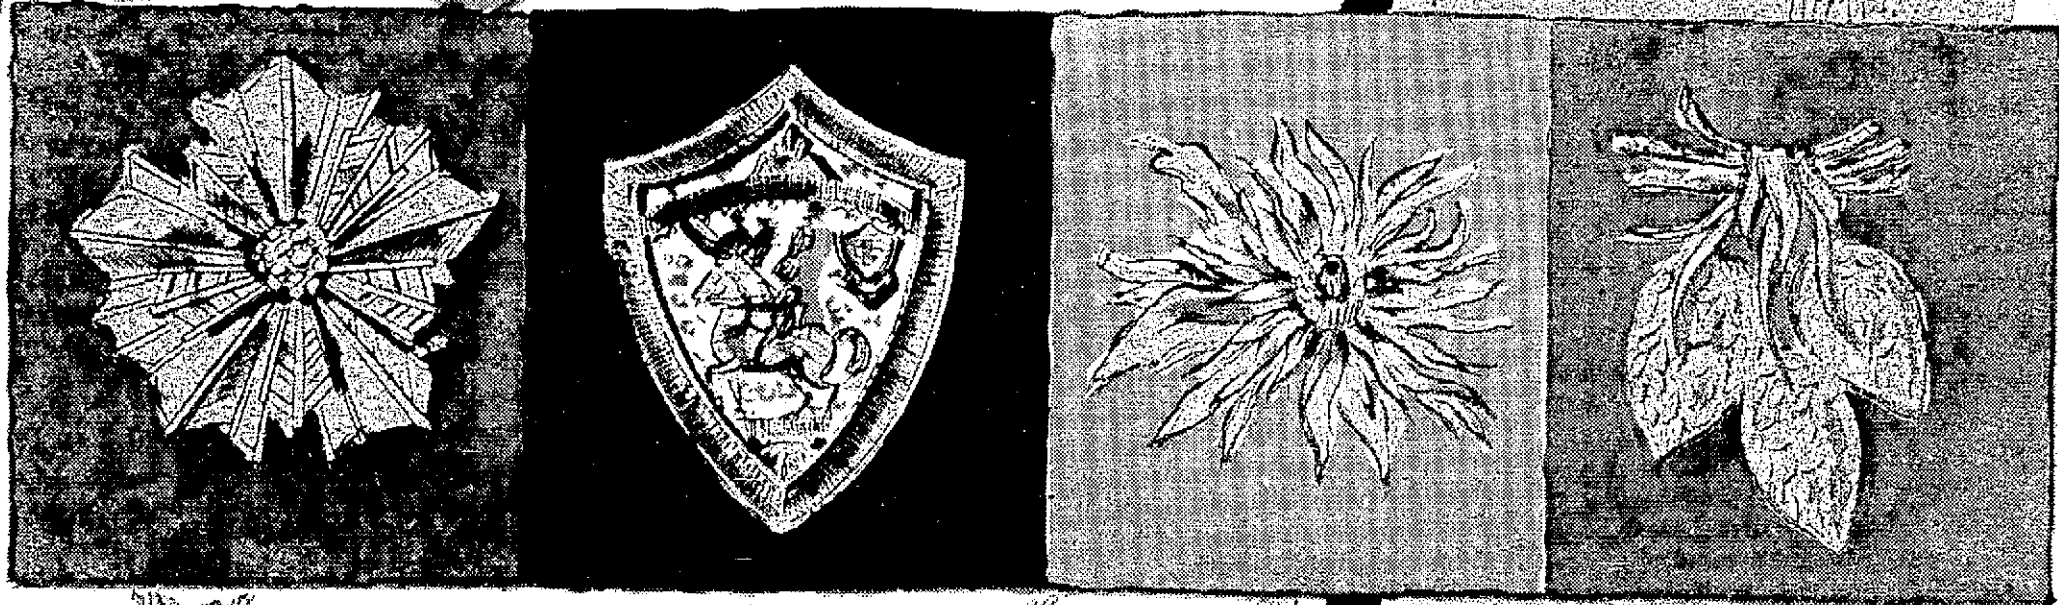

"We cannot be second, in space and first in the world," he declared.

Coincidentally, Republican rival Barry Goldwater spent much of Tuesday in other sections of Florida.

Rep. William E. Miller, Republican nominee for vice president, holds what he says is a deed to property sold by President Lyndon Johnson in 1945 containing a clause prohibiting forever transfer of the land to persons of 'African descent.' Miller told delegates to the Texas Republican Convention at Austin that the president is guilty of 'hypocrisy at its worst.' (AP Wirephoto)

Parents Upset Over Brillion Bus Trips; Some Must Walk

Objection Voiced to Board;
Charge Routes 'Discriminate'

BRILLION — A group of parents has voiced displeasure with a school policy requiring students to walk one-quarter mile to meet the school bus.

Appearing at the Brillion School Board meeting Monday night, they charged they were being "discriminated against." Some youngsters, they said, are picked up at the door, but theirs are not.

Board President John Haun said many hours were spent setting up bus routes.

"Our first concern is the safety of all students involved," he said. "All consideration is given to having the pupils spend the least amount of time as possible on the buses. Seven percent of the school budget is spent on transportation. We try to cut costs wherever possible."

Special Meeting
Further consideration will be given to this matter at a special board meeting.

Board members decided to raise the school's boiler insurance coverage to \$100,000 at the Brillion school. Forest Junction coverage will remain at \$50,000. Annual cost for a five-year contract covering both locations will be approximately \$137.

The request of a parent living outside of the district to have his son live in Brillion, work and attend school without paying tuition was denied. This was not a case of a broken home where the interests of the child would merit consideration.

The board does not wish to

condone a student living away from parental influence when it is not necessary, members said. The Brillion district has no legal responsibility to educate the boy, the board indicated.

Replace Sewer

An expenditure of approximately \$2,000 was approved for replacement of an inoperable sewage system at the Forest Junction School.

The board announced Robert Thom, dean of boys at Neenah High School will give the June, 1965, high school graduation address.

School enrollment figures were presented. There are 293 high school students, 277 in grades one through eight, and 73 kindergartners.

The vocational agriculture and home economics departments reported they made 82 home visits during August.

Athletic Advice

The high school athletic director recommended the school co-operate in all possible ways to help form a stronger grade school program in all athletic activities.

A comparison was made with Brillion and other Eastern Wisconsin Conference schools as to the number of boys out for football, practice schedules and methods of transporting boys home after practices. He also recommended an effort again be made to set up class schedules next year to allow all boys out for athletics to have study period the last hour. Athletic practices would start during this period.

Final recommendation was that careful consideration should be given conference realignment, so no changes are made until all aspects of the change have been studied.

Assigned As Drivers

Paul More, sixth grade teacher and Dean Wallace, seventh and eighth grade math and science teacher have been engaged to transport rural boys home after athletic practice sessions. The superintendent and coaches formerly handled this task.

Announcement was made of the Oct. 8 Regional School Board Conference at Kaukauna.

Supt. Gaylord Unbehaun said an invitation has been extended to the school boards of Reedsville, Hilbert and Stockbridge to a meeting Oct. 5 for the purpose of discussing problems of common concern to all. It is hoped long range planning in all districts will be enhanced if each knows what the other is doing and how they affect each other, board members said.

The firm has borrowed \$64,477.710 since July 1 from Associates Discount Corp. The money was used to retire \$926,719 in outstanding debentures and indebtedness to other corporations totaling \$4,443,669. The \$1,077,322 remaining was added to working capital as will the balance of almost \$2 million which will remain after the \$6.4 million loans are repaid by the revenue from the new debentures.

In addition to indebtedness, the firm has 318,620 common shares outstanding. Management officials as a group own 6.31 per cent.

Judge to Give Banquet Talk

Keller Scheduled
To be at Darboy
Holy Name Dinner

DARBOY — Outagamie County Judge Gustave Keller will be featured speaker at the annual banquet of the Holy Name Society of Holy Angels Church here at 7:30 p.m. Oct. 11.

Plans for the banquet were discussed at the society's meeting last week. A group from Kimberly will sing, according to present plans.

Ticket chairman for the banquet are James Wanner, Robert Appleton, Clifford Uitenbroek, Al Hisman, Ivor Vanden Heuvel, Robert Meulemans, John Wallace, Edward Jochman and Mike Schreiber Jr.

The Rev. William Rickert, pastor, spoke on the current National Farmers Organization dispute and the Catholic Churches stand in it.

The group voted to donate \$50 for books for the school library.

125 Attend Family Reunion at Leeman

LEEMAN — More than 125 persons attended the reunion Sunday of the Albert Carpenter families at Diemel's Park.

Alice Mae Carpenter, 90, Leeman, was the oldest member present. Jonathon Harrington, three-week-old son of Mr. and Mrs. James Harrington, Gillet, was the youngest.

Families attended from Green Bay, Berlin, Omro, Shawano, Milwaukee, Neenah, Black Creek, Clintonville, Embarras, Larson, Shiocton, Poy Sippi, and Leeman.

Erika Kellenberger, a Foreign Language Teachers Aide from Zurich, Switzerland, points out her home city to Robert Sutter, Washington High School principal. Miss Kellenberger will be teaching German in the New London school for six weeks. She is in the U. S. under a program sponsored by Wisconsin State University-Eau Claire. (Post-Crescent Photo)

New London City-School Nurse Study Unit Named

Board of Education Picks 3-Man
Committee to Meet With Council

NEW LONDON — Gordon Reidenbach, board of education president, has appointed a three-member committee to meet with the Ald. Grace Stern (3rd) to discuss the city-school nurse issue.

Mrs. Stern told the school board Tuesday she thought it would be to the advantage of both the common council and school district to discuss the matter through committees.

Fred Bernegger was appointed chairman of the board committee. Mrs. Marion Markman and Kenneth Bleck are the other members. Reidenbach said he would sit in on the discussion. The board agreed to continue its policy on adult education classes. Adults are supplied a room and a teacher. Supplies necessary for the class are charged to persons taking part in the program.

Classes Offered

Classes will be offered in modern mathematics, agriculture, home economics, welding, woodworking, shorthand, typing and literature, which was added this year.

The board agreed the number of persons showing interest in a certain course would determine whether or not it would be offered.

Fred Bernegger was named representative on the newly formed board of control of coop-

erative education service agency. The agency was formed to prepare for the loss of county school superintendents positions which become obsolete at the end of the current school year.

The board discussed changing the insurance program, public institutional property insurance.

It has been proposed that the district go under a package plan that could save up to 30 per cent of the present cost of insurance.

Insurance Policies

H. James Ramsdell, superintendent, said it was a good time to think about a change since many of the policies would be coming due shortly. He said present costs would rise because coverage of the Sugar Bush School will be added and contents of district schools are inadequately covered.

The board approved sale of vacated schools including Clover Blossom, Sandy Knoll, Crysen, Fourtain, Cedar Dell, and Elm School.

Cross country has been added to the athletic program, and Kenneth Renning, track coach and an assistant football coach, has exchanged the football coaching position to take over as coach of the harrier squad.

Rent Room

The board approved continuing rental of a room in Most Precious Blood Catholic School

where band classes for the junior high school are held.

Ramsdell said the Lincoln Junior High School roof had been satisfactorily repaired and had not leaked despite the heavy rains of the last month.

First State Bank, New London, was named official depository for the \$1.4 million building fund money to be used for the construction of a new school. The board will hold a special meeting Sept. 22 to discuss developments in the district.

Utility Board Abolished by Chilton Council

Mayor, Alderman
Cite Duplication of
Services as Reason

CHILTON — Within three weeks the Chilton Utilities Commission will be abolished by ordinance as a result of City Council action Tuesday night.

Ald. Emil Schaff (2nd) asked why the city needed a utilities commission when it has a director of public works who is responsible to the council.

Mayor Harry Thompson said there would be too much duplication if the commission remained active.

The commission was created in 1932 by ordinance to serve in an advisory capacity. Mayor Thompson said the director of public works would take over commission duties.

Hired Supervisor

Waiter Moehl, Seymour, was recently hired to replace Russell Kalupa who resigned in April as supervisor of public works.

Mayor Thompson said he will appoint a committee from the council to serve in the capacity of the utilities commission.

Members of the commission are Vincent Reinkober, chairman, William Mollen and Clarence Hilbert. Mollen's term would have expired Oct. 1.

Development Plan Outlined for Chilton

Survey Was Conducted

State Denies Calumet Request to Cut Speed Limit West of Darboy

CHILTON — A request by Calumet County for a decrease in the speed limit on County Trunk KK in Darboy was denied by the state, the county board was told Tuesday.

The original request had been made at the August session asking that the speed limit be lowered to 25 miles an hour from 35 mph for a distance of 1,050 feet west of Darboy.

In a letter to Supv. Wilmer Struebing, Town of Brillion, the State Highway Commission, said it had conducted a survey of card speeds on the highway Aug. 24 and, as a result of the survey, decided a decrease was not warranted.

The letter said the lack of residential and business population in the questioned area was one of the major reasons for the denial.

Widen Road

Construction and widening of the road is planned in early spring. The letter said with the improvements, no decrease would be needed.

Supv. Struebing said the road improvements would remove the blind spots in the section of road but the danger of small children crossing or walking the road would remain.

He said the county can do nothing because the state has

jurisdiction on lowering the speed limits to speeds lower than 35 miles an hour.

The public grounds committee will investigate the need for more room at the sheriff's office.

Action was approved by the county board at the request of Supv. Herman Greves, Hilbert. The public grounds committee will investigate the need for more room at the sheriff's office.

A private interrogation room and room for the radio is needed he said.

Report in October

The committee was instructed to report back at the October session on the preliminary investigation of the matter.

A resolution creating a \$400 account for the county treasurer's office was passed during the Tuesday morning session.

An audit report submitted to the board during the August session, suggested the account to eliminate the carryover of large amounts of money in the office.

With the account Treasurer Merlin Zahn, will be able to make daily deposits rather than hold the money.

\$100 to \$400 was made at the recommendation of the finance committee.

Estimate Cost at \$10,000

CHILTON — Advantages and purposes of a city master plan were outlined to the city council Tuesday night by a representative of the State Department of Resource Development.

Snorre Gronbeck, Madison said points covered by the plan were population economics, community facilities, capital improvements, land use and thoroughfares.

The five points are required if a municipality desires to take advantage of Federal monies available for such an undertaking, he said. The federal government pays two-thirds of the cost.

Such a plan, Gronbeck explained, entails analysis of the community with future development as the main objective. Predictions and recommendations are made on the basis of past history and trends.

Highway Study
In Chilton's case, he said, the consultant would check with the State Highway Commission as to plans for State 57 and U.S. 151 which pass through the city.

Capital improvement recommendations would be geared to stay within the structural concept of the community. There is no sense in making recommendations a city cannot afford, he said.

Recommendations submitted to the governing bodies are just that, he said. The council must determine whether or not to take action.

Cost \$10,000
A master plan for Chilton would cost about \$10,000, he said, two-thirds of which would be provided by the federal government.

Processing for the federal money would take about three to six months. The plan itself would be completed in about a year, he stated.

Surrounding communities which have a master plan are Waupaca, Brillion, Kiel and Green Lake.

NFO Picketing Near Chilton Is Called Peaceful

Calumet Sheriff
Keeps Close Watch
On Demonstrators

National Farmers Organization (NFO) picketing at the Armour and Co., receiving station, four miles south of Chilton on State 57 was termed peaceful Tuesday.

Calumet County Sheriff, C. J. Kosmosky commended NFO members for their cooperation during the withholding action.

Kosmosky said he restricted the pickets to two to each driveway along with one traffic officer. He allowed the NFO members to stop each truck entering the plant and gave them five minutes to talk to the driver in an attempt to persuade them to turn back.

Declines Comment
Ken Mainville, Armour representative, said the pickets were orderly, but declined to comment on the receipts for the day.

Meanwhile, at NFO headquarters at Corning, Iowa, officials answered a demand from the Farm Bureau that the holding action be canceled.

"It is regrettable," the reply said, "that leaders of the American Farm Bureau Federation fail to recognize the seriousness of the farm problem and have once again joined the processors in requesting that farmers discontinue their efforts to obtain fair and equitable prices for their commodities, thus trying to keep farmers in the position of continuing to take low farm prices."

**Fremont Beauty Shop
Has New Manager**

FREMONT — Donald Laux, Waupaca, will manage the beauty parlor located in the clinic building owned by Fremont Building Corp.

Laux purchased equipment of the Modern Beauty Shop, formerly owned by the late Mrs. Melvin Prill, and expects to reopen the shop this week.

**Boy Scouts to Start
Hortonville Meeting**

HORTONVILLE — Boy Scout Troop 36 will end its summer recess, at 7 p.m. Thursday, in the Village Hall basement.

Boys who are 11 years of age are eligible to join, according to James Tessen, Scoutmaster. Weekly meetings will be held.

Officers of Chilton United Fund Inc., elected at a board of directors meeting at Calumet Memorial Hospital, are from left, Henry Koch, first vice president; Andrew Pendi, president; Merlin Zahn, second vice president, and A. W. Hugo, treasurer. Missing from the picture is executive secretary, John Suttner. (Post-Crescent Photo)

Calumet Still Has No Nurse

County Seeking to
Share Services With
Manitowoc Office

CHILTON — A health nurse has not yet been found for Calumet County. Clarence Pagel, health committee chairman, told the county board Tuesday.

Supv. Pagel said his committee had contacted Manitowoc County in an attempt to cooperate in hiring one nurse to serve the two areas.

Mrs. Lois Wilcox, New Holstein, resigned Sept. 1 from the position she had held for five years in order to obtain her Master's degree at the University of Toronto.

Public health nurse duties are being handled through the state health office in Fond du Lac.

Should the attempt to combine services with Manitowoc fails, he said he would try other neighboring counties.

Request for Special Class Space Triggers Calumet Board Debate

Members Ask if Responsibility for Facility
For Retarded Children Lies in County, School

CHILTON — A request for an additional classroom space for mentally retarded children sparked debate on the jurisdiction of the special class program at Tuesday's Calumet County Board session.

Supv. George Schwalbach, Harrison, education committee chairman, asked that provisions be made for an additional class for the educable children. Need was established as a result of tests given children in the county.

At the present there are four classes in the county, and with more children being qualified for the class, additional classroom space is needed, he said.

In asking for the extra room, Schwalbach also asked how far this was going to go. He said he was wondering if the responsibility for these classes lies with the county or with the individual schools.

Questions Responsibility
Chairman L. H. Huibregtse, Brillion, said he thought it should be the responsibility of the schools. Education is not our business and we should stay out of it, he said.

Supv. Wilmer Struebing, Bril-

lion, also Calumet County assemblyman, said the state is forming agencies at present, to take over all school supervising to replace county superintendents as of July 1, 1965.

In time, Struebing said, these agencies will probably take over the schools for retarded as well.

Welfare Situation

Supv. G. J. Hipke, New Holstein, asked how long it would be before the education of these children became a situation for welfare rather than one for education.

Huibregtse said the children are entitled to an education and "we owe them that much. Until some other method is available the county will have to shoulder the responsibility."

Struebing said the schools

should take care of this because they are closest to the problem and can best handle the situation.

It was the consensus of the board that education was not its business and should be left up to people better qualified to cope with the situation.

Nevertheless, until other solutions are available, the board did accept the responsibility of educating the retarded.

Plan Organization Of Darboy Scout Unit

DARBOY — Organization of Boy Scout Troop 112 will be the subject of a meeting at 8:00 p.m. Wednesday in Holy Angels School Hall. All men of the parish who have boys ages 11 through 13 and are interested in forming the troop are asked to attend. Anyone else interested in scouting also is invited to attend.

The proposed troop will be sponsored by the Holy Name Society of the parish. A representative of the Valley Council will be present.

The Annual Meeting of the Appleton Conference of the Northern Wisconsin District of The American Lutheran Church was held at Christus Lutheran Church, Clintonville. From left, discussing the program, are Dr. Kenneth Priebe, American Lutheran Church director of stewardship, Minneapolis, the Rev.

John Schultz of the Youth Department of The American Lutheran Church; the Rev. Ralph Hanusa, host pastor; the Rev. Kenneth Roufs, Iola, outgoing chairman, and the Rev. John Friedli, New London, treasurer. (Laib Photo)

Council Adopts New Ordinance At New London

Disorderly Conduct, Weapons Statutes Brought Up to Date

NEW LONDON — The New London City Council Tuesday night passed an orderly conduct ordinance.

The ordinance will update laws dealing with disorderly conduct, disturbances and weapons.

Coal bids for city hall were awarded to the New London Coal Co. at \$15.55 a ton for about 60 tons of coal.

Purchase of a new tank for hauling sludge from the sewage plant was approved by the council. Ray Pelishek, director of public works, was authorized to buy the four by 11 tank which will hold 1,000 gallons.

Filtering System
The council approved a motion to replace the filtering system in the municipal pool. Ald. Fred Noack (3rd) said he estimated the entire program would cost about \$1,500.

Harry S. Emans was reappointed to the Utility Commission. Emans' term was to expire in September.

A report from pool director, John Raess, showed 16,553 people had used the swimming pool during the season.

The swimming report also showed 2,990 swimming lessons had been conducted and 176 people had passed various swim tests.

Stories 'Unfair'

Ald. Jerome Zaig (1st) stated that newspaper articles relating to the public health nurse were unfair to the other members of the council.

Zaig stated the article gave the impression that the other council members were opposed to Ald. Mrs. Grace Stern which is not the case.

Mrs. Stern, chairman of the board of health committee, brought the matter of hiring a public health nurse before the council and had been given permission to contact school authorities on the matter. She had done this by herself, and that was the point of the Post-Crescent articles.

Membership Tea Given by New London Hospital Auxiliary

NEW LONDON—New London Community Hospital Auxiliary held a membership tea Monday in the Rainbow Supper Club.

Mrs. Robert L. Jones, Green Bay, State President of the Wisconsin Hospital Auxiliary Association, and Mrs. M. G. Eberlein, Shawano, area chairman, addressed the local chapter.

Mrs. J. Weber said the auxiliary needed workers for the hospital gift shop. Mrs. Robert Gabriel, chairman, said the gift shop had added candles to the variety of items available.

The auxiliary will be host to the North Central Area meeting Oct. 14 in Rainbow Supper Club.

Clintonville School to Recess for Convention

CLINTONVILLE—There will be no school Tuesday at St. Rose Catholic School. The faculty will be attending the annual teachers' convention at Green Bay.

The convention program is aimed at some of the major problems faced by the church today — the Christian outlook on human relations, ecumenism, the catechetical revival, etc.

The Most Rev. Stanislaus V. Bona, Bishop of Green Bay, will be the honored guest at the meeting.

Golf Loop Title Decided at Brillion Course

BRILLION — Twelve teams competed at Deer Run Golf Course in the Brillion Iron Works league this summer with one, consisting of John Haun, Lynn Kirby and Don Hepler taking first place.

Second place went to Ray Kleiber, Gene Draheim, Jim Pahl and Don Best. Third place team members were Dick Larson, Willis Scharf and Carl Miller.

Larson had the low gross score of 39 during the season. Bob Ruppenthal had a low net score of 30. Low net team score of 67 was shot by Virgil Stever and Merrill Vanderhoof.

The Iron Works golf jamboree will be Saturday, at Deer Run. Tee-off time is from 10 a.m. to 2 p.m.

Trophies for league winners will be presented.

Bible School Rally Slated At Clintonville

CLINTONVILLE — Sunday School Rally Day will be held at St. Martin Lutheran Church Sunday.

Members of nursery class, kindergarten and first, second and third grades of the Sunday school will sing at the 8:45 a.m. service.

At 10 a.m. there will be a short service in the St. Martin gym for all members of the Sunday school. After the service parents and friends may visit various classes, meet teachers and see the classes in session.

The fourth, fifth, sixth, seventh and eighth grade Sunday school children will sing in the 11 a.m. service.

During the 10 a.m. session, attendance certificates will be awarded.

Cancer Drive Nets \$5,584 in Shawano County

WITTENBERG — Contributions to the 1964 Cancer Drive in Shawano County totaled \$5,584.88, exceeding the \$4,700 quota for the year. A breakdown of contributions by community shows:

Villages — Wittenberg, \$203; Birmamwood, \$123; Bowler, \$93; Caroline, \$48; Cecil, \$85; Tiger-ton, \$198; Tilleda, \$8; Mattoon, \$61; Gresham, \$82; Eland, \$20 and Bonduel, \$325.

Townships — Almon, \$30; Argelica, \$132; Aniwa, \$31; Bartelme, \$28; Belle Plaine, \$117; Germania, \$43; Green Valley, \$169; Hartland, \$124; Herman, \$144; Hutchins, \$54; Lessor, \$140; Maple Grove, \$214; Morris, \$111; Navarino, \$75; Pella, \$153; Red Springs, \$56; Richmond, \$130; Seneca, \$54; Washington, \$144; Waukechon, \$82; Wescott, \$309 and Wittenberg, \$117. City of Shawano collections totaled \$1,596 and memorial bequests amounted to \$132. A carryover amount from 1963 was \$89.

Open House Planned For New London PTA

NEW LONDON — The first meeting of the New London School District Parents-Teachers Association will be held Monday at the new Sugar Bush School.

An open house will follow the meeting. Mrs. Ned Demming said the open house was scheduled for parents who were unable to attend the earlier inspection of the new school.

Rexford PTA Meeting

CLINTONVILLE — The first meeting of the Rexford PTA will be Oct. 5. In the group's original schedule, the first meeting was slated for tonight.

Clintonville Model Is Best of Show

CLINTONVILLE — Norm Erickson was awarded a trophy for his 1930 Model A Ford roadster for "best of show" and best of its class Sunday at a Model A trophy meet at Lake Geneva.

There were approximately 75 1928 - 31 cars registered. They were judged as to their originality and their condition of restoration. There were about 20 judging categories on each car for a possible 600 points. Erickson's car earned 562 points, making it "best of show," was best of its class, and won a trophy for best of open class.

The trophy meet covered about three regions with cars present from California, Canada, Indiana, Illinois, Minnesota, South Dakota, Iowa and Wisconsin.

At a similar meet in July at Waupaca, Erickson's car took first place and was voted "most desired car."

Erickson has owned this car since 1961, after trying to buy it since about 1944. The car came from his home town of Sparta.

List Program For Retarded

Clintonville Women Hear of Activities, Special Classes

CLINTONVILLE — Programs for retarded children were outlined by a panel of members of the Clintonville Association for Retarded Children at the meeting of the Clintonville Junior Woman's Club Monday night at the senior high school.

Mrs. Violet Viitanen, Mrs. Tony Buhr and Miss Verna Schoepke spoke of various phases of the retarded children. Mrs. Viitanen described the organization on city, county, state and national levels; Mrs. Buhr presented the parents' viewpoint, and Miss Schoepke gave the teacher's viewpoint in regards to the retarded children.

Following the panel's presentation, a record, "The Voice of Saint Colette," was heard which was made at the School for Retarded Children, Jefferson.

During the club's business meeting, a system was adopted in which members will be given points for their club work and the outstanding club woman will be named at the end of the year.

Various fund raising projects were discussed but no action was taken. Announcement was made that the fall conference will be Nov. 14 at Shawano and members who would like to attend may make reservations at the Oct. 12 club meeting.

Brillion Churchwomen Work on Gift Items

BRILLION — The Women's Evening Circle of Emmanuel Evangelical United Brethren Church is working on gift items to be sold at the November church bazaar.

Mrs. Robert Rowland and Mrs. Richard Hogstad presented the program "Church Association Vocations" at the work session.

It was decided that a committee will be chosen from both the afternoon and evening circles to select title and carpeting for the new EUB church which is now under construction.

Conservation Club

AMHERST — The first fall meeting of the Tomorrow River Conservation Club will be held on Monday evening, in the Amherst Community Hall. A movie will be shown, in addition to reports on the Portage County Fair refreshment stand project and the pheasant program sponsored by the club.

Award Pacts for Pump House

Bids at Chilton Total \$17,104 For Work at Well

CHILTON — Contracts totaling \$17,104 for a new pump house and related equipment were awarded Tuesday night by the city council.

Parsons Brothers Construction, Chilton, was awarded the \$11,460 general construction contract for the 24 by 14-foot brick face building for the new Webster-Douglas Street well.

Contract for the water lubricated turbine 300 gallon per minute capacity pump was given to Mileager Well Co., Milwaukee, with a low bid of \$3,964.

The electrical work for the building and pump was awarded to Household Utilities, Kiel, for \$1,680.

Well Cost \$43,000

Water from the well will be pumped through the Pennsylvania-E. Main Street No. 1 pumping station where the equipment and softening materials are available. The No. 1 well was shut off three years ago when it was contaminated by gasoline.

With the \$17,104 let in contract Tuesday night the total for the well thus far, including \$2,500 for the lot will total about \$43,000 for the 200-gallon per minute capacity well.

This does not include money spent on existing facilities at the No. 1 well.

The water department will have to borrow more than \$25,000 to complete the year. Plans for the borrowing will be submitted to the council at the Oct. 6 meeting.

Campfire Girls Pick United Fund Chilton Member

CHILTON — James Pfeffer, vice chairman of the Chilton Campfire Girl association has been named to serve on the United Fund Drive board of directors to represent the Camp Fire group.

Other committee appointments approved by the Campfire board of directors were Mrs. Rueben Guenther, Pfeffer, Mrs. Clifford Schaub and J. E. Sohrweide, budget; Mrs. C. E. McNeely and Mrs. Arthur Pohland, carolling party; Pfeffer, Mrs. William D. Engler Sr. and Mrs. Arno Sohrweide, auditing.

Other committees will be Mrs. C. J. Weber, Mrs. James Steenport and the Rev. Quentin Moeschberger, nominations; Mrs. Bernard Schomisch, Mrs. Arvin Courtice and Mrs. Sohrweide, leaders' banquet, and Mrs. F. J. Schmieder, Mrs. Miles Agee, Mrs. Jack Ware and Earl Pfeffer, grand council fire.

School Auxiliary Plans Luncheon

CLINTONVILLE — The St. Martin Lutheran School Auxiliary, at its meeting Monday night, discussed plans to serve a luncheon Oct. 20 at the fall rally of the Lutheran Women's Missionary League. Mrs. Herman Gluth was named chairman with Mrs. Melvin Hangartner as vice chairman.

The auxiliary voted to purchase two film strips for the school. New project committee members are Mrs. Jack McConley, Mrs. Verlyn Kortbein and Mrs. William Ebert.

The Rev. William Christian gave a talk to the group on "Jesus, The Teacher."

Lunch was served by Mrs. Clarence Wisniefke, Mrs. Harvey Wisniefke, Mrs. Lester Zimmerman, and Mrs. DeLail Alft.

Governor to View Outagamie Port

Will Make First Landing at New Facility During State Tour

Gov. John Reynolds will fly to Appleton Tuesday, making the first official landing at the new Outagamie County Airport. County officials were notified by the Wisconsin Aeronautics Commission today that the governor intends to inspect eight ports in the state where applications for state and federal grants are pending.

Outagamie County's new jet airport is in the process of being constructed in the Town of Greenville. One runway already is paved.

T. J. Jordan, State Aeronautics director, informed county officials Reynolds will arrive at the port at 3:35 p.m. and spend a half hour being briefed on the new facility.

Asks Information

The governor has requested county officials to supply him with information and data to back up their applications for state-federal funds for the multi-million dollar project.

Accompanying Reynolds will be the members of the commission and two staff members.

A delegation of county officials, headed by County Board Chairman Alvin Fulmer, will greet the governor.

Outagamie County's application for aid will come up for final action by the Aeronautics Commission the week following Reynolds' inspection trip.

Other airports on the governor's airlift include those at Oshkosh, Manitowoc, Sheboygan, Milwaukee, Kenosha, Janesville and Madison.

Expressway Details Asked Outagamie Board Wants Explanation Before Survey Vote

Explanation of the proposed Fox Cities expressway system by a member of the Fox Valley Regional Planning Commission has been requested by members of the Outagamie County Board.

The board was asked Tuesday to place \$9,500 in its 1965 budget to prepare a survey of the expressway route. Total cost of the project is estimated at \$18,000.

It has been approved by city councils of Appleton and Kaukauna.

Supervisors withheld discussion on the proposed funding until the planner's presentation during the October board meeting.

In another action, supervisors approved a recommendation to the State Highway Department that an interchange be constructed at U. S. 41 and W. College Avenue "as soon as possible." The interchange had been recommended by the Appleton City Council and had been sent to the county board for its approval.

Social Security Office Announces Program Services

Organizations planning their winter meeting programs have materials and speakers available to them from the Appleton Social Security office, Frank Donnack, district manager, has announced.

Offered are: speaker service, with three representatives in the Appleton office available to groups for talks; a number of 16 mm sound movies for loan, and pamphlet material for group discussion.

All the services are available seven days a week, day or evening, at no cost, Donnack said. Arrangements can be made by contacting Social Security Administration, 401 S. Elm St.

Port Land Lease Rights Approved

Two committees of the Outagamie County board have the approval of supervisors to act as leasing agents for farm and grazing land at the new Outagamie County airport.

Corporation Counsel A. W. Ponath requested that the county's insurance and property committee and the airport committee have blanket permission to approve the lease agreements. He said requests for leases should be acted upon "as quickly as possible" and that to wait for a monthly meeting of the supervisors necessitated a delay in arrangements.

Dean Lewis in Charge Of Testimonial Tickets

Dean Lewis, Appleton, is chairman for tickets to the testimonial dinner for Gov. John Reynolds at which vice presidential candidate Hubert Humphrey will speak in Milwaukee Oct. 15.

The testimonial for Reynolds and to gain campaign funds will begin at 6:30 p.m. in the Milwaukee Auditorium.

State Bankers 3 E. 1st St. The 18th annual junior bankers' conference of the Wisconsin Bankers Association will be Wednesday and Thursday at the Park Motor Inn, Madison.

Robert R. Paunack, Madison, WBA president, will open the first business session at 9 a.m. Thursday. Robert J. Nickodem, Sheboygan, is conference chairman.

A preconference party will be held Wednesday evening in the Jan's Madison Room.

Warnings on Spider Not Directed at State Residents, Report Says

Warnings of the American Medical Association and the National Pest Control Association on a venomous spider species known as the "brown recluse" apparently were not directed to Wisconsin residents.

A recent issue of the AMA Journal had an article devoted to explaining the potential dangers of a bite by one of these small spiders—less than a half inch long, with distinctive violin-shaped markings on forward portions of their bodies.

A check with Fox Cities exterminators indicated the species—*Loxosceles reclusa*—has not been known in this part of the nation. It is found mainly in southern and southwest states, including Missouri and Oklahoma. Relative species are found in the East and Far West, according to the NPCA organization.

Joint Meeting Set by Sanatorium Groups

An annual joint meeting of Wisconsin Sanatorium Trustees and Wisconsin Sanatorium Superintendents associations will be held at Stevens Point Friday and Saturday.

River Pines Sanatorium will be host for the two-day meeting with national and state speakers scheduled in the program.

To Convene in Appleton To Convene in Appleton

Appleton has been selected as the site of the 1964 Wisconsin Apple Growers Convention, Dec. 2 through 4, according to Arliss French, chairman of the Appleton Chamber of Commerce's special committee working with the Wisconsin State Department of Agriculture and the Wisconsin Apple Institute in handling the local promotional activities.

The week of Nov. 30 through Dec. 5 officially will be declared "Apple-Town Week," in conjunction with the convention. The annual meetings of the Wisconsin Apple Institute and the Wisconsin Horticulture Society will also be held during that period.

Local service clubs will be featuring programs about the apple industry during the week. Other promotional activities will involve retail food stores, banks, restaurants, bakeries and other retail groups.

Working with the local chamber committee are Harvey J. Weavers, executive secretary, Wisconsin Apple Institute, Madison, and William T. Reese and Marlon L. Schwieler of the Wisconsin Department of Agriculture.

A meeting of the group has been set to complete arrangements for Sept. 23 at the civic center of the Outagamie County Bank.

Vocations Directors From 4 Dioceses to Meet at Elkhart Lake

ELKHART LAKE, Wis. — Vocations directors from four dioceses in Wisconsin will participate in seminars on vocations programs for the elementary, high school and college levels during the annual Wisconsin Serra Conference here Sept. 25 and 26.

The conference for members of the 18 Serra Clubs in the state will formally open at 11 a.m., Sept. 25, with Auxiliary Bishop Roman R. Atkielski of the Milwaukee Archdiocese celebrating a pontifical low mass. Father Leon Tice, Wisconsin Rapids, will preach.

The Rt. Rev. Orville Grieser, Brillion, will be among speakers at the conference.

Gerald Randerson, Appleton, deputy governor for the 14th district, will serve as moderator for a seminar Sept. 25.

San Francisco's Cable Cars Out of Service

SAN FRANCISCO (AP) — The cable cars won't be chasing up and down San Francisco's

hills between next Dec. 15 and Jan. 15. The Public Utilities Commission has ordered a month-long shutdown to install new equipment.

Mequon Girl Wins Stock Show Top Prize With Angus Named Casey

Chilton FFA Sweeps Honors in Judging At 20th Annual Northeast Wisconsin Event

BY RAY PAGEL
DE PERE — A trim young lady from Mequon filled her brother's shoes Tuesday at the Northeast Wisconsin Junior Livestock Exposition. Jeanne Pipkorn, 17, had the grand championship steer award when the judging was completed at the Brown County Fairgrounds. Her entry was an Angus summer yearling named Casey.

Last year it was her brother, Howard, then 19, who won the grand championship. Jeanne had her closest competition from Tom Vinz, a 12-year-old grade school student who lives at Dalton, Green Lake County. Tom's shorthorn senior calf won reserve honors for second best.

Young men won the two other grand awards at the 20th anniversary event, but one of them had to beat his sister to do it.

Barrow Championship
Tom Paider, 17, Denmark, in Kewaunee County, captured the barrow championship. His sister, Rose Mary, 19, took reserve honors. Tom showed a Duroc; Rose Mary had a crossbred entry.

The lamb championship went to Steven Heise, 15-year-old Lena area youth, showing a Hampshire. A crossbred took reserve honors for Judy LeFevre, 17, Casco.

All of the animals in the show, totaling some 550 head, were scheduled for the auction sale today.

Kristine Ann Boogaard, 17, Seymour, was the winner of the Green Bay Press-Gazette scholarship for \$150.

Livestock Project
Miss Boogaard was chosen on the basis of her livestock project record, and recommendation from her 4-H club leader. She is a senior at Seymour High School and is aiming for a nursing career, possibly in the Navy medical corps.

This was Kristine Anne's fourth year at the show. She has won numerous ribbons at the event, as well as at the Outagamie County Fair. She is a member of Wild Grove 4-H Club. The Chilton High School Future Farmers of America judging team walked away with honors in the judging contest with 34 other teams.

Other teams receiving superior ratings were Plymouth, Mar- kasan, Casco, Manitowoc, Berlin, Preble and Omro. "Good" ratings went to Luxemburg, Elkhart Lake, Mishicot, Algoma, DePere, Kiel, Wrights-

town, Shiocton, Freedom, New London, Brillion, Fish Creek, Oconto Falls, Manawa, Suring, Hortonville, Oshkosh, Sheboygan Falls and New Holstein.

Beef Showmanship honors went for the third straight year to Beverly Boehlke, 17, of Mequon.

This was the fifth year for Steve Heise, winner of the lamb championship.

Lamb Contest
Roy Kalmerton, Sheboygan Falls, was announced as first place winner in the quality

lamb contest. In this event the entries are judged on the hoof, slaughtered and judged again. It is one of the top educational events of a show, since it gives meat market evidence of meat quality.

Jeff Heise, Lena, a brother of Steve, placed second in quality lamb. Other placings were Michael Klann, Reedsville, third; Ann Dee Hamm, Ripon, fourth; Tom Hamm, Waupaca, fifth; Jack Hamm, a brother, sixth; James Hamm, another brother, seventh; Judy LeFevre, Casco, eighth; Rose Van Rossum, rural Kaukauna (Brown County), ninth, and Gary Schussman, Malone, 10th.

Buchanan's Value Increases \$73,802

Residential Land Pushes Assessed Worth to \$2,953,345 for 1964

DARBOY — Residential land value increases have pushed the assessed valuation of Town of Buchanan to a new high of \$2,953,345.

The increase, \$73,802 over last year's total, was reported by Donald Gerhart, assessor.

Residential land and improvements are valued at \$1,218,000 compared to \$1,168,700 last year. Residential land value was set at \$111,700 for a \$6,300 increase. Residential improvements were increased \$43,000 from \$1,063,300.

These increases are due to continued expansion in the Darboy village area and portions of the township bordering the Fox Cities. Two new schools have been built on Appleton land bordering the township and may spur further residential development in coming years.

Stock Values
Major farm stock values dropped, giving further impetus to the residential — trend of the township. Valuation of cattle dropped \$1,215 from \$201,710. Sheep increased \$270 from \$90. Pigs dropped \$80 from \$250, and chicken and poultry increased \$2,362 from \$1,288.

Total increase in valuation for real estate is \$72,100 from \$2,607,700.

Valuation of merchants stock decreased \$3,500 from \$6,200. An increase of \$2,700 was noted in

machines, tools and patterns from \$50,550 to \$53,250. Furniture, fixtures and equipment showed an increase of \$1,665 from \$7,155. Valuation of other personal property, not exempt, decreased \$500 from \$4,600.

Mercantile Land
Mercantile land and improvements this year were assessed at \$65,400 a decrease of \$2,600 from last year. Lands are valued at \$4,300 a decrease of \$2,100. Improvements are valued at \$61,000, a decrease of \$500.

Manufacturing lands and improvements were valued at \$3,200, down \$300 with all of the drop in land values. Manufacturing improvements remained the same at \$2,000.

Agricultural lands and improvements increased \$32,500 from \$1,254,400 to \$1,286,900. Land value increased \$2,600 from \$819,800. Improvements increased \$29,900 from \$434,800 to \$464,500.

Total Valuation
Swamp and waste lands are assessed at \$106,300, down \$6,800.

Total assessed value for all lands amounts to \$1,045,900, a decrease of \$300. Total assessed value of improvements is \$1,633,900, an increase of \$72,400.

Campaigning for School office is in full swing at Clintonville Senior High School. Two candidates for sophomore class office put up a campaign poster. Sue Ann Lauer, left, is running for class president and Sally Laib is a candidate for secretary. (Laib Photo)

Outagamie Board OKs Buying Access to Wolf

5.45-Acre Property Has Frontage on River of 1,250 Feet; Will Cost \$5,000

Outagamie County supervisors Tuesday approved purchase of another plot of land for Wolf River access at a cost of more than \$5,000.

The 5.45 acres owned by Mrs. Alvena Koepke, route 1, Shiocton, has 1,250 feet of river frontage. Price of the land is \$1,000 an acre. The Wisconsin Conservation Commission will share 50 per cent of the cost.

Mark Catlin, chairman of the airport committee, asked how the valuation was arrived at and if the land acquisition committee had considered action pending on airport land prices.

The county is paying \$400 an acre for agriculture land not bordering on roads, he said, and \$500 an acre for good farm land as a maximum. He said the \$1,000 an acre figure may reflect on land claims.

George Kroes, Vandenberg chairman and on the land acquisition committee, said he didn't think it was fair to compare river frontage to farm

Portage County had requested Outagamie supervisors' approval of a resolution favoring the present system of electing supervisors.

Eugene F. Kloes, 4th Ward Appleton, recommended that a motion to adopt the resolution be amended and that the request be placed on file.

"You want to wait until after election and get new faces on the board?" Clarence Miller, 9th Ward Appleton, said.

Kloes said the resolution should be discussed with standing committees and the county possibly come up with its own suggestions. Since the issue already is in the courts, he said, let's wait and see what happens.

Three rentals of land and homes on airport land were approved and a parcel of land at the intersection of U. S. 10 and State 76 in the town of Grand Chute was rezoned from agricultural to light industry.

Police Shoot Pigeons On Formal Complaints

CRANFORD, N.J. (AP) — If you sign a formal complaint against a pigeon in this town, the police will go out and shoot him, but not before.

Along with the complaint, Gill says, the citizens must sign a release absolving the municipality from any damages incurred during the shooting.

Funeral Rites Set for Clintonville Barkeeper
CLINTONVILLE — Funeral services for John Gough, 52, owner of Johnny's Bar, 159 Main St., will be at 10 a.m. Friday in St. Rose Catholic Church.

Gough, who had been in the tavern business several years and was active in the American Legion, died Tuesday in Wood Hospital.

He owned and flew his own airplane, and when he was an unsuccessful candidate for sheriff of Waupaca County a number of years ago, he "campaigning" from his plane.

Survivors include the widow, four brothers and two sisters. Friends may call at the Heuer and Sievers Funeral Home after noon Thursday.

Land Buys Completed
St. Elizabeth Will Use Property for Hospital Parking

St. Elizabeth Hospital has completed purchase of a strip of land south of the hospital between S. Oneida and S. Madison streets.

The land, about 130 by 625 feet, will be used for parking and to provide an exit to the southeast of the hospital on Madison Street after the current \$7 million construction program is completed, according to Charles Paul, assistant administrator.

Three houses on S. Oneida Street to the south of the hospital building were razed Monday and today. The houses were acquired by the hospital in late June.

When construction of the new east and south wings is completed in about two years, there will be one-way traffic to the south of the hospital, with visitors entering the hospital grounds from S. Oneida Street and leaving on S. Madison Street.

The parking lot planned to the south of the building will be used by visitors and outpatients. One other building on the strip of land, a house on Ramble Court, eventually will be sold for removal. The house presently is occupied.

Board Studies School Tax

CONTINUED FROM PAGE 1

chairman, argued the resolution introduced would prohibit the county from ever paying its share of the school loan. He said the wording was too final.

Catlin argued it was not and the county could negotiate an agreement with the district any time it wanted to.

Alvin Fulcer, county board chairman, commented the whole discussion had become too confused and recommended the resolution and the school situation be referred to the executive committee and two separate resolutions be drawn up — one to cover the school loan, the other to cover the county stand on tax payments.

THE DAILY and SUNDAY POST-CRESCENT

Now Confident, Charlie swings into a turn. Explaining the grim look, the reporter said, "a Honda was chasing me." (R. R. Riopelle Photo)

Cycling Charlie Suddenly Friend Of Children, Nemesis of Fathers

BY CHARLES HOUSE
Post-Crescent Staff Writer

One day our doorbell rang at 6:00 a.m. I staggered to the door and framed some hyperbolic sentences which I meant to present to anyone who would wake me so early.

House

But our visitor was a little girl, a neighbor who is seven years old.

She smiled brightly. "Are you giving rides on your motorcycle today?" she asked.

It turned out that I was — much, much later, but the incident is an example of some of the strange things which happen to people who have motorcycles.

Every day in the neighborhood is now a bum. Not me, though. I have a motorcycle and I give rides. It is as simple as that.

Although my little, bright red vehicle is not yet equipped with a "buddy seat," I can add a

Last of a Series

youngster or adult passenger easily on the long saddle.

Rides Days

On the days when I do "give rides," as the local children say, the waiting line is endless.

One Saturday afternoon I wheeled to the home of 2 youngsters I had promised a ride. Together we chugged about a mile. When we returned there were six more neighborhood children gathered. With each new ride, more kids came. I was late for dinner that night.

For two weeks I have employed the lightweight, 103-pound continental Harley for my every transportation need. To cover nearly 500 miles it has consumed three gallons of gasoline.

The cost of the lightweight is minimal, and the upkeep is less. This may be one reason for the surging popularity of the motorcycle, now that it has lost its "wild ones" stigma. Social acceptance is an accomplished fact.

Jibes Fade Fast

A few friends first joked at me with such witticisms as: "Where's your black leather jacket?" but such jibes are usually followed in due time with a request for a ride.

One greying fellow visited to check out the rumor I had a motorcycle. After chiding me for a time, he asked if he could try it out. I gave him the elements of operation in a few minutes and he scooted off. I didn't see him nor my motorcycle for five hours. When he did return, he had added 82 miles to the speedometer reading.

"Couldn't help it," he said. "I just wanted to keep going." Becoming serious, he offered to

pay for the gas he had "burned up." He was astounded when I told him what it cost to go that far — 15 cents.

I discovered too, in a very short time, that girls turned to look at me as I chugged past (first time, ever). The sound seemed to be a kind of siren call to the younger ladies, though I found the engine's exhaust evoked no special interest among my peers and contemporaries.

Teen-aged boys in my neighborhood found me ever so much more interesting than I have been heretofore, and two of offered to cut my lawn in payment for a ride "just down the block."

Law Controls

The laws for the motorcyclist are as stringent as are those for the automobilist. There are penalties for unnecessary noise and disturbing the peace. However, a youngster who has his "beginners" driving license may ride a motorcycle and is not obliged to be accompanied by an older person. Thus the most youthful age for the motorcyclist on public roads is 16.

One question of concern to parents and youngsters alike is the motorcycle accident ratio. Statistics on bicycle accidents are not kept separately so exact frequency is obscure. However, the Appleton police officers who drive both the solo motorcycles and the three wheelers average about one minor accident per year and cover about 50 miles a day.

For a year's time and a total of 1,400,000 miles, including operation in the worst weather conditions, the record for safety is extraordinary. It must be pointed out, however, that the police cruise carefully, rarely bringing their motorcycles to full speed.

It is a curbside guess that the average motorcyclist would require many years to put almost a million and a half miles behind him.

Motorcyclists claim another virtue for their machines, that the vehicles are much more maneuverable than automobiles and some accidents can be escaped by apt steering (which seems true to the writer).

In any event, the new and growing enthusiasm for the motorcycle is astounding.

President Johnson Reacts to remarks made by astronauts Virgil I. Grissom and John W. Young (in spacecraft simulator) when they asked why Leroy Gordon Cooper, left, was traveling in such high company. Cooper flew to Cape Kennedy with the President Tuesday. (AP Wirephoto)

UAW Sets Deadline In Talks With Ford

Continued from Page 1

notice Tuesday that some 7,000 salaried office and engineering personnel represented by the union would walk out on Chrysler Friday at 10 a.m. unless agreement came by then on a new national contract for them.

One union source conceded "we have only three-fifths of a national agreement at Chrysler, but it covers the vast majority."

The UAW has some 67,000 members employed in production, maintenance and parts at Chrysler. Most office and engineering personnel is concentrated

Shop Unions Talk of Strike

Continued from Page 1

ment and operations that sharply cut railroad employment have been a source of labor friction in the industry for years.

The emergency board recommended a five-year guarantee of present pay to any shop employee whose wages are reduced and five-year guarantee of 60 per cent of monthly wages for any man who loses his job.

A ban on any strike that automatically went into effect when the President appointed the emergency board expired last week.

This is similar to the situation last April when all strike-delaying measures under the Railway Labor Act had expired and Johnson asked five train operating unions to sit down voluntarily with government mediators in the White House. That dispute was settled April 22 after 13 straight days of virtually round-the-clock talks.

The six shop unions involved in the current dispute are the Sheet Metal Workers, International Brotherhood of Boiler Makers, International Association of Machinists, Brotherhood of Railway Carmen, International Brotherhood of Electrical Workers and International Brotherhood of Firemen and Oilers.

Madison Hotel Robbers Enter Plea of Guilty

MADISON (AP) — Two men charged with armed robbery in the \$3,105 holdup of the Edgewater Hotel Tuesday have pleaded guilty. A third man, also charged, asked for a mental examination.

Dane County Judge William L. Buenzli ordered John R. Jacobs, 30, Madison, and Jerome A. Malinski, 21, no permanent address, held for sentencing. Richard M. Eickhoff, 36, Madison, asked for a mental examination. The court entered an innocent plea for him.

The men were in court late Tuesday. Two of them had been captured by police shortly after the holdup and a third was arrested at the home of a woman friend. All but \$200 of the loot was recovered.

Woodworkers Ratify New Work Contract In Forest County

LAONA (AP) — Members of the International Woodworkers local in this Forest County town ratified a new two-year contract by a 106-25 vote Tuesday night.

Third Judgeship Is Recommended For Wisconsin

MILWAUKEE (AP) — A committee report to the Judicial Conference of the United States has recommended a third federal judgeship for the eastern district of Wisconsin a temporary basis.

U.S. District Judge Kenneth Grubb said Tuesday the proposal will be acted upon Sept. 23 and 24 in Washington. He added that Congress generally follows the recommendation of the conference.

An appointment on a temporary basis means the third judge will be appointed for life. Judge Grubb explained. But in the event of the retirement or death of either Judge Grubb or Judge Robert E. Tahan, the third judge would be the replacement. In these circumstances the eastern again would be left with two federal courts.

Sen. Thurmond Expected to Bolt Democrats

Continued from Page 1

the ads said they were paid for by the South Carolina Republican party.

The Columbia Broadcasting System says Thurmond, 61, has decided to become a Republican because he believes "there should be a realignment in American politics — with all liberals in one party and all the conservatives in the other."

Refuses to Comment

Several sources in South Carolina also say Thurmond will bolt the Democrats.

The senator himself, asked by a Washington reporter for comment, said: "I will neither deny nor confirm any speculation about my statement until I present it to the people of South Carolina on television tomorrow evening."

The South Carolina Republican chairman, J. Drake Edens, had no comment on the reports. Industrialist Roger Milliken of Spartanburg, another GOP leader, said he knew nothing about them.

Thurmond, once governor of South Carolina, ran for the Senate in 1950, but lost to Sen. Olin D. Johnson, a Democrat. In 1954, he ran as an independent against Democratic nominee Edgar A. Brown in the general election and was elected to the Senate by a write-in vote.

Like all the states of the old Confederacy, South Carolina traditionally has been Democratic. It has rejected the party's presidential nominee only twice since the Civil War — in 1948, when Thurmond led the States' Rights revolt against Democrat Harry S. Truman, and in 1952, when Republican Dwight D. Eisenhower defeated Adlai E. Stevenson. Even then South Carolina rejected the Republican presidential electors in favor of an independent slate pledged to Eisenhower.

Thurmond said he voted for Eisenhower in 1952. He won't say how he voted in 1960, when Democrat John F. Kennedy carried the state.

ending a nine-week-old strike at the Conner Lumber and Land Co. hardwood mill.

The mill was scheduled to reopen Wednesday with full production hoped for by the end of the week.

Oliver Rasmussen, the union's Lakes States regional director, said the contract calls for a five cent increase year, four cents in 1965, improvements in the insurance plan and a paid Labor Day holiday.

Violence No Solution To Farmers' Problems, Dairymen Informed

Reynolds Says Only Federal Government
Capable of Dealing With This Situation

BY THE ASSOCIATED PRESS
Gov. John W. Reynolds declared Tuesday that "no solution to the current situation of farm unrest is going to be achieved by the path of violence."
The chief executive said the livestock withholding action of the National Farmers Organization (NFO) is a product of long farm depression that requires federal action and funds.
And he added, "Nothing less than the power of the federal government is capable of dealing with the forces and the scale of problems that beset the small family farmers—or even the community-sized dairy cooperative."

Responsibility Shared

The governor spoke before members of Wisconsin Creameries Association at Stevens Point. He said that many share in the responsibility for the plight of the Wisconsin dairy farmer, but "the federal govern-

ment must bear the major responsibility." He said co-operatives and other processors that process and market the farmer's milk also "have let down the dairy farmers."

There were other developments in connection with the livestock holding action.

A survey of meat packers and chain stores in the Milwaukee area indicated that prices on some meat have gone up since farmers began holding cattle off the market. The situation was not regarded as critical.

\$2,000 Reward

Oscar Mayer & Co., of Madison, issued a statement offering \$2,000 for information leading to the arrest and conviction of persons responsible for the dynamiting of its livestock buying stations at Abbotsford and Medford early Sunday.

At Shawano Tuesday, Ivan Mueller, the cattle trucker whose vehicle ran over and killed two men during an NFO demonstration at Bonduel last

Father, Son Hike In Woods From Georgia to Maine

MILLINOCKET, Maine (AP)—This hike in the woods went from Georgia to Maine, and from March to September along the historic Appalachian Trail.

"We wouldn't want to do it again," said Charles Eversole, 45-year-old retired Navy man who completed the 2,025-mile trip with his son, John, 18. "But it was a wonderful experience—once."

The two bedded down in sleeping bags Tuesday night at Katahdin Stream campsite. With them was the 7-year-old family beagle, Snuffy, who

hiked all the way carrying his own pack.
Eversole's other son Michael, 13, covered most of the trip, but had to halt Sept. 1, and return to school at Denver.
Mrs. Eversole followed the group in the family car, meeting them at camp sites with food and clean clothes.

Experts Lack Word on New Soviet Weapon

CONTINUED FROM PAGE 1

new and significant in the way of weaponry.

There was evidence that defense officials were caught by surprise. Though deeply interested, there was no sign of

anxiety over the reported development.

Experts read carefully the words attributed to Khrushchev in wire service dispatches.

His use of the term "new means of destruction" prompted some experts to suggest that the report weapon did not involve nuclear explosives.

On this ground, they tended to discount the 100-megaton bomb, which is hardly new in Khrushchev's terminology.
The neutron bomb, it was noted, likely would have a relatively short killing range, and thus would not seem to fit Khrushchev's description of the new weapon as capable of annihilating life on earth.
Dangerous to User
As for the cobalt bomb, scientists said such a "dirty" weapon is considered dangerous to the user nation because the heavy radioactivity it would emit likely would be carried around the world on air currents and

deposited on the soil of that nation.
Sen. Richard B. Russell, D-Ga., of the Senate Armed Services Committee, said early this year that both the United States and the Soviet Union are trying to develop a death ray.
He did not go into detail, but the House Appropriations Committee reported in April that "a death ray type of weapon might evolve from laser research."
Laser derives from "light amplification by stimulated emission of radiation," a very intense light beam.
Funds Approved
The committee voted funds to push work on such weapons of the future as death ray and chemical agents that could render persons helpless for short periods of time without causing large numbers of fatalities.
It is no secret that the United

States has been experimenting with and manufacturing various kinds of nerve gases, some of which incapacitate and others that kill.
Pentagon specialists said they are always hearing rumors of Soviet experiments for chemical-biological warfare.
If, as some experts think, Khrushchev was talking about a new weapon of this kind, it would appear he was referring to something lethal and not a paralyzing or incapacitating nerve gas.
But the experts pointed out that the use of such bases or chemical agents carries a danger to the user, as in the case of the cobalt bomb.
They said the user would be in danger of the chemical or germ agents wafting back on his people. Against this there is no defense.

STARTS TOMORROW! PENNEY'S FESTIVAL OF SAVINGS!

Big Birthday

SAVE NOW!

classic
shetlands
and slim
skirts!

\$5 each

Join us in our big happy birthday value fest . . . by scooping up these quality classics at savings to you! Reason Still Sought for Riots Labor Day on Opposite Coasts

BY HUGH MULLIGAN

HAMPTON BEACH, N.H. (AP) — Like stricken Florida resorts recovering from the havoc of Hurricane Dora, the quiet coastal resorts of Hampton Beach, N.H., and Seaside, Ore., were still trying to pick up the pieces a full week after the tumultuous teen-aged riots that roared in and brought out the National Guard over Labor Day weekend.

In both towns on opposite sides of the continent the season was officially over, but its frantic finale would be remembered long after the weathered old beach houses were all shuttered up for the winter and long

after the last hot dog stand and last popcorn shack had surrendered to the thermometer.

Beach Cleanup

Clean-up crews still sifted through the sand for broken bottles and empty beer cans, lethal weapons in the all-night street fighting. Jails and correctional institutions still held a bail-less, baleful few of the hundreds of youngsters arrested for hurling rocks, Molotov cocktails and obscenities at the beleaguered police. And bewildered town fathers and outraged property owners joined parents and psychologists in wondering what exactly had happened and why.

What possessed 10,000 youngsters to descend on Hampton Beach so that they had literally to be beaten back three miles across the border into Massachusetts by club swinging troopers?

What possessed another 1,000, just as frantic and just as lawless, to descend on Seaside in an orgy of riot and ruin?

Are they symptomatic of a deep, lingering sickness in our society?

And why did they happen in Hampton Beach and Seaside, rather than Coney Island or Jones Beach or Laguna or Malibu?

True, both towns had experi-

enced minor disturbances on past Labor Day weekends, but nothing like the frenzied mobs that overran their beaches and streets on that never-to-be-forgotten September Sunday.

Hampton Beach, in particular, seemed like an unpromising spot for a teen-aged rumble. A quiet, middle class family resort consisting mainly of wooden frame Irish boarding houses interspersed with a few good motels and one or two elegantly old-fashioned hotels, the beach was as stodgily puritanical as when its first settlers landed.

No Amusements

A dry town with no amusements and only two movie houses, it pointedly discouraged the beatnik element with stern ordinances against whisky, bikinis, blanket tossing and sleeping on the beach.

Its main attractions were a band shell that offered outdoor concerts four times a day and a massive three-block long casino,

reputedly the largest ballroom in the world, where Louis Armstrong, Sammy Kaye, Lester Lanin and similar attractions appeared regularly and where coats and ties were always required.

"It's incredible how these young hoodlums who don't spend a dollar here all summer can come in and in one night wreck a reputation as a family resort that has taken us 65 years to build," sighed casino owner John Dineen, who in 35 years of running his ballroom has yet to eject a youngster for disorderly conduct. "I think this thing was planned and organized. It was an outside crowd who came here just for kicks. The word was out weeks ago that they planned to burn down the casino. I heard they had signs all up and down the Cape saying, 'Come to Hampton Beach for the big kill at the casino.' A friend of mine got a call from Honolulu asking if the

casino had gone up in flames yet."

Police claim the evidence is mounting that teen-agers flocked to Hampton Beach because the word went out weeks in advance of a big riot on the Sunday before Labor Day. Maine state troopers reportedly confiscated placards advertising the big rumble. Hutch hikers were spotted as far west as Chicago with "Hampton Beach or Bust" on their suitcases.

Supt. Michael Morello of the State Industrial School at Manchester, N.H., where 24 of the out-of-state juvenile offenders were taken on the night of the riot, told of checking in a boy two weeks ago whose "only regret was that he would miss the big kill at Hampton Beach."

Morello, a psychologist, worked until well past dawn interviewing each boy on what had impelled him to come to Hampton Beach and what

forces had driven him into bloody battle with the police.

"It's as intriguing as a prison grape vine," he summed up the interview. "The kids all knew in advance something was going to happen and yet not a one of them could tell you exactly why he was there. It's one thing to conclude that conduct of this sort represents a complete break down of law and order among our youth, a complete lack of respect for the local police and all authority but the question I would like to see answered is: Where were the parents of these 15 and 16-year-olds when they were tearing up the beach? What sort of a mother lets her teen-ager go away to a seaside cottage with a few friends for a weekend? These are not responsible adults. They are children and should be supervised as such."

In preparation for the Labor

Day weekend, Hampton Beach had strengthened its 43-man police force with 60 additional officers from surrounding towns and had removed waste baskets and wooden benches from the beach to prevent fires. As the riot increased in tempo, the state police moved into the area with riot guns, then troopers from Maine helped out, and finally the National Guard.

"I don't really know how well planned it was, remarked Lt. Paul Leavitt of the town police force, "but all I know is that at the magical hour of eight everything blew sky high. A mob of kids rallied around a flag stolen from a golf course and came surging down the street. We confiscated four walkie-talkies, from the crowd but didn't monitor any messages indicating that there were any organized commands being issued."
